Our mission is to be a community of learners in which individuals reach their maximum potential intellectually, socially, emotionally and physically.

August 27, 2011

Dear Parents/Guardians of Third-Fifth Graders:

As you are aware, Thomas Prince School is being renovated as part of the Green Repair Program. The renovation involved window replacement. In preparing for this replacement, tests detected unacceptable levels of PCBs in the window caulking in parts of the building built in the 1960s. In conjunction with the EPA and environmental consultants, the District and the Town of Princeton are working on a plan to remediate the problem and to allow for the education of our students in a safe environment.

Your child and the TPS teachers have been assigned to the Glenwood Elementary School in Rutland. I have enclosed a fact sheet about the school. You and your child are invited to visit Glenwood on Monday, August 29th at 5:00PM for a tour and to see the classrooms.

The first day of school for K-8 Princeton students will begin on Thursday, Sept. 1, 2011. Bus transportation routes will be available late Monday afternoon. We have established a link on the www.wrsd.net website with important information about the issue. It will be a place for you to visit for updated information.

We apologize for the inconvenience this is causing families, but be assured we are keeping the safety and well being of our students in mind. Feel free to call or email me if you have any questions.

Yours truly,

Mary E. Cringan
