Operating Hours

School Hours

Arrival time for all students is from 8:45 to 9:00 AM

Children should not arrive prior to 8:35 AM

School buses will begin unloading at 8:45 AM

Dismissal is at 3:30; we call for dismissal procedures to begin slightly prior to 3:30.

Student Drop Off And Pick Up

Drop off: Student drop off will occur at the front of the school on the circle. Cars should move through the circle in a counter-clock wise direction. You can enter the parking lot via Main Street or Maple Ave/Rutland Heights Road.

Pick-up: Parents are asked to use Rutland Heights Road and park on the designated spots by the athletic fields and playgroup to await pick-up procedures to begin. You will be directed by Naquag staff to drive to the front of the building to pick up your child. Please remain in your vehicle and students will be brought out.

Parent/School Organizations

Parent Teacher Organization (PTO)

Much support has been provided to the teachers and administration through the Naquag PTO, a group of parents, teachers, and members of the Rutland community. Support has come in the form of financial aid and time donated by dedicated volunteers. The Naquag PTO provides 4 financial assistance for enrichment opportunities and additional support toward teachers, classrooms, and our school. Please contact the school office for additional information if interested in becoming a part of this organization.

School Improvement & Modernization Council (SIMCO)

Our SIMCO is formed to establish a process of interaction between the community, teachers, and administration which will enable Naquag to become an environment cognizant of change and the need for continuing improvement. The council meets approximately six times per year at a time determined by the council. Meetings are open and thus will be posted as required. The Naquag PTO holds an election in September to fill parent member vacancies within SIMCO. Councils are required and regulated by Massachusetts Law, and one member of the council serves on the Superintendent's District Council.

The Special Education Parent Advisory Council (SEPAC)

SEPAC is a district-wide group of parents and caregivers of special education students. The council meets throughout the year to provide information and support to each other. SEPAC leaders also meet periodically with district administrators and provide regular reports to the school committee. All parents, guardians, and community members interested in special education are encouraged to attend monthly meetings & events.

The English Learner Parent Advisory Council (ELPAC)

ELPAC is a collaborative group within the WRSD that supports the needs of the Multilingual Learner students and their families. The ELPAC is open to all MLs, community members, and educators. The group meets regularly throughout the school year. Families share their experiences, build community, learn about EL programs in schools, and offer feedback to improve student learning.

Academics

Time on Learning

The Wachusett Regional School District is committed to providing every student with high-quality, equitable instructional time. Teachers design lessons that maximize active learning within the school day, consistent with the Massachusetts Department of Elementary and Secondary Education (DESE) guidelines for minimum instructional hours.

Homework

Homework serves to reinforce classroom learning, build responsibility, and develop independent study skills. Homework is not required for learning. The amount of homework is determined by the teacher but will not exceed the requirements below:

- Frequency and Length:
 - Grades K–2: As needed to practice foundational skills and foster reading habits
 - Grades 3–5: Approximately 30–50 minutes per night
 - Grades 6–8: Approximately 60–80 minutes per night, increasing by grade level
- Student Responsibility: Complete assignments on time and seek help when needed
- Parent Support: Provide a quiet workspace and encourage consistent homework routines

Testing and Assessments

Students participate in local and state assessments as required. These may include:

- Curriculum-Based Measures (CBMs)
- STAR Reading and Math

Massachusetts Comprehensive Assessment System (MCAS)

Assessment data guides instruction and helps identify areas for additional support or enrichment. November 2024’s Ballot Question 2 focused on removing MCAS as a graduation requirement. However, it’s important to clarify that this does not mean the end of MCAS testing in Massachusetts schools. Federal law, the Every Student Succeeds Act (ESSA), requires an English and math test in third through eighth grade and once in high school. These tests are intended to provide data on student achievement, help identify educational disparities, and guide federal and state funding decisions.

Report Cards

Report cards will be distributed three (3) times each year for grades K-5 and four (4) times a year in 6 through 8.

Standards-Based Grading (K-5)

Elementary students (K-5) will be graded on a standards-based report card.

Rating	Description	Notes
3	Proficient	Consistently and independently meets or exceeds grade level standards
2+	Significant Progress - has not reached next level	The + indicator will only be used in Trimesters 2 & 3
2	Progressing Toward Proficiency	Student is making progress toward proficiency
1	Needs Substantial Support	Needs additional support to access grade level standards
NA	Not Assessed	Standard was not covered during the grading period

Traditional Grading (6-8)

Middle School students (6-8) will be graded on a numerical and letter grade format:

A+	97-100	C	73-76
A	93-96	C-	70-72
A-	90-92	D+	67-69
B+	87-89	D	63-66
B	83-86	D-	60-62
B-	80-82	F	Below 60
C+	77-79	Inc	Incomplete

PowerSchool Parent Portal

Parents and students are encouraged to use the PowerSchool Parent Portal

(<https://wrsd.powerschool.com>) to monitor grades, attendance, and report cards. This tool supports timely awareness and helps students take ownership of their learning.

Parent-Teacher Conferences

Conferences provide an opportunity for open dialogue about student progress and goals. Formal conference days are scheduled district-wide in the fall. Parents/guardians are encouraged to reach out to teachers at any time to discuss concerns or request additional meetings.

Additional Information

Interim (Progress) Reports

When necessary, interim reports are issued halfway through each marking period for students in grades 6-8 through PowerSchool only. The purpose of the report is to notify the student and parents of academic progress. However, parents and students are highly encouraged to check PowerSchool weekly to monitor for missing work or low grades.

Incomplete Grades

A student who receives an incomplete (I) in any subject must complete all missing work within a reasonable timeframe set by the teacher, typically within two weeks of the end of the grading period, unless special circumstances apply. Failure to do so may result in a failing grade for that subject.

Middle School Honor Roll

Academic achievement is recognized each term:

- High Honors: All A's in core subjects

Honors: A's and B's in core subjects

Students with incomplete grades are not eligible until grades are finalized

8th Grade Graduation

Grade 8 students must meet the following requirements to participate in end-of-year graduation activities:

- Satisfactory academic performance in all core subjects
- All incomplete work resolved before the end of the school year
- Adherence to school conduct expectations

Students who do not meet academic or behavioral standards may lose the privilege to participate in certain graduation-related events.

Curriculum, Instruction, and MTSS

Curriculum

The Wachusett Regional School District provides a rigorous, standards-based curriculum aligned with the Massachusetts Curriculum Frameworks. Our goal is to ensure all students develop the knowledge, skills, and habits of mind needed to succeed in school and beyond.

Instruction is designed to:

- Meet grade-level standards in English Language Arts, Mathematics, Science, Social Studies, and the Arts
- Foster critical thinking, problem-solving, and effective communication
- Integrate technology to enhance learning
- Provide opportunities for creativity and student choice

Teachers continually review and refine curriculum to reflect current research and best instructional practices.

Instruction

Instruction in WRSD classrooms is designed to:

- Engage students actively in their own learning
- Differentiate lessons to meet diverse learning needs
- Incorporate data from formative and summative assessments to guide teaching decisions
- Promote collaboration, discussion, and real-world application of skills

Family partnership is a vital part of instructional success — parents/guardians are encouraged to communicate regularly with teachers and participate in their child's learning journey.

Curriculum Accommodations

In accordance with Massachusetts regulations, 603 CMR 26.05(1), the Wachusett Regional School District, through its curricula and materials, encourages respect for the human and civil rights of all individuals, regardless of race, color, sex, gender identity, religion, national origin or sexual orientation. In accordance with district guidelines, families may request information from the building principal on available accommodations related to curriculum content.

Multi-Tiered System of Supports (MTSS)

WRSD implements a Multi-Tiered System of Supports (MTSS) to ensure that every student receives the instruction and intervention they need to thrive academically, socially, emotionally, and behaviorally.

Key components of MTSS

- Tier 1: High-quality core instruction and positive school culture for all students.
- Tier 2: Targeted interventions for students needing additional support.
- Tier 3: Intensive individualized interventions for students with significant needs.

Student progress is closely monitored through classroom performance, curriculum-based assessments, and screening tools such as STAR Reading and Math. Teachers and support staff meet regularly in data teams to review progress and adjust support plans as needed.

Family Involvement

Families are informed when additional supports are provided and are encouraged to partner with the school team to reinforce learning at home.

Special Education

Students suspected of having a disability that may impact their ability to make “effective progress” in general education may be referred for a special education evaluation by a school professional or

parent. If someone other than a parent refers the child for evaluation, the parent will be notified of the referral and asked for consent to evaluate.

Evaluation Team Leaders (ETLs) are responsible for the facilitation of the special education referral and evaluation process and serve as a liaison between the parents and the school for special education issues. Students are evaluated in all areas of the “suspected disability” by a team of qualified professionals including the student’s teachers. Parents are important members of the team because they know their children best and can provide important information. The team consists of the ETL, the student’s teacher(s), evaluators, an administrator or someone who can authorize the allocation of services, the parents, a parent advocate at the parent’s discretion and the student (particularly a student 14 years of age or older). The team reviews all assessments and considers information from the student’s teacher(s) and parent(s) to determine a student’s eligibility for special education services. An Individualized Educational Plan (IEP) is developed for students who are found eligible detailing the student’s needs and the services they will be provided, with parental consent, through the special education process. Parents may obtain copies of all evaluation reports by requesting them from the ETL. Parents will be given a copy of Notice of Procedural Safeguards by the ETL of their child’s school, advising them of their rights under state and federal law.

Special Education Services

Districts must provide special education services to *eligible* students ages 3-21.

Eligible students are students aged 3 through age 21 who, because of a disability, are unable to progress effectively in regular education programs and require specialized instruction and/or who require related services to access the general curriculum. A disability shall mean one or more of the following impairments:

- Autism
- Developmental Delay (applies to ages three through nine)
- Intellectual Impairment
- Sensory Impairment
 - Hearing
 - Vision
 - Deaf Blind
- Neurological Impairment
- Emotional Impairment
- Communication Impairment
- Physical Impairment
- Health Impairment
- Specific Learning Disability

Section 504 of the Rehabilitation Act

Section 504 requires that public school districts provide a “free appropriate public education” (FAPE) to each qualified student with a disability who is in the school district’s jurisdiction. Under Section 504, FAPE consists of the provision of regular education or special education and related aids and services designed to meet the student’s individual educational needs. A variety of accommodations and services may be offered in accordance with 504 Accommodation Plans to an eligible student. It is the responsibility of regular education staff and administration to implement those practices and procedures necessary for a school to fulfill the law’s requirements. At each school, the responsibility for ensuring Section 504 compliance rests with the building principal or the principal’s designee.

The 504 Coordinator for the Wachusett Regional School District is:

Director of Student Support
1745 Main Street
Jefferson, MA 01522
(5083) 829-1670 extension 253

Attendance

Students are expected to attend school regularly in order to obtain maximum benefit from their education. There is a clear connection between good attendance, academic success and success after high school (see Attendance Policy). The Wachusett Regional School District closely monitors school attendance and enforces all attendance laws and policies, in accordance with Chapter 76 of the Massachusetts General Laws. The Commonwealth and the District also track and report chronic absenteeism, in accordance with the Every Student Succeeds Act (ESSA).

School attendance prior to age 16 is compulsory. In accordance with M.G.L. c. 76, § 18, the following procedures apply :

- No student 16 through 18 years old will be permitted to withdraw without approval from his/her parent or guardian.
- When students turn 18 years old, they reach the “age of majority,” at which time they may earn the privilege of writing their own excuse notes. Students who abuse this privilege may have it revoked following a parent conference with the assistant principal. Students who receive this permission are responsible for the notes written. Students who have reached the age of majority still will not be dismissed without an appropriate reason.
- Any student 16 years or older who seeks to withdraw from school prior to graduation must obtain a withdrawal form from the school administration. No student shall be considered to have permanently left the school district unless an administrator from the school or school district has sent notice within a period of five (5) days from the student’s tenth (10) consecutive unexcused absence to the student and to the parent or guardian of such student, in both the primary language of such parent or guardian and English, stating that such student and his parent or guardian may meet with the school committee or its designated representatives within ten (10) days after the sending of the notice, prior to the student permanently leaving school, The time for meeting may be extended at the request of the parent or guardian and with consent of the school committee or its designated representatives, provided no extension shall be for longer than fourteen (14) days. Such meetings shall be for the purpose of discussing the reasons for the student permanently leaving school, the consequences of dropping out, the benefits of earning a high school diploma, alternative educational, alternative resources, and/ or other placements.

Daily and punctual attendance is critical to academic success. Students need to be in the classroom to benefit from teacher instruction and from interactions and exchanges of ideas with peers in accordance with Massachusetts General Law Chapter 76, Sec 1. Parents/guardians have the responsibility for ensuring that students attend and remain at school daily. The state of Massachusetts identifies a student as “chronically absent” when they miss 10% or more of the school year (18 days), regardless of whether absences are excused or unexcused. Chronic absenteeism can lead to gaps in learning, reduced academic performance, and difficulties building consistent routines.

When a child is going to be absent, the school district requires the parent/guardian to notify the school to inform them of their child’s absence.

If a student is absent and the school is not notified, the school will call or email the student’s parent/guardian. Therefore, it is important that parents/guardians provide their current contact information to ensure proper notification can be made.

Our Attendance Protocol:

- Punctuality: Students are expected to arrive on time every day. Tardiness can disrupt the learning process and may result in students missing important instructions.
- Absences: If your child is absent, please contact the school by the start of the school day to inform us of the reason for the absence. A note or doctor’s note may be required for extended absences.

- Excessive Absences: After 5 days of absences (whether excused or unexcused), we will reach out to discuss any concerns or potential accommodations to help improve attendance.
- Vacations: We encourage families to schedule vacations during school breaks to avoid missed instruction. If unavoidable, please notify us in advance. Work will not be provided during this time and students will be required to make up missed work upon their return.
- Extended absences for travel are not permitted and students will be considered truant. Truancy may result in the school filing a CRA or 51A for educational neglect.
- Dismissals: Students with planned early dismissals should notify the office in advance. The notice should include planned dismissal time, rationale for dismissal and the name of the adult dismissing the student. Note that dismissals occurring before the midpoint of the day where a student does not return, qualifies as an absence.

Field Trips

Daytime Field Trips

Field trips are scheduled throughout the school year. These are designed to supplement the curriculum and to introduce students to the resources of the region. Parents will receive notices of field trips well in advance of the scheduled trip date and will be asked to sign field trip permission forms. Students who have demonstrated repeated inappropriate behavior may not be allowed to participate. School work will be provided for students who are not participating in a field trip. Parents/guardians may be asked to attend as chaperones, but only if a current CORI is available in the office for each chaperone.

Field Trips Involving Late Night or Overnight Travel

The Wachusett Regional School District encourages field trips, which enhance the students' educational experience.

In accordance with Massachusetts General Laws, Chapter 71, Section 37N, if field trips involve late night or overnight travel, the following must be met:

A. Trip Approval Process:

1. Advance approval by the Superintendent and/or designee will be required for any student trip involving late night or overnight travel (in concurrence with P3321 Policy Relating to Education Field Trips).
2. The approval process will be completed prior to engaging students in fundraising activities or other preparations for the trip.
3. Overnight trips must offer significant educational benefits to students that clearly justify the time and expense of the trip. Such trips must be appropriate for the grade level and must meet Time on Learning requirements of the Massachusetts Department of Education.
4. Teachers and other school staff will be prohibited from soliciting privately run trips through the school system. The trip approval process applies only to school-sanctioned trips; trips will not be approved that are privately organized and run without school sanctioning.
5. Policies and procedures for trip approval will take into account all logistical details involving security arrangements, emergency management and communications protocols, transportation, accommodations, itinerary, fundraising required of students, the educational value of the trip in relation to its costs, and recommendation of the principal.

B. Transportation:

1. The use of vans or private automobiles for trips planned to include late night or overnight student travel should generally be avoided. Should the use of vans be necessary for overnight travel, prior written authorization from the Superintendent and subsequent approval by the School Committee must be obtained. Such trips should generally use commercial motor coaches. No student drivers will be allowed at any time.
2. Trips planned to include late night or overnight student travel will involve pre-trip checks for companies, drivers, and vehicles. Companies must have liability insurance on drivers.
3. School officials will ensure that the selected carrier is licensed for passenger transportation by the Federal Motor Carrier Safety Administration (FMCSA). The District should not contract with

any carrier that has an FMCSA safety rating of “conditional” or “unsatisfactory”.

4. The contract with the carrier must prohibit the use of a subcontractor unless sufficient notice is given to the District to allow for verification of the subcontractor’s qualifications.

C. Trip Scheduling

1. Overnight accommodations will be made in advance with student safety and security in mind. Hiring independent security is recommended when appropriate.
2. Field trips during school time must meet the Massachusetts Department of Education Time on Learning requirements.
3. Trip itineraries must leave enough time for drivers to rest in conformity with federal hour-of-service requirements and common sense. Student vehicular (bus and auto) travel between the hours of midnight and 6:00 AM is prohibited.
4. If substantially all members of a class are participating in a field trip, the school will provide appropriate substitute activities for any students not participating.

D. Fundraising

1. The amount of time to be devoted to fundraising should be reasonable and commensurate with students’ obligations for homework, after-school activities, and jobs.
2. Group fundraising activities are preferred.

E. Student Supervision

1. Students shall be accompanied by a sufficient number of chaperones, taking into account the trip scheduling and logistics. All chaperones, including parents and volunteers, must have a CORI/criminal record check. Faculty and staff of the school will serve as chaperones whenever possible.
2. A chaperone must always be present whenever students are on the bus.
3. All participating students must submit a signed parent/guardian permission form. Such forms shall include eligibility requirements and appropriate authorization for emergency medical care and administration of medication.
4. When away from school, all school rules will apply to the trip.
5. Infringement of rules may result in a student’s immediate expulsion from the trip. In such cases, parents will be financially responsible for transportation home.

(See *WRSD Policy 3321.1*)

Electronic Device Usage and Misuse

Computers

It is the policy of the Wachusett Regional School District that all students will be able to use technology to become lifelong learners. Middle School students are encouraged to bring Chromebooks to school fully charged. Families are encouraged to consider the districts Chromebook insurance protection plan as repairs and replacement costs can be significant.

Technology is available for student academic use under the following guidelines:

- Students may not install any software on any computers or attempt to make copies of software that is on the hard drive.
- Respect others' rights to privacy and not access or use information on a computer without permission of the owner of the information.
- Respect others' property. Do not make changes to or delete computer programs, files, or information that belong to others.
- Use computers, software and related technologies for purposes that are within the law, that are beneficial
- to others, and that are not harmful (physically, financially, or otherwise) to others or others' property.
- Students using the Internet do so with the following stipulations:
 - Accept personal responsibility for appropriate use of the system. Abuses (i.e., pornography, illegal solicitation, racism, sexism and inappropriate language) are

- prohibited and should be reported to your teacher.
- Use is limited to activities which support education and research. Copyrighted materials, plagiarizing works, threatening or obscene materials or trade secrets may not be transmitted. Violation of this provision could result in prosecution.
- Access to the network is a privilege not a right, and as such may be revoked for cause (i.e. inappropriate use). Revocation of privileges may be requested by administration, staff or faculty, and shall be authorized by the building principal. The appeals process will be the same as for any disciplinary infraction.
- On-line etiquette proceeds from everyday acceptable conduct and includes: being polite, using appropriate language, maintaining all users' privacy, appropriate use of e-mail (no support of illegal or illicit activities), being considerate and not disrupting the network by game playing or large scale downloading.
- Network files are not private and remain open to administrators to maintain system integrity, insure appropriate use and to maintain hard drive storage. Additional storage beyond what is pre-assigned may be requested through the building media specialist.
- Users of the system do so at their own risk. Damages, including loss of data or information inaccuracies, are not the responsibility of the Wachusett Regional School District.
- Security remains a high priority. All users are responsible for system security and should report problems to their teachers.
- Breaches of security may include: use of another person's password, access to another's file without permission, and use of another's account.
- Vandalism, including malicious viruses, will result in loss of privileges and possible legal action.

Acceptable Use

The Wachusett Regional School District recognizes that technology is an important tool for learning. Students are expected to use school-owned and personal electronic devices responsibly and only for educational purposes, as directed by staff.

Examples of permitted uses:

- Researching assignments or projects under teacher supervision.
- Accessing district-approved learning platforms.
- Using school-issued Chromebooks or iPads during class time.

Prohibited Use

Unless specifically authorized by a teacher or administrator, personal electronic devices must be turned off and kept out of sight during the school day. This includes but is not limited to:

- Cell phones and smartwatches.
- Wireless headphones or earbuds.
- Gaming devices or personal tablets.

Recording, photographing, or sharing content without permission is strictly prohibited and may result in disciplinary action. School buses and field trips are extensions of school and carry the same expectations.

Classroom and Non-Classroom Expectations

- During Class: Devices are allowed only for instructional purposes and with explicit teacher permission.
- Hallways, Restrooms, and Cafeteria: Devices should remain off and stored securely.
- Before and After School: Students may use personal devices responsibly once dismissed from school or prior to the start of the school day. School buses are an extension of school and the same requirements around electronic use applies.

Misuse and Consequences

Misuse of electronic devices disrupts teaching and learning and violates student privacy. The following consequences may apply for unauthorized use or repeated violations:

Offense	Consequence
1st Offense	Verbal reminder and warning; device must be put away immediately.
2nd Offense	Device confiscated and held in the office until the end of the school day; parent notified.
3rd Offense	Device held in the office; parent/guardian must pick up the device; possible detention assigned.
Additional Offenses	Progressive discipline, which may include loss of privilege to bring devices to school, in-school suspension, or other administrative actions.

Any violation involving bullying, harassment, recording others without consent, or distribution of inappropriate content will result in immediate administrative intervention and may be reported to local law enforcement.

School and District Liability

The school is not responsible for lost, stolen, or damaged personal electronic devices. Students bring devices at their own risk.

BYOD (Bring Your Own Device)

If a teacher or building administrator authorizes the use of student-owned devices for a class activity or assignment, all students must adhere to WRSD's Acceptable Use Policy and school-specific rules.

Health Services

Students who become ill or injured will be directed to the school nurse for assessment, evaluation, treatment, and/or referral. Parents will be notified when a child must be sent home. Students are not permitted to call the parent for dismissal. If the parent cannot be contacted, the person indicated on the Emergency Contact Form will be called. It is imperative that the Emergency Contact Form be completed annually and updated as necessary.

Medical Emergencies

In the event of a life-threatening or serious injury or illness, an attempt will be made to contact the parent or guardian. Emergency Medical Services will be contacted for their assistance, and the student will be transported to the appropriate medical facility for treatment.

Contagious Conditions

Parents are requested to report any incidence of contagious disease or condition to the school nurse. This includes strep throat, influenza, COVID-19, fifth disease, chickenpox, measles, ringworm, impetigo, tuberculosis, scabies, and head lice.

When to Keep Your Child Home Due to Illness

Illness	When can my student return to school
Fever of 100 degrees or higher	Fever-free for 24 hours without medication
Vomiting / nausea	Vomit and nausea free for 24 hours without medication
Unusual bowel movement - diarrhea	No diarrhea for 24 hours
Frequent, uncontrolled cough	Cough is controlled and does not interfere with learning.
Ear Pain, drainage	No longer painful or draining
Eyes - Reddened with thick drainage	Eyes are clear with no drainage
Nose - uncontrollable nasal discharge	Discharge returned to normal
Unusual rash	Rash resolved/cleared by a physician.
Diagnosis requiring antibiotics	Contact the nurse for the return date

Student Immunizations (WRSDC P6611, 105 CMR 220.00)

All students must be compliant with immunizations required by Massachusetts regulations and established by the Massachusetts Department of Public Health. Review the WRSD policy for immunization exemptions.

Physical Examinations (105 CMR 200.000)

Each child needs to present a physical examination prior to first school entry, within one year prior to entrance to school, or within 30 days after school entry, and at intervals of either three or four years thereafter. A physical exam is also required prior to tryouts for competitive athletics.

Mandated Screening Programs (105 CMR 200.000)

Physical Examination of School Children provides regulatory guidance on conducting health screenings, including physical exams, vision and hearing screening, and height and weight measurements. Parents/Guardians may opt out of screenings by completing an opt-out form provided by the school nurse.

Temporary or Permanent Exclusion from School Activities / Physical Education

Students are expected to participate in all activities of the school program, including recess and physical education. If, for health reasons, a child must be excluded from any activity for a temporary time, we request written verification from a doctor. It is expected that children will go out for recess; subsequently, please ensure that your children are dressed appropriately for the conditions.

Administration of Medication (WRSDC 6617, 105 CMR 210.00, WRSD Medication Administration Protocol)

In order to maximize the amount of time during which learners are actively working on tasks and are effectively engaged in learning, whenever possible and as appropriate, families should administer their child's medications, treatments, and procedures at home. Regularly scheduled medications that can be given at home should be provided to your child at home. Emergency medication such as (but not limited to) an epinephrine auto injector (EpiPen), asthma inhaler, seizure medication, diabetic supplies, or other medication, treatment, or items needed for a procedure that your child must have available during school hours must be available at school prior to and at the time of attending school.

The following information is required before ANY medication can be administered to a student.:

- Current physician order on file - New orders must be provided annually or on re-entry to school
- Parent permission on file
- Medication in the original pharmacy container written in English
- All medication must be brought and picked up from school by the parent or a responsible adult
- Medication must be kept in the health office unless a self-administration plan is in place

Confidentiality (WRSDC P6650)

The Wachusett Regional School District shall encourage communication between and among school personnel, students, and parents. The Committee recognizes that circumstances may arise when a student with a personal or medical problem may seek help from a member of the faculty or administration. In such instances, the Committee will respect the confidentiality of communications between a student and a teacher, counselor, nurse, or administrator. However, it is not the intention of this statement of policy to encourage interference with parental or legal authority.

Accident Insurance (WRSDC P6616)

The Wachusett Regional School District sponsors a student-participation insurance plan. Brochures describing the plans available are available to all students during the first week of school. The Wachusett Regional School District shall require each student participating in sports programs to provide evidence of an active accident or health insurance policy covering the student.

Extra-Curricular Activities

Purpose

Participation in extra-curricular activities is an important part of student life at the Wachusett Regional School District. Clubs, sports, and enrichment programs help students develop leadership, teamwork, school spirit, and personal interests beyond the classroom.

Eligibility

To participate in extra-curricular activities, students must:

- Maintain satisfactory academic performance and good standing in all classes
- Demonstrate appropriate school behavior and citizenship
- Fulfill any specific requirements for the activity (e.g., physical exam for sports, permission forms)

Students with failing grades or repeated disciplinary infractions may be suspended or removed from activities until improvement is demonstrated.

Available Activities

Each school offers a range of extra-curricular opportunities that may include:

- Academic clubs (e.g., Math Club, Robotics)
- Performing arts (e.g., Drama Club, Band, Chorus)
- Athletics (e.g., Cross Country, Basketball, Soccer)
- Service and leadership organizations (e.g., Student Council, Peer Leaders)
- Special interest clubs (e.g., Art Club, Yearbook, Green Team)

Specific offerings vary by building and are announced at the start of each year.

Expectations for Conduct

Students are representatives of their school at all times while participating in activities, both on and off campus. Respectful behavior, good sportsmanship, and adherence to school rules are expected.

Violations of conduct standards may result in:

- Conference with the coach/advisor
- Suspension from practices, meetings, or events
- Removal from the activity for repeated or severe infractions

At the sole discretion of the principal, a student may be declared ineligible for participation because of chronic misbehavior or an incident of serious or major misconduct according to school standards. Students scheduled to attend after-school disciplinary sessions on the day of a practice or game **MUST** attend the disciplinary session before being able to participate in any athletic activity. A student serving a suspension (ISS or OSS) on the day of a practice or game is not allowed to participate in the athletic program activity on that day.

Attendance

Students must be present for the full school day to participate in any practice, meeting, game, performance, or event scheduled for that day. Exceptions require prior approval by the principal or designee.

Fees

Some sports and activities may require an activity or athletic fee to cover program costs. Fee information and payment deadlines will be communicated in advance. Families with financial concerns should contact the principal or athletic director to discuss available support options.

Transportation

Parents/guardians are responsible for arranging timely transportation to and from extra-curricular activities unless school-provided transportation is specifically arranged for games or trips.

Parent Communication

Program details, schedules, and expectations will be shared through school announcements, permission slips, and the school website. Parents are encouraged to communicate regularly with advisors or coaches regarding their child's participation.

Middle school participation requirements

Students trying out for or participating in an athletic or extra-curricular program must pass all subjects reported on the most recent report card from quarter 1,2, or 3. Students should understand that participation in athletics and extra-curricular programs may be the result of a selective process. All student athletes are given fair and ample opportunity to demonstrate their abilities prior to the start of game situations and the final formation of the teams. The student-athlete must attend all try-outs (or auditions) in order to be eligible. Following an equitable try-out where your child will audition there may be a cut process. This is the most difficult aspect of the selection of any competitive program. There is no guarantee of equitable playing/performance time. The decision of the coaches/advisors as to the selection of members and the assignment of playing time will not be pre-determined by the administration.

Transportation and School Cancellations

Transportation

Proper behavior on the bus is of paramount importance to ensure the safety and well-being of all students. Improper conduct, such as loud or disruptive behavior, damage of property, physical confrontations, and possession of dangerous or illegal materials, may result in disciplinary action. In accordance with WRSD Policy P6621, the building level administrative team has the authority to administer consequences ranging from verbal warnings to extended removals from the bus. This is at the discretion of the principal and will follow due process and progressive discipline.

Procedures for reporting passenger misconduct

- The bus driver will report misconduct occurring on the school bus to the school administration.
- A School Bus Conduct Report will be completed and submitted to the school administration and the bus company.
- The principal or designee and the bus company will retain copies of the signed report.

Parent Responsibilities

- Ensure your child arrives at the bus stop 5–10 minutes early.
- Supervise children at bus stops as appropriate for age and grade level.
- Discuss the importance of appropriate bus behavior with your child at the start of each school year.

Alternate Transportation

Any request for a student to ride a different bus or get off at a different stop must be submitted in writing to the school office and approved in advance. The student must present this documented permission to the driver when they get onto the bus. Such requests are granted only if space allows and must follow district guidelines and provide enough notice for the administration to verify seating and communicate permission to the parents/guardians.

Walkers and Bike Riders

Children may ride their bikes to school at their parents discretion. They are not to be ridden on school grounds during school hours. Notification from home giving permission to ride to and from school is required. The students should walk the bicycle or scooter to and from the proper area (i.e., bicycle rack). The privilege of riding bicycles to school will be taken away at any time if the child does not follow safety procedures or is being harmful to other students. State law requires all children below the age of sixteen wear a helmet while riding. Students will not be allowed to ride a bicycle or scooter home if they are not wearing a helmet. Bike/scooter riders will be dismissed after traffic has cleared. For safety reasons, children should refrain from riding bikes or scooters during inclement weather.

School Cancellations and Delays

The WRSD may cancel or delay school due to inclement weather or other emergencies. These decisions will prioritize student and staff safety and be made in consultation with town officials.

- Notification:
 - Families will receive an automated phone call and/or email.
 - Announcements will be posted on all the district and school websites (www.wrsd.net) and shared with local media outlets.
- Timing:
 - Calls are typically made by 5:30 AM for same-day closures or delays.
- Delayed Opening:
 - A typical delay is 2 hours.
 - Bus pick-up times and school start times will be adjusted accordingly.
- Early Dismissal:
 - In rare cases, school may dismiss early due to rapidly worsening weather.
 - Parents should have a backup plan for early dismissals and ensure that contact information is up to date in the school office.

Student Management

Discipline

The school and administration reserve the right to establish fair and reasonable rules and regulations for circumstances that may arise requiring actions that are not covered in this handbook.

Short Term Disciplinary Sanctions

A student will be given oral notice of the offense with which he/she is charged and an opportunity to respond prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for ten (10) consecutive school days or less. In the event that the Principal determines that the student will be suspended from school, the student's parent(s)/guardian(s) will be notified by telephone and in writing.

Long Term Disciplinary Sanctions

Prior to the imposition of any disciplinary sanction that might result in a student's suspension for more than ten (10) consecutive school days or expulsion, the parent(s)/guardian(s) will be given written notice of a hearing at which they may be represented by an attorney at their expense and may examine and present witnesses and documentary evidence. Following this hearing, the decision maker (Principal/School Committee) will issue a written decision. The parent(s)/guardian(s) will have the right to appeal any decision imposing a long-term exclusion from school. Where the student is excluded in accordance with M.G.L. c. 71 §37H, the student shall have ten (10) days from the effective date of the exclusion to file a written appeal to the Superintendent of Schools. For exclusion imposed pursuant to M.G.L. c. 71 §37H½, the student shall have five (5) days from the effective date of the exclusion to file a written appeal with the Superintendent. For exclusions imposed by the School Committee in accordance with M.G.L. c. 76 §17, the student shall have the right to file a written request for reconsideration by the Committee within ten (10) days of the effective date of the exclusion. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect.

Students with Disabilities

Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. In many cases, a student with a disability will be entitled to services identified by the student's Team as necessary to provide the student with a free appropriate public education during periods of disciplinary exclusion exceeding ten (10) school days in a given year. For additional information regarding the rights of students with disabilities in the context of school discipline, please contact the Principal or the Administrator of Special Education.

Consequences for Violations of School Rules

Restorative Practices

Our schools often utilize restorative practices to address student misbehavior. Restorative practices focus on repairing harm, rebuilding trust, and strengthening relationships within the school community rather than relying solely on punitive measures. This approach encourages students to reflect on their actions, take responsibility, and work collaboratively to make things right, fostering a safe and supportive learning environment for all.

Detention

The student will be given 24 hours notice, or the parent will be notified before having to serve a detention. At the principal's discretion, detentions may be served during the school day i.e. during lunch or recess. Students who fail to serve an assigned detention will receive two detentions for their first miss. Failure to serve another assigned detention could result in suspension. Further disciplinary action may be necessary for chronic offenders.

Behavior Contracts

In order to address inappropriate behaviors on the part of individual students, some students and their parents will be required to sign contracts outlining specific behaviors expected of students and the consequences that will follow if these behavior expectations are not met.

In-School Suspension

If a student receives an in-school suspension, he/she is required to report to school. The student is then placed in a supervised study area for the day and is required to work on a series of school assignments. Parents will be notified.

Suspension

In certain situations, it may become necessary to suspend a student from school. Suspension is considered when a student's actions cause a serious disruption to the school community, threaten the safety or well-being of others, or when other disciplinary measures have not been effective. Suspension is a serious consequence and is intended to provide time for reflection, accountability, and planning for a successful return to school. During a suspension, the student may not attend classes, be on school grounds, or participate in any school-related events or activities (including athletics, clubs, and extracurricular events). The student will only return to school once the suspension period has ended and any conditions for reentry have been met. Parents/guardians and the student will receive written notification of the reasons for suspension and its duration. The student and parent/guardian will have an opportunity to meet with the principal (or designee) within three school days to review the incident and respond to the charges. If a student's continued presence poses a danger or significant disruption, they may be removed from school immediately. A hearing will then be scheduled as soon as possible. Students are allowed and encouraged to make up all classwork, assignments, and tests missed during the suspension. Teachers will provide assignments in a timely manner, and reasonable deadlines will be set to ensure the student stays on track academically. In certain cases, a parent/guardian may be required to bring the student back to school on the day of their scheduled return. This reentry meeting is an opportunity to: review expectations moving forward, discuss supports or strategies for success, and develop a behavior plan or agreement if needed.

Juvenile Courts

The school administration will use the court system to work with students who are habitual school offenders or who have excessive absences from school.

Police Action

For any violations of Massachusetts State Laws, police may be notified.

Exclusion/Expulsion

These can be used as a disciplinary measure in extreme and chronic behavioral situations. This may include situations such as possession/use of weapons, assault, sale or use of an illegal substance, or other serious offenses.

Corporal Punishment shall be prohibited.**Code of Conduct****Gross Disrespect & Insubordination:**

Gross disrespect means deliberate, extreme, or offensive behavior that shows a lack of regard for others, including students, staff, or school property. Insubordination means refusing to follow reasonable instructions or directions from teachers, administrators, or other school staff.

Controlled Substances (Drugs) and/or Alcohol:

Any student who is found on school premises or at school sponsored or school related events, including athletic games, in possession of drugs, drug paraphernalia or alcohol will be suspended up to ten days and may be subject to expulsion. Students with substance abuse problems will be encouraged to enroll in an appropriate substance abuse program. The Wachusett Regional School District prohibits the use of alcohol, illegal substances, and the improper use of harmful substances. The possession, use, transmittal, serving, or consumption of any alcoholic beverage, illegal/harmful substance on school property, and/or at any school sponsored activity is prohibited. Violations of this policy shall result in appropriate action as set forth in the Student Discipline Code. Further, any student may be barred from a school sponsored activity if there is reason to believe he/she has been drinking alcoholic beverages or using illegal substances prior to his/her attendance at or participation in said school sponsored activity. Students may be required to submit to a Breathalyzer test prior to participation in school sponsored events. Any staff member with knowledge of alcohol or harmful drug use or the carrying of harmful substances on school grounds or at school related events shall notify the principal or the superintendent and the appropriate legal authorities. The District shall provide full cooperation with legal authorities.

Weapons:

Any student who is found on school premises or at school sponsored or school related events, including athletic games, in possession of a dangerous weapon, including, but not limited to a gun or knife, will be suspended up to ten days and may be subject to expulsion. (WRSDC Policy 6435) The Wachusett Regional School District shall prohibit possession and/or use of any kind of weapon; weapons will not be tolerated on school premises or at school related or school sponsored activities and events. For the purpose of this policy, "weapon" includes, but is not limited to, firearms, knives, or any other devices, or objects used to inflict or to threaten bodily harm.

- Any weapon found in a locker or other storage space which is assigned to a student and which has a lock or other security device may be considered to be the property of the student assigned to the locker or other storage space for the purpose of disciplinary action under the Student Discipline Code. Any student found to be in possession of a weapon on school premises or at a school sponsored event may be subject to expulsion from school by the principal.
- Violations of this policy may lead to expulsion under the provisions of Massachusetts General Law Chapter 71 Section 37H. Procedures for enforcement shall be contained in the Student Discipline Code.
- In addition to the school discipline indicated in the Student Discipline Code, provided in paragraph B., appropriate criminal action shall be undertaken in accordance with the provisions of Massachusetts General Law Chapter 269, Section 10.
- The weapons policy and regulations shall be implemented in accordance with the due process provisions of the Massachusetts General Laws and the Code of Massachusetts Regulations of the Department of Education, and the Student Discipline code.

Inappropriate, Vulgar Language and Gestures:

Inappropriate or vulgar language and gestures include any words, actions, or signs that are hurtful, offensive, or disrespectful to others, or that are not suitable for a school setting. First offense ~ parent notification, in school suspension. Subsequent offenses suspension from school. This includes references to race, sexuality, etc. (see harassment policy)

Harassment, Bullying, Discrimination, and Hate Crimes

All forms of harassment, bullying, discrimination and hate crimes related or unrelated to race, color, National origin, ethnicity, religion, sex, sexual orientation, age, or disability is prohibited. (WRSDC Policy 6437A) Harassment is oral, written, graphic, electronic, or physical conduct on school property or at school related activities relating to an individual's actual or perceived race, color, religion, national origin, ethnicity, sex, sexual orientation, age, or disability that is sufficiently severe, pervasive or persistent so as to interfere with or limit a student's ability to participate in or benefit from the district's

programs or activities by creating a hostile, humiliating, intimidating, or offensive educational or work environment. A single incident may, depending upon the severity, create a hostile environment. Bullying is defined as a form of aggression involving a power imbalance between the bully and the victim, where the bully has perceived or actual physical, social and/or psychological power over his/her target(s). Although bullying generally involves a pattern of conduct directed at a victim, depending on the severity of the incident, a single instance of such misconduct may constitute a violation of the District policy. Repeated acts of harassment will result in suspension or exclusion pending hearing. (WRSD Policy 6434)

Sexual Harassment:

Sexual harassment is, by law, illegal. Sexual harassment is defined as unwelcome advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature. Sexual harassment may include the following types of activities, but is not limited to these examples: touching (arm, breast, buttock, shoulders, etc.), massaging the neck or shoulders, verbal comments (about parts of the body, what type of sex the victim would “be good at,” clothing, looks, etc.), name calling (from “honey” to “bitch” and worse), starting and repeating sexual rumors, leers and stares, sexual or “dirty” jokes, using the computer to leave sexual messages or graffiti, or to play sexually offensive games, gestures, pressure for sexual activity, cornering, blocking, standing too close, conversations that are too personal, “rating” an individual (from 1 to 10 for example), obscene T-shirts, hats or pins, graffiti, facial expressions (winking, making kissing sounds or smacking sounds, licking the lips suggestively), howling, cat calls, whistles, repeatedly asking someone out when he/she is not interested, “slam books” (lists of students’ names with derogatory sexual comments written about them by other students), touching oneself sexually in front of others, sexual assault or attempted sexual assault. If one knows that someone has been sexually harassed or someone is sexually harassing you, you should notify building administration.

Retaliation: No one may retaliate against you for filing a complaint. Further, no one may retaliate against any student, employee, or any other person because they provided information or helped in the investigation.

Considerations: The victim may be the same or opposite sex as the harasser. The victim does not have to be the person at whom the unwelcome sexual conduct is directed. The victim may also be someone who is affected by such conduct when it is directed toward another person.

Tobacco Products:

Wachusett Schools are SMOKE FREE/TOBACCO-FREE environments in compliance with Massachusetts General Laws. This includes electronic or “ecigarettes”. This includes school sponsored events such as dances and athletic events.

Fighting:

Fighting is any physical aggression or attempt to harm another person. This includes hitting, punching, kicking, pushing, or any physical contact intended to hurt someone. Fighting also includes encouraging or starting a physical conflict, even if a student claims to be “defending themselves.”

Stealing:

Stealing means taking something that does not belong to you without permission. This includes any property of other students, staff, or the school.

Damage To Property:

Students found damaging or defacing school property or another person’s property will be made to clean or replace damaged property. Parents will be contacted and, when necessary, billed for the damage, and students could face up to five days suspension.

Plagiarism, Cheating, Forgery, and Identity Assumption:

Academic dishonesty is a problem best addressed early through education.

- K-5 - The first offense results in a conference with the teacher to educate about the action and its impact. Subsequent offenses are to be referred to the administration for further education and parent contact.
- 6-8 - The first offense results in a zero on the assignment/assessment and education around the action and its impact. The teacher will contact the parent to inform them of the behavior and consequence. Subsequent offenses will also be met with a zero and additionally are to be referred to administration to provide tiered instruction around the area of need. The administration will schedule a meeting with the student and guardians to review expectations.

WRSD Dress/Personal Attire:

Neatness, cleanliness, and appropriateness are the keystones of school dress and appearance in the Wachusett Regional School District. Personal dress and appearance may not violate reasonable standards of health, safety, cleanliness, and may not result in disruption or disorder within the school.

The WRSD Dress Code for school and school functions hopes to achieve three goals:

1. Promote a respectful learning environment.
2. Promote a safe learning environment where dress does not interfere with the successful and safe completion of learning activities.
3. Promote an equitable and inclusive learning environment in which the dress code does not negatively impact any group based on race, sex, gender identity, sexual orientation, national origin, ethnicity, religion, disability, socio-economic status, and/or body type/size.

The responsibility of proper dress and grooming rests primarily with the student and his/her/their parents or guardians. We ask that students and parents/guardians work to ensure that the goals outlined above are being met with the student's school dress attire.

Hoods, except those worn in relation to required religious practice or with prior administrative approval due to a disabling condition, may not be worn within the school building as such headwear interferes with the identification of students and presents safety concerns. Sunglasses are not to be worn inside the building except with medical authorization and prior approval of the school administration.

Offensive clothing can sometimes be subjective to the individual; however, students should be aware that if symbols, words, or pictures on clothing cause, or are reasonably forecast to cause, a substantial disruption of the school environment, they will be asked to remove and replace the offensive clothing. Offenders may be subject to other disciplinary action as well. To this end, we ask that students and parents be considerate of how dress choices affect the safety and comfort of others. Clothing may not depict, advertise, or advocate the use of alcohol, tobacco, marijuana or other controlled substances, and weapons.

In addition, a student's personal dress and appearance must comply with any and all applicable state and federal health and safety regulations, especially while attending a lab or shop.

School Safety

Commitment to Safety

The Wachusett Regional School District is committed to providing a safe and secure learning environment for all students, staff, and visitors. Every member of our school community shares responsibility for maintaining a culture of safety, respect, and preparedness.

Building Security

- All exterior doors remain locked during school hours.
- Visitors must enter through the main office, sign in, and wear a visitor badge at all times.
- Students and staff are instructed never to open exterior doors for anyone; all guests must check in through the main entrance.

Emergency Drills

To ensure everyone knows what to do in the event of an emergency, schools conduct regular safety drills throughout the year, including:

- Evacuation (Fire) Drills: Practiced multiple times each year.
- ALICE Training: Age-appropriate safety instruction and practice to prepare for unlikely intruder events.

Drills are designed to be age-appropriate and minimally disruptive while ensuring students and staff are prepared to respond calmly and efficiently.

Critical Incidents and Notifications

If a situation arises that impacts school safety, the principal or district administration will communicate with families as appropriate using district communication tools.

Student Responsibilities

- Report any suspicious behavior, threats, or safety concerns immediately to a teacher, counselor, or administrator.
- Follow all staff instructions during drills and emergencies.
- Help maintain a safe environment by treating peers and property with respect.

School Safety Plan

Each school maintains a comprehensive Safety and Security Plan developed in consultation with district leadership, local police, and fire departments. Plans are reviewed and updated annually to meet or exceed state safety standards.

Prohibited Items

For the safety of everyone, students may not bring the following to school:

- Weapons or items that could be used as weapons
- Fireworks, explosives, or other hazardous materials
- Toys or replica weapons

Possession of prohibited items will result in serious disciplinary action and may involve local law enforcement.

Contact Information

Questions about safety procedures should be directed to the building principal or the district's Director of Student Support. Emergencies should always be reported immediately by calling 911.

(b) Any principal, headmaster, superintendent or person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall consider ways to re-engage the student in the learning process; and shall not suspend or expel a student until alternative remedies have been employed and their use and results documented, following and in direct response to a specific incident or incidents, unless specific reasons are documented as to why such alternative remedies are unsuitable or counter-productive, and in cases where the student's continued presence in school would pose a specific, documentable concern about the infliction of serious bodily injury or other serious harm upon another person while in school. Alternative remedies may include, but shall not be limited to, : (i) mediation; (ii) conflict resolution; (iii) restorative justice; and (iv) collaborative problem solving."

(c) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide, to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. Nondiscrimination On The Basis Of Disability (WRSD Policy 1020)

The Wachusett Regional School District believes that individuals with disabilities are integral members of the school community.

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 requires that no qualified individual with a disability shall be excluded from participation in, or be denied the benefits of the services, programs, employment opportunities, and activities of the school district or be subject to discrimination in District programs. Similarly, no school district shall exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association. The Wachusett Regional School District complies with the ADA and Section 504 of the Rehabilitation Act.

Definition: A "qualified individual with a disability" is an otherwise qualified individual, determined through an individualized process to have a physical or mental impairment that substantially limits one or more major life activities and who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Modification: The District shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability or, in case of eligible students, to ensure a free appropriate public education as defined under Section 504 of the Rehabilitation Act.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, students, and members of the public with disabilities are as effective as communications with non-disabled individuals. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the District's appointed ADA Coordinator after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Auxiliary Aids and Services: "Auxiliary aids and services" includes, but are not limited to: (1) qualified interpreters, note-takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices; and (4) other similar services and actions. **Limits of Required Modifications:** The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens.

Notice: The District shall make available to applicants, participants, students, beneficiaries, and other interested persons information regarding the provisions the ADA and Section 504 of the Rehabilitation Act and the applicability of those statutes to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA and/or Section 504.

Compliance Coordinator: The District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the ADA and Section 504 of the Rehabilitation Act, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under the ADA and/or Section 504. The District shall make publicly available the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA and/or Section 504.

Skill building approaches include offering individualized skill-building sessions based on our district's anti-bullying curricula, providing relevant educational activities for individual students or groups of students, in consultation with our counselors and psychologists, implementing a range of academic and non-academic positive behavioral support to help students understand pro-social ways to achieve their goals, meeting with parents and guardians to engage parent support and to reinforce the antibullying curricula and social skills building activities at home, adopting behavioral plans to include a focus on developing specific social skills, and making a referral for evaluation. The federal Individuals with Disabilities Education Act (IDEA) and Section 504, which should be read in cooperation with the state laws regarding student discipline, govern discipline procedures for eligible students with disabilities protected by these laws.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, the student shall be subject to disciplinary action. The Wachusett Regional School District endorses the recommendation of the Massachusetts Department of Public Health and the Department of Education that students who require prescription medication during the school day receive their medication in order to maximize both daily school attendance and participation in school-sponsored functions.

The Massachusetts Department of Public Health regulates the administration of prescription medications and has formulated detailed regulations governing the administration of prescription medications in both public and private schools (105 CMR 210.000). The Massachusetts Board of Registration in Nursing governs nursing practice, which includes the nurse's administration of all medications, including over-the-counter medications. Both the Massachusetts Department of Public Health regulations and those which govern nursing practice are incorporated in Wachusett Regional School District's Health Guidelines and Nursing Protocols, a reference book which addresses the administration of medication. Included in these guidelines are provisions for the safe and proper administration of medication to students by both clinical and non-clinical personnel. The Wachusett Regional School District encourages the delegation of the administration of medication when necessary, in collaboration with parents and guardians, to non-clinical personnel in accordance with these guidelines.

The major points of these regulations include:

- The school nurse is responsible for the safe administration and documentation of medications dispensed in schools.
- Upon the registration and approval by the Massachusetts Department of Public Health, the school nurse, in consultation with the school physician, may delegate the administration of medication on field trips and short term special school events to designated unlicensed school personnel according to criteria in 105 CMR 210.000.
- Upon the registration and approval by the Massachusetts Department of Public Health, the school nurse, in consultation with the school physician, may delegate the administration of epinephrine to students with diagnosed life-threatening allergic conditions when a school nurse is not immediately available to designated unlicensed school personnel, according to criteria in 105 CMR 210.100.

Athletic Head Injury And Concussion Policy (WRSD Policy 6613.2)

The safety of students is a high priority for the Wachusett Regional School District. Students who sustain head injuries while in extracurricular athletic activities and those involved in their treatment must follow the protocol based on 105 C.M.R 201.000.

Students who have sustained a head injury must be appropriately evaluated according to the protocol. In order to resume athletic activity, a medical clearance and authorization form must be submitted indicating that the student has recovered. Return to academics will be consistent with the protocol.

District administration, athletic staff, and nursing staff will review the protocol annually to ensure that it is current and reflects best practice. The School Committee will review and revise this policy as needed, but at least bi-annually.
