Request for Proposals
Consultant Services – Superintendent Search

The Wachusett Regional School Committee requests sealed proposals with separately sealed pricing bids to purchase consulting services to assist the Wachusett Regional School District in conducting a superintendent search. The District intends to conduct a thorough search to have a new superintendent selected to begin working on July 1, 2022.

Daniel Deedy, Chief Procurement Officer, will receive sealed technical proposals including separately sealed pricing bids at the Business Office of the Wachusett Regional School District until 11:00 AM on Friday, November 12, 2021. This is not a public bid opening. Specifications may be obtained at the Business Office by calling (508) 829-1670 x 224, or by email by contacting Daniel_Deedy @wrsd.net.

The District shall award the contract to the bidder with the most advantageous offer based on required comparative judgments of factors in addition to price. The District will notify all respondents in writing of decision(s). The District reserves the right to reject any and all proposals, wholly or in part, or to accept any proposal even if the proposal is not the lowest cost, if it is deemed to be in the best interest of the Wachusett Regional School District. The District also reserves the right to waive informalities deemed inconsequential and to make awards in a manner deemed to be in the District's best interest.
