Telephone: 508-829-1670

ATTENDANCE

ABSENCES

Consistent attendance is a prerequisite for maximum student achievement. If your child will not be attending school, please use School Dismissal Manager to notify the school. This program should also be utilized for late arrival, early dismissal, and change in dismissal communications. If we do not hear from you through the program, the school nurse and/or secretary may verify absences via phone calls home.

TARDINESS

Students are expected to be at school on time. Any student who arrives at school after 8:25 is considered tardy. After three tardies in one term, students will receive notification and potential disciplinary action for continued offenses. If your child is being seen at a doctor's office and is tardy for that reason, please get a note from the doctor's office and give it to the secretary when the student reports to school. In these cases, and only with a note from the doctor, the tardy would be excused.

DISMISSAL

Students being dismissed early must be entered into School Dismissal Manager. Parents are to report to the office before picking up their child; the child will not be called to the office until the parent is present. Children will not be allowed to go home with another person without written consent from their parent(s). Once the school day has ended, students are to leave the school grounds unless specifically staying after for a sport, extra help, or adult supervised activity. Students may not be in the school or on grounds unsupervised. If utilizing the athletic fields on their own, students must go home and then report back to school with adult supervision.

BUS CHANGES

If you wish for your child to ride home on a bus different from their assigned bus, this should be noted in School Dismissal Manager. The bus company also requires a note to be given to the driver in these instances.

MAKEUP WORK

Students who have been absent or who are doing poorly in a subject must assume the responsibility for making up work and/or asking for extra help. If a student is absent for a period of time, they will be given an adequate amount of time to make-up the work missed (number of days missed will equal number of days allowed to do make-up work). If your child is absent for one or two days, please have them contact a classmate to find out the missing assignments or if the teacher uses a website please check that. Parents may request and pick up homework from the office on the third consecutive day of absence. Assignments will be available for pick up at the office upon request.

TRUANCY

Any student who is absent from school for all or part of the school day without the knowledge and consent of his/her parents shall be considered truant. Truant students will be subject to disciplinary action by the school and will be required to make up all class time missed. Repeated truancy could result in a juvenile court referral.

FAMILY VACATIONS DURING SCHOOL TIME

The District does not condone students going on family vacations during school time. Extended absences from school usually have a negative effect on student performance. Vacations during the school year interrupt a consistent flow of learning. The class time lost can never be regained. In the event that school time is lost due to a family vacation, please note that it is the parents' and students' responsibility to check the teachers' websites for assignments if they are available. Teachers are not required to prepare work ahead of time. Once the student returns to school, they are responsible for seeing his/her teachers to get all make-up work. The students will have ONE WEEK to make up the work missed due to a vacation. These absences should also be submitted in School Dismissal Manger in order to avoid absentee phone calls.

CANCELLATION AND DELAYED OPENINGS

No school and delayed opening announcements will be aired beginning at approximately 6:15 a.m. The Wachusett Regional App also posts cancellations. Cancellations and delays are decided from the district office.

Under delayed opening, the school opens up to TWO HOURS later than usual. School closes at the usual time on delayed opening days. Should the emergency situation not improve another announcement will be made by 8:15 a.m. canceling school for the day.

ACADEMICS

TIME ON LEARNING REQUIREMENTS

Elementary and middle schools in Massachusetts are responsible to be in session for 900 hours during the academic year. Given this regulation, the Thomas Prince School will be in compliance with the Department of Education regulations with school starting at 8:25 and ending at 2:55.

HOMEWORK

TPS students will complete homework as assigned by individual teachers.

HONOR ROLL

Honor Roll is published each quarter for students in grades 7 & 8, grade 6 honor roll begins 2nd quarter. High Honor Roll is **all** "A's" and Honor Roll is **all** "A's" and

“B’s”. Academic achievement is recognized throughout the school year in a variety of ways.

REPORT CARDS

Report cards will be distributed four (4) times a year at approximately 10 week marking intervals for students in grades 3-8.

Students in grades K-2 will have a parent conference instead of a report card for the first term. **These will only be issued electronically and will require sign-off from a parent on PowerSchool within three days of completion.**

Elementary students (K-5) will be graded on a Standards based report card with a 1-4 rating for demonstration of skill in each standard area.

Rating Description Explanation:

4 = Advanced Consistently exceeds proficiency expectations based on grade level benchmarks.

3 = Proficient Consistently meets proficiency expectations based on grade level benchmarks.

2 = Progressing Toward Does not yet consistently meet proficiency expectations based on grade level proficiency benchmarks.

1 = Needs Improvement Needs substantial teacher support to apply skills/strategies that meet proficiency expectations based on grade level benchmarks.

N/A Not Assessed Not addressed this term.

Middle School students (6-8) will be graded on a numerical and letter grade format:

A+	97-100	C	73-76
A	93-96	C-	70-72
A-	90-92	D+	67-69
B+	87-89	D	63-66
B	83-86	D-	60-62
B-	80-82	F	Below 60
C+	77-79	Inc	Incomplete

INTERIM (PROGRESS) REPORTS

Interim reports are issued half way through each marking period for students in grades 6-8 through PowerSchool only. The purpose of the report is to notify the student and parents of academic progress. However, parents and students are highly encouraged to check PowerSchool weekly to monitor for missing work or low grades.

INCOMPLETE GRADES

A student who receives an incomplete grade on their report card will have two weeks to make-up the work.

CONFERENCES

Individual teacher conferences may be requested directly by phone or email with the teacher.

POWERSCHOOL PARENT ACCESS TO STUDENT GRADES

The Wachusett Regional School District utilizes PowerSchool, a student information management system. PowerSchool also has a parent component that allows parents access to their child(ren)'s grades via a secure internet site. It is important to note that reporting of grades is the final step in assessing a student. Teachers are only required to report grades two times per marking period (progress report time and report card time). The Administration reserves the right to revoke parent access to PowerSchool if it is misused.

GRADUATION REQUIREMENTS – GRADE EIGHT

A grade eight student who receives more than one (1) failing final average in any subject area or who has major disciplinary infractions as determined at the sole discretion of the administration may be ineligible for a diploma and may not be allowed to participate in graduation activities including the class trip, graduation dance, and the graduation ceremony. Students must have a zero balance in the cafeteria and no missing library books in order to take part in any graduation activity.

TESTING

Massachusetts Comprehensive Assessment System (MCAS) and ACCESS are done in compliance with Massachusetts state regulations. Information will be provided to the parents and community when it is available. No cell phones or electronic devices are allowed during testing.

COMPACTED MATH

At the end of 5th grade, students are eligible to participate in Compacted Math. During the three years of Middle School math, students participating in compacted math work to learn additional standards outside of their grade level with the ultimate goal of learning algebra in 8th grade. Participation in compacted math is a privilege and should be entered into as a joint agreement between the school and families.

Entering Compacted Math from 5th grade:

Students qualify for compacted math from 5th grade by scoring in the 80th %ile or above on their STAR math assessment. When STAR scores show a fluctuation throughout the year, the sending teacher, receiving teacher, and principal may review curriculum-based assessment scores. These data points coupled with the recommendation of the sending teacher serve as the prerequisite. Additionally, students and guardians should agree to a contract for participation.

- Both agree to maintain a B- or above average in the class.
- Both agree to complete summer assignments to prepare for the rigor of the course.
- Two or more disciplinary infractions impacting the class's ability to learn will result in the student's immediate return to grade-level math.
- Students will maintain the STAR scores at the 70th %ile or above. One retake for a low STAR score will be allowed.
- Students agree to accept the challenge of more homework than the typical load.
- Students also agree to seek support from the math teacher during allotted times when concepts become difficult.

Exiting Compacted Math:

- If a student cannot maintain a B- average over the course of 2 quarters the student will return to the typical math class at the start of the next quarter.
- Families may self select to opt out of compacted math.

Entering Compacted Math after 6th grade:

- If a student enters TPS after the start of 6th grade or is already enrolled and would like to be eligible for participation in compacted math the following steps will be taken:
 - They will complete the grade level STAR assessment and score in the 80th%ile or above in the spring assessment.
 - They will complete the standards already covered by the class either through the workbook, Khan Academy, IXL/ALEKS, or other online platforms.
 - They will pass all curriculum assessments on these standards with an 80% or better.
- This protocol also allows for students to move into the Compacted Math program at the completion of 7th grade.

FIELD TRIPS

DAYTIME FIELD TRIPS

Field trips are scheduled throughout the school year. These are designed to supplement the curriculum and to introduce students to the resources of the region. Parents will receive notices of field trips well in advance of the scheduled trip date and will be asked to sign field trip permission forms. Students who have demonstrated repeated inappropriate behavior may not be allowed to participate. School work will be provided for students who are not participating in a field trip. Parents/guardians may be asked to attend as chaperones, but only if a current

CORI is available in the office for each chaperone.

FIELD TRIPS INVOLVING LATE NIGHT OR OVERNIGHT TRAVEL

The Wachusett Regional School District encourages field trips, which enhance the students' educational experience.

In accordance with Massachusetts General Laws, Chapter 71, Section 37N, if field trips involve late night or overnight travel, the following must be met:

A. Trip Approval Process:

1. Advance approval by the Superintendent and/or designee will be required for any student trip involving late night or overnight travel (in concurrence with P3321 Policy Relating to Education Field Trips).
2. The approval process will be completed prior to engaging students in fundraising activities or other preparations for the trip.
3. Overnight trips must offer significant educational benefits to students that clearly justify the time and expense of the trip. Such trips must be appropriate for the grade level and must meet Time on Learning requirements of the Massachusetts Department of Education.
4. Teachers and other school staff will be prohibited from soliciting privately run trips through the school system. The trip approval process applies only to school-sanctioned trips; trips will not be approved that are privately organized and run without school sanctioning.
5. Policies and procedures for trip approval will take into account all logistical details involving security arrangements, emergency management and communications protocols, transportation, accommodations, itinerary, fundraising required of students, the educational value of the trip in relation to its costs, and recommendation of the principal.

B. Transportation:

1. The use of vans or private automobiles for trips planned to include late night or overnight student travel should generally be avoided. Should the use of vans be necessary for overnight travel, prior written authorization from the Superintendent and subsequent approval by the School Committee must be obtained. Such trips should generally use commercial motor coaches. No student drivers will be allowed at any time.
2. Trips planned to include late night or overnight student travel will involve pre-trip checks for companies, drivers, and vehicles. Companies must have liability insurance on drivers.
3. School officials will ensure that the selected carrier is licensed for passenger transportation by the Federal Motor Carrier Safety Administration (FMCSA). The District should not contract with any carrier that has an FMCSA safety rating of "conditional" or "unsatisfactory".
4. The contract with the carrier must prohibit the use of a subcontractor unless sufficient notice is given to the District to allow for verification of the subcontractor's qualifications.

C. Trip Scheduling

1. Overnight accommodations will be made in advance with student safety

and security in mind. Hiring independent security is recommended when appropriate.

2. Field trips during school time must meet the Massachusetts Department of Education Time on Learning requirements.
3. Trip itineraries must leave enough time for drivers to rest in conformity with federal hour-of-service requirements and common sense. Student vehicular (bus and auto) travel between the hours of midnight and 6:00 AM is prohibited.
4. If substantially all members of a class are participating in a field trip, the school will provide appropriate substitute activities for any students not participating.

D. Fundraising

1. The amount of time to be devoted to fundraising should be reasonable and commensurate with students' obligations for homework, after-school activities, and jobs.
2. Group fundraising activities are preferred.

E. Student Supervision

1. Students shall be accompanied by a sufficient number of chaperones, taking into account the trip scheduling and logistics. All chaperones, including parents and volunteers, must have a CORI/criminal record check. Faculty and staff of the school will serve as chaperones whenever possible.
2. A chaperone must always be present whenever students are on the bus.
3. All participating students must submit a signed parent/guardian permission form. Such forms shall include eligibility requirements and appropriate authorization for emergency medical care and administration of medication.
4. When away from school, all school rules will apply to the trip.
5. Infringement of rules may result in a student's immediate expulsion from the trip. In such cases, parents will be financially responsible for transportation home.

(*WRSDC Policy 3321.1*)

ELECTRONIC DEVICES

COMPUTERS

It is the policy of the Wachusett Regional School District that all students will be able to use technology to become lifelong learners. Students' names will be published with their work only when written permission is received by the parents. This note must be received by the second week of school.

Technology is available for student academic use under the following guidelines:

- (a) Students may not install any software on any computers or attempt to make copies of software that is on the hard drive.

(b) Respect others' rights to privacy and not access or use information on a computer without permission of the owner of the information.

(c) Respect others' property. Do not make changes to or delete computer programs, files, or information that belong to others.

(d) Use computers, software and related technologies for purposes that are within the law, that are beneficial to others, and that are not harmful (physically, financially, or otherwise) to others or others' property.

Students using the Internet do so with the following stipulations:

(a) As to any interaction with strangers, use common sense and exercise caution. Do not give out your phone number or address. Privacy is not guaranteed, so be careful of what you say and how you say it. Report problems or concerns to your teacher

(b) Accept personal responsibility for appropriate use of the system. Abuses (i.e., pornography, illegal solicitation, racism, sexism and inappropriate language) are prohibited and should be reported to your teacher.

(c) Use is limited to activities which support education and research. Copyrighted materials, plagiarizing works, threatening or obscene materials or trade secrets may not be transmitted. Violation of this provision could result in prosecution.

(d) Access to the network is a privilege not a right, and as such may be revoked for cause (i.e. inappropriate use). Revocation of privileges may be requested by administration, staff or faculty, and shall be authorized by the building principal. The appeals process will be the same as for any disciplinary infraction.

(e) On-line etiquette proceeds from everyday acceptable conduct and includes: being polite, using appropriate language, maintaining all users' privacy, appropriate use of e-mail (no support of illegal or illicit activities), being considerate and not disrupting the network by game playing or large scale downloading.

(f) Network files are not private and remain open to administrators to maintain system integrity, insure appropriate use and to maintain hard drive storage. Additional storage beyond what is pre-assigned may be requested through the building media specialist.

(g) Users of the system do so at their own risk. Damages, including loss of data or information inaccuracies, are not the responsibility of the Wachusett Regional School District.

(h) Security remains a high priority. All users are responsible for system security and should report problems to their teachers.

(i) Breaches of security may include: use of another person's password, access to another's file without permission, and use of another's account.

(j) Vandalism, including malicious viruses, will result in loss of privileges and possible legal action.

Classroom Use of Electronic Devices

ELECTRONIC DEVICES – Personal use of electronic equipment (i.e., cell phones, earbuds, tablets, smartwatches, personal computers, etc.) will be allowed **ONLY** when approved by a teacher during class. Students are expected to assume that the use of electronic devices is not allowed unless a teacher explicitly grants permission. When allowed, students are expected to use electronic devices for educationally relevant purposes. Parents can support this by not texting with their student during the school day. If a parent receives a text from a student during the day, please respond that they should be sending communications through the main office. Use of electronic devices will not be permitted outside of the classroom during the school day. If devices are visible or used during restricted times, the student will first receive a warning to put them in their locker. If it is seen a second time, it will be confiscated and held in the office until a guardian is able to come and retrieve it. It is the responsibility of the student to tell their guardian. Repeated infractions will result in the student bringing their electronics to the front office each morning and retrieving them at the end of the day (no sooner than 2:55). Failure to surrender electronic devices upon staff and/or faculty member request will be considered insubordination and result in additional disciplinary action. The Wachusett Regional School District assumes no responsibility for lost or stolen items.

HEALTH SERVICES

HEALTH SERVICES: Students who become ill or injured will be directed to the school nurse(s) for assessment, evaluation, treatment, and/or referral. If the nurse is not available, students are to report to the office. Students are not to leave the building without authorization and are not permitted to call parents to dismiss themselves. Parents will be notified when a child must be sent home. If the parent cannot be contacted, the person indicated on the Emergency Card will be called. It is imperative that the Emergency Card be completed annually and updated as necessary.

MEDICATIONS: Parents are advised to give medications at home and on a schedule other than during school hours if possible. If it is necessary that medication be given during school hours, the medication, prescription and non-prescription must be ordered by a licensed physician or dentist. The school nurse must have permission to contact the physician or dentist if necessary. The student's parent/guardian must sign the medication administration form that gives permission to the school nurse to administer medication according to regulations. Medication must be brought to the school nurse by the parent or guardian in the original container with the label intact. If medication is not properly labeled, it will not be given. Students cannot transport medication to and from school. Medications must be kept in the locked medicine cabinet in the school health office.

PHYSICAL EXAMINATIONS: Massachusetts requires that a physical examination by a healthcare provider be on file with the nurse for kindergarten entry and every four years thereafter (grades 4 and 8). Students entering the District without records or recent physical must have a physical examination within the first year. A physical exam is also required prior to tryouts for competitive athletics or cheerleading.

MANDATED SCREENING PROGRAMS: Students in grades K, 1, 4, 6-8, and 9 are weighed and measured, and students in grades K (at the time of Kindergarten registration) 5, 7, and 10 are tested for vision and hearing. Students in grades 5-9 receive an annual postural screening for scoliosis. The screening is done by the school nurse with assistance from the physical education staff. Parents will be notified if screening procedures identify possible problems.

CONTAGIOUS CONDITIONS: Parents are requested to report an incidence of contagious disease or condition to the school nurse. This includes incidence of head lice and scabies. When these conditions are identified, the student will be sent home. Return to school is permitted following treatment and verification by the school nurse that the student is free of disease, lice, nits, or mites.

IMMUNIZATIONS: All students must be compliant with immunizations required by Massachusetts regulations (102 CMR 7.09 and 105 CMR 220.00) and established by the Massachusetts Department of Public Health. The only exemptions are for documented religious or medical reasons. The Massachusetts Department of Public Health requires that all students entering grade seven have the following immunizations prior to the start of the school year: one dose of Tdap and two doses of Varicella or documentation of chicken pox disease. District Policy can be found in the appendices.

ATHLETICS/EXTRA-CURRICULAR PROGRAMS

Middle school participation requirements

Students trying out for or participating in an athletic or extra-curricular program must pass all subjects reported on the most recent report card from quarter 1,2, or 3. Students should understand that participation in athletics and extra-curricular programs may be the result of a selective process. All student athletes are given fair and ample opportunity to demonstrate their abilities prior to the start of game situations and the final formation of the teams. The student-athlete must attend all try-outs (or auditions) in order to be eligible. Following an equitable try-out where your child will audition there may be a cut process. This is the most difficult aspect of the selection of any competitive program. There is no guarantee of equitable playing/performance time. The decision of the coaches/advisors as to the selection of members and the assignment of playing time will not be pre-determined by the administration.

Students who are absent from school for all or part of a day due to illness or a non-emergency situation on the day of a practice/game/extra curricular event are not allowed to participate in the activity on that day or evening.

Parents/guardians must provide documentation that the student is adequately covered by an accident/health insurance plan.

Behavioral Expectations

Students must demonstrate proper behavior according to school standards. At the sole discretion of the principal, a student may be declared ineligible for participation because of chronic misbehavior or an incident of serious or major misconduct according to school standards.

Students scheduled to attend after-school disciplinary sessions on the day of a practice or game MUST attend the disciplinary session before being able to participate in any athletic activity. A student serving a suspension (ISS or OSS) on the day of a practice or game is not allowed to participate in the athletic program activity on that day.

Medical

Documentation from the student's physician that indicates the student has had a physical in the past thirteen (13) months or 395 days, and that the student is not restricted in any way from participating in the program is required prior to the student/athlete's participation.

Athletic Fee

An athletic fee will apply to each individual sport. The cost will be established each year and must be paid prior to a student participating in the first athletic event after making a team. Checks are made out to WRSD and are deposited in the district-wide athletic fund for buses, officials, uniforms, etc. (WRSD Policy 4251 can be found in the appendix)

TRANSPORTATION

School bus transportation is provided by AA Transportation 1-774-234-0678. It should be expected that students will go to and from school by the same means on a daily basis. A parent or student may choose an alternate mode of transportation over which the school system has no authority. Therefore, a choice to use an alternative mode of transportation other than the school bus shall be at the risk of the parent and the student. It is the intent of the WRSD school committee to comply with state law and bus students who live two (2) or more miles from the school they attend. Students may be required to walk up to one (1) mile to a bus stop and up to but not including two (2) miles to his/her school. Exceptions to the above rule for such reasons as safety, special needs and physical handicaps may be made by vote of the committee.

TRANSPORTATION SAFETY AND SECURITY PROCEDURES

The Wachusett Regional School District and its staff share with students and parents the responsibility for student safety during transportation to and from school. The authority for enforcing District requirements of student conduct on buses will rest with the principal.

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents of children whose behavior and misconduct on school buses endangers the health, safety, and welfare of other riders or damages properties will be notified that their children face the loss of transportation privileges. Notification of this policy shall be contained in the Student Handbook.

1. Children will be instructed as to the proper procedure for boarding and exiting from a school bus and in proper and safe conduct while aboard.
2. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations.
3. All vehicles used to transport children will be inspected periodically for conformance with state and federal safety requirements.
4. Classroom instruction on school bus safety will be provided.

ALTERNATE STUDENT TRANSPORTATION

It shall be expected that bus students will go to and from school by the same means on a daily basis. A parent or high school student may choose an alternate mode of transportation over which the school system has no authority. Therefore, a choice to use an alternative form of transportation other than the school bus shall be at the risk of the parent and the student. Procedures for requesting alternate transportation to and from school shall be contained in the student handbook. The high school student will be responsible to inform parent/guardian on taking a late bus or alternate means of transportation. K-8 students will be required to present written permission notice to the school from parent/guardian when using alternate means of transportation. In case of emergencies, oral notification will be an acceptable alternative with the administration making a written record of the notification. All high school students applying for a parking sticker and using a personal vehicle to transport other students will be required to carry personal liability insurance on the vehicle in the amount of \$100,000 - \$300,000.

Procedures for reporting passenger misconduct

1. The bus driver will report misconduct occurring on the school bus to the school administration.
2. A *School Bus Conduct Report* will be completed and submitted to the school administration and the bus company.
3. The principal or designee and the bus company will retain copies of the signed

report.

Bus Safety

To ensure the safety of all students who ride in buses, it may occasionally be necessary to revoke the privilege of transportation from a student who abuses this privilege. Parents of children whose behavior and misconduct on school buses endanger the health, safety, and welfare of other riders or damages properties will be notified that their children face the loss of transportation privileges. Emergency evacuation drills will be conducted at least twice a year to acquaint student riders with procedures in emergency situations.

The School's Procedures

Once the bus driver has submitted a written complaint to the school principal or designee, consequences of offenses will be assigned at the discretion of the administration. A disposition form will be sent to the parent/guardian for signature. First offense could result in bus suspension or detention. Subsequent offenses will result in increased discipline including detentions, bus suspensions, or suspensions from school. On the fifth offense, the student will lose bus privileges for the remainder of the school year. The parent/guardian will be notified prior to any suspension of bus privileges. The administration reserves the right to consider extenuating circumstances in determining disciplinary consequences. Serious violations will be treated accordingly. Restitution will be expected for vandalism.

WRSD BUS DISCIPLINE PROCEDURES AND CONSEQUENCES

The code below classifies unacceptable behavior into three levels. The examples are not exhaustive but illustrative. Additionally, all consequences are dependent upon the severity and frequency of the misbehavior. The administration reserves the right to consider extenuating circumstances in determining disciplinary action.

LEVEL 1 MISBEHAVIORS	CONSEQUENCES
Misbehaviors that interfere with the orderly transportation of students. Some examples are: <ul style="list-style-type: none">• Talking too loudly• Failure to stay seated• Littering on the bus• Tampering with the possessions of other passengers	The bus driver may address the misbehavior: <ul style="list-style-type: none">• Verbal warning issued to student• Assign seats
LEVEL 2 MISBEHAVIORS	CONSEQUENCES

<p>More severe misbehaviors that interfere with the orderly transportation of students. STUDENT MANAGEMENT - DISCIPLINE

SHORT TERM DISCIPLINARY SANCTIONS: A student will be given oral notice of the offense with which he/she is charged and an opportunity to respond prior to the imposition of any disciplinary sanction that might result in the student's suspension from school for ten (10) consecutive school days or less. In the event that the Principal determines that the student will be suspended from

school, the student's parent(s)/guardian(s) will be notified by telephone and in writing.

LONG TERM DISCIPLINARY SANCTIONS: Prior to the imposition of any disciplinary sanction that might result in a student's suspension for more than ten (10) consecutive school days or expulsion, the parent(s)/guardian(s) will be given written notice of a hearing at which they may be represented by an attorney at their expense and may examine and present witnesses and documentary evidence. Following this hearing, the decision maker (Principal/School Committee) will issue a written decision. The parent(s)/guardian(s) will have the right to appeal any decision imposing a long-term exclusion from school. Where the student is excluded in accordance with M.G.L. c. 71 §37H, the student shall have ten (10) days from the effective date of the exclusion to file a written appeal to the Superintendent of Schools. For exclusion imposed pursuant to M.G.L. c. 71 §37H½, the student shall have five (5) days from the effective date of the exclusion to file a written appeal with the Superintendent. For exclusions imposed by the School Committee in accordance with M.G.L. c. 76 §17, the student shall have the right to file a written request for reconsideration by the Committee within ten (10) days of the effective date of the exclusion. Pending the outcome of any such appeal, the disciplinary sanction imposed shall remain in effect.

STUDENTS WITH DISABILITIES: Students who have been identified as students with disabilities in accordance with the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act or who the school has reason to believe might be eligible for special education services are entitled to additional procedural protections when a disciplinary exclusion is considered. In many cases, a student with a disability will be entitled to services identified by the student's Team as necessary to provide the student with a free appropriate public education during periods of disciplinary exclusion exceeding ten (10) school days in a given year. For additional information regarding the rights of students with disabilities in the context of school discipline, please contact the Principal or the Administrator of Special Education.

CONSEQUENCES FOR VIOLATIONS OF SCHOOL RULES

DETENTION: The student will be given 24 hours notice, or the parent will be notified before having to serve a detention. Students who fail to serve an assigned detention will receive two detentions for their first miss. Failure to serve another assigned detention could result in suspension. Further disciplinary action may be necessary for chronic offenders.

BEHAVIOR CONTRACTS: In order to address inappropriate behaviors on the part of individual students, some students and their parents will be required to sign contracts outlining specific behaviors expected of students and the consequences that will follow if these behavior expectations are not met.

IN-SCHOOL SUSPENSION: If a student receives an in-school suspension, he/she is required to report to school. The student is then placed in a supervised study area for the day and is required to work on a series of school assignments. Parents will be notified.

SUSPENSION: In certain circumstances, it may become necessary to suspend a student from attending school. These instances involve serious disruptions to the school community, or when other forms of discipline do not appear to be effective. Being suspended from school means that a student must remain off school property during the period of suspension and can not attend or participate in any school-related activities. Written notification of the charges will be given to the student and his/her parents. The student and his/her parent(s) may have the opportunity for a hearing with the principal within three days. Following a suspension from school, there may be circumstances where a parent/guardian would be required to bring the student to school on the day of the student's scheduled reentry. The student will be allowed to make up any work missed during the period of suspension.

JUVENILE COURTS: The school administration will use the court system to work with students who are habitual school offenders or who have excessive absences from school.

POLICE ACTION: For any violations of Massachusetts State Laws, police may be notified.

EXCLUSION/EXPULSION: These can be used as a disciplinary measure in extreme and chronic behavioral situations. This may include situations such as possession/use of weapons, assault, sale or use of an illegal substance, or other serious offenses.

CORPORAL PUNISHMENT: Shall be prohibited.

BEHAVIORS

Plagiarism, Cheating, Forgery, and Identity Assumption: Academic dishonesty is a problem best addressed early through education.

- K-5 - In each of the following instances, the first offense results in a conference with the teacher to educate about the action and its impact. Subsequent offenses are to be referred to the administration for further education and parent contact.
- 6-8 - In each of the following instances, the first offense results in a zero on the assignment/assessment and education around the action and its impact. The teacher will contact the parent to inform them of the behavior and consequence. Subsequent offenses will also be met with a zero and

additionally are to be referred to administration to provide tiered instruction around the area of need. The administration will schedule a meeting with the student and guardians to review expectations.

- **Plagiarism** is a piece of writing or work that has been copied from someone else and is misrepresented as being completed by the individual.
- **Cheating** is defined as obtaining or attempting to obtain or assisting another to obtain credit for work, or any improvement in evaluation of performance, by any dishonest or deceptive means. Cheating includes, but is not limited to lying; copying from another student's test or assessment; discussion at any time of answers or questions on an assessment, unless this discussion is specifically allowed by the teacher; using or displaying notes, "cheat sheets," or other information inappropriate to the prescribed test conditions. *Homework* or assessments *done at home* require that each student do *their own work* unless told specifically by the teacher (or in writing on the assignment) that they can work collaboratively. In the case of cheating, *all* knowledgeable parties involved in the incident will be disciplined (this includes when one student provides another student with work to copy).
- **Forgery** is defined as falsely replicating someone else's signature. Forging signatures on someone else's work or forging parents' names on documents is a form of academic misconduct.
- **Identity Assumption** is the act of using someone else's log-in or email to complete assignments or send communications under the guise of someone else. This too is a form of academic misconduct.

Misuse of Electronics: ELECTRONIC DEVICES – Personal use of electronic equipment (i.e., cell phones, earbuds, tablets, smartwatches, personal computers, etc.) will be allowed **ONLY** when approved by a teacher during class. Students are expected to assume that the use of electronic devices is not allowed unless a teacher explicitly grants permission. When allowed, students are expected to use electronic devices for educationally relevant purposes. Use of electronic devices will not be permitted outside of the classroom during the school day. If devices are visible or used during restricted times, the student will first receive a warning to put them in their locker. If it is seen a second time, it will be confiscated and held in the office until a guardian is able to come and retrieve it. It is the responsibility of the student to tell their guardian. Repeated infractions will result in the student bringing their electronics to the front office each morning and retrieving them at the end of the day (no sooner than 2:55). Failure to surrender electronic devices upon staff and/or faculty member request will be considered insubordination and result in additional disciplinary action. The Wachusett Regional School District assumes no responsibility for lost or stolen items.

WRSD Dress/Personal Attire: Neatness, cleanliness, and appropriateness are the keystones of school dress and appearance in the Wachusett Regional School District. Personal dress and appearance may not violate reasonable standards of health, safety, cleanliness, and may not result in disruption or disorder within the school.

The WRSD Dress Code for school and school functions hopes to achieve three goals:

1. Promote a respectful learning environment.
2. Promote a safe learning environment where dress does not interfere with the successful and safe completion of learning activities.
3. Promote an equitable and inclusive learning environment in which the dress code does not negatively impact any group based on race, sex, gender identity, sexual orientation, national origin, ethnicity, religion, disability, socio-economic status, and/or body type/size.

The responsibility of proper dress and grooming rests primarily with the student and his/her/their parents or guardians. We ask that students and parents/guardians work to ensure that the goals outlined above are being met with the student's school dress attire.

Hoods, except those worn in relation to required religious practice or with prior administrative approval due to a disabling condition, may not be worn within the school building as such headwear interferes with the identification of students and presents safety concerns. Sunglasses are not to be worn inside the building except with medical authorization and prior approval of the school administration.

Offensive clothing can sometimes be subjective to the individual; however, students should be aware that if symbols, words, or pictures on clothing cause, or are reasonably forecast to cause, a substantial disruption of the school environment, they will be asked to remove and replace the offensive clothing. Offenders may be subject to other disciplinary action as well. To this end, we ask that students and parents be considerate of how dress choices affect the safety and comfort of others. Clothing may not depict, advertise, or advocate the use of alcohol, tobacco, marijuana or other controlled substances, and weapons.

In addition, a student's personal dress and appearance must comply with any and all applicable state and federal health and safety regulations, especially while attending a lab or shop.

PBIS: PBIS (Positive Behavioral Interventions & Supports) is a tool to support student learning. General information about PBIS can be found at www.pbis.org.

PBIS focuses on explicit teaching of behavioral expectations coupled with positive reinforcement. Students are taught the appropriate behaviors for different situations and are then reinforced with "Tommy Tickets" when adults see the appropriate behaviors displayed. Our three school-wide pledge is: *I will be a person of character. I will be respectful, responsible, and ready to learn. I will use my effort, energy, and initiative to reach success. I am proud to be a TPS student (WARRIOR).* Everything we do at TPS will come from this pledge.

Inappropriate conduct is tracked through electronic forms that monitor specific students and grade wide trends. Data from these forms are evaluated to determine patterns & assist in planning for educational opportunities.

MISCELLANEOUS

ACCIDENT INSURANCE COVERAGE: The Wachusett School Department sponsors a student-participation insurance plan. Brochures describing the plans available will be distributed during the first week of school.

CARE OF SCHOOL PROPERTY: Students are responsible for the proper care of all books, supplies and furniture supplied by the school. Students who damage school property, equipment or books will be required to pay for the damage done or to replace the item and may be suspended up to five days for their actions.

FREE & REDUCED PRICE MEALS: Applications for free milk and free and reduced price meals are available on the school website. These applications are also available at all times in the school office.

INSURANCE: The Wachusett Regional School District shall require each student participating in intramural programs and/or athletic teams to provide evidence of an active accident or health insurance policy covering the student.

KINDERGARTEN ENTRANCE REQUIREMENTS: A child must be five years of age by August 31 to enter the kindergarten program. Registration and a parent/guardian orientation are conducted in the spring preceding the child's entrance to the program. At the registration interview with the school nurse, the parent/guardian must bring a birth certificate, a record of immunization and completed registration forms. The school should be informed of any handicaps or other concerns at that time. Each child will undergo screenings for vision and hearing, gross and fine motor development, speech and language development

and general concept development. All testing results will be reported to the parent/guardian.

PRESCHOOL SCREENING: A parent/guardian may request screening for their preschool child (age 3+) if they suspect there is the possibility of a learning difficulty. Services can be obtained by contacting the Director of Pupil Services at 508-829-1670.

STUDENT RECORDS

The Wachusett Regional School District shall: 1. Take all reasonable precautions to preserve the confidentiality of a student's records. 2. Make available for inspection all school records of a student upon request of the parent or legal guardian. 3. Make available for inspection all school records of a student upon his or her request provided that the student is fourteen (14) years of age or older or upon entering the ninth grade. 4. Disseminate, to parents and students, State Regulations on Student Records and this policy annually.

Regulations- The State Board of Education has adopted regulations pertaining to student records that are designed to ensure parents' rights of confidentiality, inspection, amendment, and destruction of student records, and to assist school authorities in their responsibilities for the maintenance of student records. The regulations apply to all information kept by the District on a student in a manner such that he or she may be individually identified. The regulations divide the record into the transcript and the temporary record. The transcript includes only the minimum information necessary to reflect the student's educational progress. This information includes name, address, course titles, grades, credits, and grade level completed. The transcript is kept by the school system for at least sixty years after the student leaves the system. The temporary record contains the majority of the information maintained by the school system about the student. This may include such things as standardized test results, class rank, school sponsored extracurricular activities, and evaluations and comments by teachers, counselors, and other persons. The temporary record is destroyed seven years after the student leaves the school system. The following is a summary of major parent and student rights regarding their student records:

Inspection of Record - A parent, or a student who has entered the ninth grade or is at least fourteen (14) years old, has the right to inspect all portions of the student record upon request. The record must be made available to the parent or student within ten (10) days of the request, unless the parent or student consents to a delay. In the event the parent/student requests copies of a student record, the District may charge the parents/student for said copies at the District rate.

Confidentiality of Records - No individuals or organizations are allowed to have access to information in the student record without specific, informed, written consent of the parent, legal guardian, or student of legal age. Exceptions include only those state agencies that specifically are authorized to request

student information. According to federal law, the District is required to release the names, addresses, and telephone listings of students to military recruiters and institutions of higher learning upon request for recruitment and scholarship purposes without prior consent. Parents and eligible students have the right to request that this information not be released without their consent by notifying their school building office in writing. At the beginning of each school year, parents will be mailed a form to complete, indicating their choice to give or withhold their consent to release information. The District Administration shall not release a student's social security number or date and place of birth to anyone except as required by law.

Amendment of Record - The parent and student have the right to add relevant comments, information, or other written materials to the student record. In addition, the parent and student have the right to request that information of the record be amended or deleted. The parent and student have a right to a conference with the school principal to make their objections known. Within a week after the conference, the principal must render a decision in writing. If the parent and student are not satisfied with the decision, the regulations contain provisions through which the decision may be appealed to higher authorities in the school system.

Destruction of Records - The regulations require that certain parts of the student record, such as the temporary record, be destroyed a certain period of time after the student leaves the school system. School authorities are also allowed to destroy misleading, outdated, or irrelevant information in the record from time to time while the student is enrolled in the school system. Before any such information may be destroyed, the parent and student must be notified, and have an opportunity to receive a copy of any of the information before its destruction. Consistent with the Education Reform Act, the District will transfer a student's record to a new school outside the Wachusett Regional School District without prior consent required from the parent or eligible student.

LOCKERS A locker is the property of the Wachusett Regional School District which is issued to each student for use at the beginning of the school year for storage of books, coats, and boots. **The Administration reserves the right to search lockers at any time.** Students are required to keep materials inside their lockers, not in the hallways, and to keep their lockers closed.

SCHOOL SAFETY DRILLS

Student and staff safety is of the utmost importance. To this end, the school practices various drills throughout the year to support good habits and prepare everyone to make safe decisions. The most frequently employed drills are listed below.

- **Fire drills** - Fire drills are held with the frequency required by the state. They are designed to insure the safety of all persons in the event of a fire or evacuation. Students are instructed on following staff's directions, recognizing the fire alarm, multiple points of egress, the procedure for

leaving the building, areas in which to assemble, and the procedure for returning to the building. The school works in conjunction with the fire department to ensure all requirements are met in this area.

- **Violent Intruder drills** - The district has shifted away from traditional lock-down drills to more dynamic training for such events. The district employs the tenants of ALICE (Alert, Lock Down, Inform, Counter, Evade) and trains staff and students in making decisions in real-time regarding the best approach to take for safety.
- **Shelter in Place drills** - Shelter-in-place drills are run periodically to prepare students and staff for situations that require limiting movement in the building. Events such as medical emergencies or outside threats in the community result in situations where students and staff remain in a location within the building until the event has subsided.

MASSACHUSETTS GENERAL LAWS CH. 71 SECTIONS 37H, 37H ½, and 37H ¾

Section 37H

The superintendent of every school district shall publish the district's policies pertaining to the conduct of teachers and students. Said policies shall prohibit the use of any tobacco products within the school buildings, the school facilities or on the school grounds or on school buses by any individual, including school personnel. Said policies shall further restrict operators of school buses and personal motor vehicles, including students, faculty, staff and visitors, from idling such vehicles on school grounds, consistent with section 16B of chapter 90 and regulations adopted pursuant thereto and by the department. The policies shall also prohibit bullying as defined in section 37O and shall include the student-related sections of the bullying prevention and intervention plan required by said section 37O. Copies of these policies shall be provided to any person upon request and without cost by the principal of every school within the district.

Each school district's policies pertaining to the conduct of students shall include the following: disciplinary proceedings, including procedures assuring due process; standards and procedures for suspension and expulsion of students; procedures pertaining to discipline of students with special needs; standards and procedures to assure school building security and safety of students and school personnel; and the disciplinary measures to be taken in cases involving the possession or use of illegal substances or weapons, the use of force, vandalism, or violation of a student's civil rights. Codes of discipline, as well as procedures used to develop such codes shall be filed with the department of education for informational purposes only.

In each school building containing the grades nine to twelve, inclusive, the principal, in consultation with the school council, shall prepare and distribute to each student a student handbook setting forth the rules pertaining to the conduct of students. The student handbook shall include an age-appropriate summary of the student-related sections of the bullying prevention and intervention plan required by section 37O. The school council shall review the student handbook each spring to consider changes in disciplinary policy to take effect in September of the following school year, but may consider policy changes at any time. The annual review shall cover all areas of student conduct, including but not limited to those outlined in this section.

Notwithstanding any general or special law to the contrary, all student handbooks shall contain the following provisions:

(a) Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or a knife; or a controlled substance as defined in chapter ninety-four C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

(b) Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

(c) Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing; provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.

After said hearing, a principal may, in his discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

(d) Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(e) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to its schools or provide educational services to the student in an education service plan, under section 21 of chapter 76.

(f) Districts shall report to the department of elementary and secondary education the specific reasons for all suspensions and expulsions, regardless of duration or type, in a manner and form established by the commissioner. The department of elementary and secondary education shall use its existing data collection tools to obtain this information from districts and shall modify those tools, as necessary, to obtain the information. On an annual basis, the department of elementary and secondary education shall make district level de-identified data and analysis, including the total number of days each student is excluded during the school year, available to the public online in a machine readable format. This report shall include district level data disaggregated by student status and categories established by the commissioner.

(g) Under the regulations promulgated by the department, for each school that suspends or expels a significant number of students for more than 10 cumulative days in a school year, the commissioner shall investigate and, as appropriate, shall recommend models that incorporate intermediary steps prior to the use of suspension or expulsion. The results of the analysis shall be publicly reported at the school district level.

Section 37H1/2

Notwithstanding the provisions of section eighty-four and sections sixteen and seventeen of chapter seventy-six:

(1) Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal or headmaster of a school in which the student is enrolled may suspend such student for a period of time determined appropriate by said principal or headmaster if said principal or

headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such suspension; provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the suspension.

(2) Upon a student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal or headmaster of a school in which the student is enrolled may expel said student if such principal or headmaster determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of his right to appeal and the process for appealing such expulsion; provided, however, that the expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent, in writing, of his request for an appeal no later than five calendar days following the effective date of the expulsion. The superintendent shall hold a hearing with the student and the student's parent or guardian within three calendar days of the expulsion. At the hearing, the student shall have the right to present oral and written testimony on his behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal or headmaster, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five calendar days of the hearing. Such decision shall be the final decision of the city, town or regional school district with regard to the expulsion.

Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. If the student moves to another district during the period of suspension or expulsion, the new district of residence shall either admit the student to

its schools or provide educational services to the student under an education service plan, under section 21 of chapter 76.

Section 37H ³/₄

a) This section shall govern the suspension and expulsion of students enrolled in a public school in the commonwealth who are not charged with a violation of subsections (a) or (b) of section 37H or with a felony under section 37H1/2.

(b) Any principal, headmaster, superintendent or other person acting as a decision-maker at a student meeting or hearing, when deciding the consequences for the student, shall exercise discretion; consider ways to re-engage the student in the learning process; and avoid using expulsion as a consequence until other remedies and consequences have been employed.

(c) For any suspension or expulsion under this section, the principal or headmaster of a school in which the student is enrolled, or a designee, shall provide, to the student and to the parent or guardian of the student, notice of the charges and the reason for the suspension or expulsion in English and in the primary language spoken in the home of the student. The student shall receive the written notification and shall have the opportunity to meet with the principal or headmaster, or a designee, to discuss the charges and reasons for the suspension or expulsion prior to the suspension or expulsion taking effect. The principal or headmaster, or a designee, shall ensure that the parent or guardian of the student is included in the meeting, provided that such meeting may take place without the parent or guardian only if the principal or headmaster, or a designee, can document reasonable efforts to include the parent or guardian in that meeting. The department shall promulgate rules and regulations that address a principal's duties under this subsection and procedures for including parents in student exclusion meetings, hearings or interviews under this subsection.

(d) If a decision is made to suspend or expel the student after the meeting, the principal or headmaster, or a designee, shall update the notification for the suspension or expulsion to reflect the meeting with the student. If a student has been suspended or expelled for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year, the student and the parent or guardian of the student shall also receive, at the time of the suspension or expulsion decision, written notification of a right to appeal and the process for appealing the suspension or expulsion in English and in the primary language spoken in the home of the student; provided, however, that the suspension or expulsion shall remain in effect prior to any appeal hearing. The principal or headmaster or a designee shall notify the superintendent in writing, including, but not limited to, by electronic means, of any out-of-school suspension imposed on a student enrolled in kindergarten through grade 3 prior to such suspension taking effect. That notification shall describe the student's alleged misconduct and the reasons for suspending the student out-of-school. For the purposes of this section, the term "out-of-school suspension" shall mean a disciplinary action imposed by school officials to remove a student from participation in school activities for 1 day or more.

(e) A student who has been suspended or expelled from school for more than 10 school days for a single infraction or for more than 10 school days cumulatively for multiple infractions in any school year shall have the right to appeal the suspension or expulsion to the superintendent. The student or a parent or guardian of the student shall notify the superintendent in writing of a request for an appeal not later than 5 calendar days following the effective date of the suspension or expulsion; provided, that a student and a parent or guardian of the student may request, and if so requested, shall be granted an extension of up to 7 calendar days. The superintendent or a designee shall hold a hearing with the student and the parent or guardian of the student within 3 school days of the student's request for an appeal; provided that a student or a parent or guardian of the student may request and, if so requested, shall be granted an extension of up to 7 calendar days; provided further, that the superintendent, or a designee, may proceed with a hearing without a parent or guardian of the student if the superintendent, or a designee, makes a good faith effort to include the parent or guardian. At the hearing, the student shall have the right to present oral and written testimony, cross-examine witnesses and shall have the right to counsel. The superintendent shall render a decision on the appeal in writing within 5 calendar days of the hearing. That decision shall be the final decision of the school district with regard to the suspension or expulsion.

(f) No student shall be suspended or expelled from a school or school district for a time period that exceeds 90 school days, beginning the first day the student is removed from an assigned school building.

The Wachusett Regional School District does not tolerate discrimination or harassment of students, parents, employees, or the general public on the basis of race, color, national origin, sex, sexual orientation, gender identity, pregnancy or pregnancy status, disability, homelessness, religion, age, or immigration status. Consistent with the requirements of the McKinney-Vento Act, the District also does not discriminate against students on the basis of homelessness.

The Superintendent shall designate at least one administrator to serve as the compliance officer for the District's non-discrimination policies in education-related activities, including but not limited to responding to inquiries related to Title VI of the Civil Rights Act of 1964; Title VII of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Americans with Disabilities Act; the Age Act; M.G.L. c. 76, § 5; M.G.L. c. 151B and 151C; and 603 C.M.R. § 26.00. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary of the U.S. Department of Education, or both.

The Wachusett Regional School District's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; no person shall be excluded from or discriminated against in employment, admission to a public school of the District or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, gender identity, religion, national

origin, sexual orientation, pregnancy or pregnancy status, age, homelessness, disability or immigration status.

In addition to designating at least one administrator to handle inquiries regarding the District's non-discrimination policies, the Superintendent shall adopt and publish one or more grievance procedures for addressing reports of discrimination, harassment and retaliation under the protected classes identified in this policy. If an individual is interested in filing a complaint that they have been discriminated against because of their race, color, sex, gender identity, pregnancy or pregnancy status, religion, national origin, sexual orientation, homelessness, disability, or immigration status, their complaint should be filed in accordance with the District's grievance procedures for discrimination, harassment, and retaliation.

The student and personnel handbooks and grievance procedures shall identify the name, office address and telephone number for the compliance officer(s) for the above-referenced statutes. This policy and related grievance procedures shall be posted on the District's website.

NONDISCRIMINATION ON THE BASIS OF DISABILITY (WRSD Policy 1020)

The Wachusett Regional School District believes that individuals with disabilities are integral members of the school community.

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 requires that no qualified individual with a disability shall be excluded from participation in, or be denied the benefits of the services, programs, employment opportunities, and activities of the school district or be subject to discrimination in District programs. Similarly, no school district shall exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association. The Wachusett Regional School District complies with the ADA and Section 504 of the Rehabilitation Act.

Definition: A "qualified individual with a disability" is an otherwise qualified individual, determined through an individualized process to have a physical or mental impairment that substantially limits one or more major life activities and who, with or without reasonable modification to rules, policies, or practices, the removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Modification: The District shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability or, in case of eligible students, to ensure a free appropriate public education as defined under Section 504 of the Rehabilitation Act.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, students, and members of the public with disabilities are as effective as communications with non-disabled individuals. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to

afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the District's appointed ADA Coordinator after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Auxiliary Aids and Services: "Auxiliary aids and services" includes, but are not limited to: (1) qualified interpreters, note-takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices; and (4) other similar services and actions. **Limits of Required Modifications:** The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens.

Notice: The District shall make available to applicants, participants, students, beneficiaries, and other interested persons information regarding the provisions the ADA and Section 504 of the Rehabilitation Act and the applicability of those statutes to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA and/or Section 504.

Compliance Coordinator: The District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the ADA and Section 504 of the Rehabilitation Act, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under the ADA and/or Section 504. The District shall make publicly available the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA and/or Section 504.

Students and their individuality are to be valued and respected within District policies, practices, and regulations. The Wachusett Regional School District shall help students learn behavior patterns which will enable them to be responsible, contributing members of society. The principal will be responsible for administering behavior and discipline procedures at the school in accordance with District policy and school procedures. In order to assure that all students and staff are made aware of their specific rights and responsibilities, a student handbook shall be developed by each school, which defines the rights and responsibilities of students and others whose actions affect student behavior. References to all School Committee policies relating to student discipline will be included in the student handbook.

Corrective actions for misbehaviors outlined in the handbook shall be commensurate with the severity of the misbehavior. Consideration shall be given to the following:

1. age of the student;
2. mitigating circumstances;
3. previous behavior of the student; and
4. attitude of the student.

Student Handbook. The student handbook shall be reviewed annually with input sought from the school council. The Wachusett Regional School District Committee (WRSDC) also prohibits the use or consumption by students of the aforementioned on school grounds or school buses, or at any school-sponsored event.

Additionally, any student who is under the influence of drugs or alcoholic beverages prior to, or during, attendance at or participation in a school-sponsored activity, will be barred from that activity and may be subject to disciplinary action.

Verbal Screening:

- The school district shall utilize, in accordance with law, a verbal screening tool approved by the Massachusetts Department of Elementary and Secondary Education (DESE) to screen students for substance abuse disorders. The tool shall be administered by trained staff on an annual basis at grades 7 and 10.
- Parents/guardians shall be notified of the screening prior to the opening of school each year. Parents/guardians shall have the right to opt out of the screening by written notice prior to or during the screening.
- All statements made by a student during a screening are confidential and shall not be disclosed except in the event of immediate medical emergency or in accordance with law. De-identified results shall be reported to the Department of Public Health within 90 days of the completion of the screening process.

This policy shall be posted on the District's website and notice shall be provided to all students and parents/guardians of this policy in accordance with state law. Additionally, the District shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.

WEAPONS (WRSD Policy 6435)

The Wachusett Regional School District shall prohibit possession and/or use of any kind of weapon; weapons will not be tolerated on school premises or at school-related or school-sponsored activities and events.

For the purpose of this policy, "weapon" includes, but is not limited to, firearms, knives, or any other devices, or objects used to inflict or to threaten bodily harm.

1. Any weapon found in a locker or other storage space which is assigned to a student and which has a lock or other security device may be considered to be the property of the student assigned to the locker or other storage space for the purpose of disciplinary action under the Student Discipline Code. Any student

found to be in possession of a weapon on school premises or at a school-sponsored event may be subject to expulsion from school by the principal.

2. Violations of this policy may lead to expulsion under the provisions of Massachusetts General Law Chapter 71 Section 37H. Procedures for enforcement shall be contained in the Student Discipline Code.

3. In addition to the school discipline indicated in the Student Discipline Code, provided in paragraph B., appropriate criminal action shall be undertaken in accordance with the provisions of Massachusetts General Law Chapter 269, Section 10.

ANTI-BULLYING POLICY (WRSD Policy 6438A)

The Wachusett Regional School District fosters and strives to maintain educational environments that are free from bullying, cyber-bullying, and retaliation. No student or school staff member, including, but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to an extracurricular activity and paraprofessionals in the Wachusett Regional School District shall be permitted to bully a student through conduct or communication or to retaliate against any individual for reporting bullying or cooperating with an investigation of bullying. A student or school staff member, including but not limited to, educators, administrators, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors, to an extracurricular activity and paraprofessionals, who engages in bullying, cyber-bullying, or retaliation will be subject to a range of disciplinary sanctions including, but not limited to, reprimand, detention, suspension, expulsion, or other sanctions as determined by administration. In addition to being subject to school or employment related disciplinary sanctions, individuals who engage in bullying and/or retaliation shall be required to participate in instructional activities designed to develop the skills and proficiencies necessary to avoid engaging in further bullying and/or retaliatory behavior(s).

The Wachusett Regional School District has established separate discrimination and harassment policies that provide protections to specific categories and groups of students and staff. Nothing in this policy shall prevent the Wachusett Regional School District from responding to discrimination or harassment based on a person's membership in a legally protected category under local, state and/or federal law.

Cyber-bullying shall also include (i) the creation of a web page or blog in which the creator assumes the identity of another person or (ii) the knowing impersonation of another person as the author of posted content or messages, if the creation or impersonation creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

Cyber-bullying shall also include the distribution by electronic means of a communication to more than one person or the posting of material on an electronic medium that may be accessed by one or more persons, if the distribution or posting creates any of the conditions enumerated in clauses (i) to (v), inclusive, of the definition of bullying.

For the purpose of this policy, whenever the term bullying is used it is to denote either bullying or cyber-bullying.

Aggressor/Perpetrator: A student or school staff member including but not limited to who engaged, either individually, or as part of a group, in bullying, cyber-bullying or retaliation.

Local law enforcement agency: Local police department(s).

Principal: The administrative leader of a school in the Wachusett Regional School District or his/her designee for the purposes of investigating and responding to reports of bullying, cyber-bullying or retaliation.

Retaliation: Intimidation, reprisal, or harassment directed against a person who reports bullying, provides information during an investigation of bullying, witnesses a bullying incident, or has reliable information about bullying.

Target/Victim: A student against whom bullying or retaliation has been perpetrated.

B. Policy Jurisdiction For purposes of this policy, bullying is prohibited:

1) on school grounds, on property immediately adjacent to school grounds, at a school sponsored or school-related activity, at a function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used

by a school district or school, or through the use of technology or an electronic device owned, leased or used by the school district or a school; and

2) at a location, activity, function or program that is not school related or through the use of technology or an electronic device that is not owned, leased or used by the school district or school, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school or materially and substantially disrupts the education process or the orderly operation of a school. Nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.

C. Reporting Requirements In furtherance of this policy and in accordance with M.G.L. c.71, §370, a school staff member, including, but not limited to, an educator, administrator, school nurse, cafeteria worker, custodian, bus driver, athletic coach, advisor to an extracurricular activity, or paraprofessional, will immediately report to the school principal or their designee any instance of bullying, cyber-bullying, or retaliation that the staff member has witnessed or has become aware of.

D. Investigation / Procedures

1. Investigative Procedures for Potential Bullying or Retaliation: Each school is required to investigate in a timely manner and determine whether or not bullying and /or retaliation has occurred. This requires a determination as to the nature of the incident (bullying v. peer conflict). Once determined, outreach to the target and family shall occur concurrently with a commitment to addressing the needs of the target, identifying and educating bystanders, and providing consequences for aggressors.

Steps to be taken will include:

- a. Determine the nature, chronicity, and severity of the presenting situation.
- b. Identify aggressor(s), target(s), and bystanders
- c. Provide a safety and comfort plan for the target(s)
- d. Identify whether or not the bullying has occurred on or off campus
- e. Immediately remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action
- f. Have timely conversations with all individuals involved
- g. Establish a timetable for following up with parents, especially parents of target(s)
- h. Inform parents, guardians and all relevant adults of initial investigation following confidentiality requirements
- i. Collect and document data

E. Consequences from Findings: Upon the principal or designee determining that bullying or retaliation has occurred, the law requires that the district use a range of responses that balance the need for accountability with the need to teach appropriate behavior M.G.L. c. 71 § 370(d)(v). Skill building approaches include offering individualized skill-building sessions based on our district's anti-bullying curricula, providing relevant educational activities for individual students or groups of students, in consultation with our counselors and psychologists, implementing a range of academic and non-academic positive behavioral support to help students understand pro-social ways to achieve their goals, meeting with parents and guardians to engage parent support and to reinforce the antibullying curricula and social skills building activities at

home, adopting behavioral plans to include a focus on developing specific social skills, and making a referral for evaluation. If the principal or designee decides that disciplinary action is appropriate, the disciplinary action will be determined on the basis of facts found by the principal or designee, including the nature of the conduct, the age of the student(s) involved, and the need to balance the plan and with the school's or district's code of conduct.

The federal Individuals with Disabilities Education Act (IDEA) and Section 504, which should be read in cooperation with the state laws regarding student discipline, govern discipline procedures for eligible students with disabilities protected by these laws.

If the principal or designee determines that a student knowingly made a false allegation of bullying or retaliation, the student shall be subject to disciplinary action. Consequences for bullying or retaliation should be immediately and consistently applied and must be delivered in a non-hostile manner. Consequences may be disagreeable or uncomfortable but should not involve revenge or hostile punishment.

Consequences should consider these specific issues:

- a. Nature, severity, and chronicity of the behavioral impact on the target
- b. Degree of physical, psychological, social harm on the target
- c. Student's age, development and degree of maturity
- d. Surrounding circumstances and context in which the incident(s) occurred
- e. Prior disciplinary history and continuing patterns of behavior
- f. Relationship between and among the parties involved
- g. Context in which the alleged incident(s) occurred
- h. The need to balance accountability with the teaching of appropriate behavior.

The appropriate range of consequences, subject to due process where appropriate, may include, but are not limited to:

The District will notify parents regarding the presentation of curricula that involves those issues. Parents or guardians shall have the flexibility to exempt their children from any portion of the said curriculum through written notification to the school principal. No child so exempted shall be penalized by reason of such exemption. In the event of such an exemption, a substitute assignment may be provided.

Instruction materials will be made reasonably accessible to parents, guardians, educators, school administrators, and others for inspection and review.

STUDENT IMMUNIZATIONS (WRSD Policy 6611)

The Wachusett Regional School District is required, pursuant to MGL c.76 section 15 and its associated regulations, 105 CMR 220.000, to keep an immunization record on file for each student enrolled in the school or system. The record must contain, at a minimum, the month and year of each immunization, and be signed by the healthcare provider. Immunization histories must be up to date for each child according to Immunization Guidelines published by the Commonwealth.

The Massachusetts School Immunization Law, M.G.L. c. 76 Section 15 provides that: “no child shall, except as hereinafter provided, be admitted to school except upon presentation of a physician’s certificate that the child has been successfully immunized against diphtheria, pertussis, tetanus, measles, and poliomyelitis and such other communicable diseases as may be specified from time to time by the Department of Public Health.”

Pursuant to the Massachusetts School Immunization Law quoted immediately above:

No unimmunized student shall be admitted to, or be allowed to remain in school, unless they can satisfy these requirements:

- A. A medical exemption is allowed if a healthcare provider submits documentation to school that an immunization is medically contraindicated; or
- B. A religious exception is allowed if a parent submits a signed statement to the school stating immunizations are contrary to his/her sincere religious beliefs.
- C. Students who fall under McKenney-Vento Homeless Assistance Act of 2001.

Do note: Unimmunized students (including those with medical, religious exemptions, and those who fall under McKenney-Vento) who are otherwise exempt from the immunization law may be subject to exclusion from school if there is exposure to certain communicable

childhood diseases, as specified in 105 CMR 300.200.

Do note: Philosophical exemptions are not allowed in Massachusetts even if signed by a physician. The documentation regarding the above qualified exemptions will be kept in the students’ files at school.

ADMINISTRATION OF MEDICATION (WRSD Policy 6617A)

The Wachusett Regional School District endorses the recommendation of the Massachusetts Department of Public Health and the Department of Education that students who require prescription medication during the school day receive their medication in order to maximize both daily school attendance and participation in school-sponsored functions.

The Massachusetts Department of Public Health regulates the administration of prescription medications and has formulated detailed regulations governing the administration of prescription medications in both public and private schools (105 CMR 210.000). The Massachusetts Board of Registration in Nursing governs nursing practice, which includes the nurse's administration of all medications, including over-the-counter medications. Both the Massachusetts Department of Public Health regulations and those which govern nursing practice are incorporated in Wachusett Regional School District's Health Guidelines and Nursing Protocols, a reference book which addresses the administration of medication. Included in these guidelines are provisions for the safe and proper administration of medication to students by both clinical and non-clinical personnel. The Wachusett Regional School District encourages the delegation of the administration of medication when necessary, in collaboration with parents and guardians, to non-clinical personnel in accordance with these guidelines.

The major points of these regulations include:

- The school nurse is responsible for the safe administration and documentation of medications dispensed in schools.
- Upon the registration and approval by the Massachusetts Department of Public Health, the school nurse, in consultation with the school physician, may delegate the administration of medication on field trips and short term special school events to designated unlicensed school personnel according to criteria in 105 CMR 210.000.
- Upon the registration and approval by the Massachusetts Department of Public Health, the school nurse, in consultation with the school physician, may delegate the administration of epinephrine to students with diagnosed life-threatening allergic conditions when a school nurse is not immediately available to designated unlicensed school personnel, according to criteria in 105 CMR 210.100.
- The categories of unlicensed school personnel include: administrative staff, teaching staff, paraprofessionals, licensed health personnel, clerical staff, bus attendants, transportation personnel, and contracted special education personnel.

A parent, guardian or parent/guardian-designated responsible adult shall deliver all prescription and non-prescription medications to be administered by school personnel. In the case of self-medicating students, students may transport and self-administer medications when a self-administration agreement has been documented. Self-medicating students include, but are not limited to, the following:

1. Students with asthma or other respiratory diseases. These students may possess and administer prescription inhalers.
2. Students with cystic fibrosis. These students may possess and administer enzyme supplements.

3. Students with diabetes. These students may possess and administer glucose monitoring tests, insulin delivery systems, and glucose tablets, according to documented self-administration agreement.

STUDENT ACTIVITY FEE SCHEDULE (WRSD Policy 4251)

The Wachusett Regional School District Committee (WRSDC) is committed to providing support to students for participation in extracurricular activities throughout the region. An activity shall be defined as any discretionary or elective function or program. From time to time it may be necessary to establish fee schedules to support those activities.

- Fees may be charged only for those activities in which the student is to participate.
- Money received from fees is to be used for stated purpose.
- Established fee schedules should not exceed projected costs.
- A sliding fee schedule may be established for students and family members participating in multiple fee charging activities within a school site.
- Provisions are to be made for students unable to pay the fee.
- The Business Office will review the financial activity in the student activity accounts on a monthly basis.
- An annual report on funds will be submitted to the Superintendent (or designee) at the close of each fiscal year. The Superintendent will provide a summary to keep the Committee and public apprised of student activity revenue and expenses.
- Each school shall prepare and make available upon request to Committee, parents and participants a financial plan, the previous end of the year revenue and expense report, a projected budget for the coming year, and a copy of the established fee schedule.
- All fees received and distributed shall be administered through the District financial system and in accordance with District policies, procedures and applicable sections of Massachusetts General Law.

ATHLETIC HEAD INJURY AND CONCUSSION POLICY (WRSD Policy 6613.2)

The safety of students is a high priority for the Wachusett Regional School District. Students who sustain head injuries while in extracurricular athletic activities and those involved in their treatment must follow the protocol based on 105 C.M.R 201.000 (<http://www.mass.gov/eohhs/docs/dph/com-health/injury/105-cmr-201.pdf>) found online on the high school and middle schools' websites as well as in the student handbooks.

Students who have sustained a head injury must be appropriately evaluated according to the protocol. In order to resume athletic activity, a medical clearance and authorization form must be submitted indicating that the student has recovered. Return to academics will be consistent with the protocol.

District administration, athletic staff, and nursing staff will review the protocol annually to ensure that it is current and reflects best practice. The School Committee will review and revise this policy as needed, but at least bi-annually.

The Wachusett Regional School District does not tolerate discrimination or harassment of students, parents, employees, or the general public on the basis of race, color, national origin, sex, sexual orientation, gender identity, pregnancy or pregnancy status, disability, homelessness, religion, age, or immigration status. Consistent with the requirements of the McKinney-Vento Act, the District also does not discriminate against students on the basis of homelessness.

Use of Cameras / Surveillance

Parents, guardians, and students should be aware that security cameras and video recording systems are in use at all WRSD schools, for the purposes of monitoring the interior and exterior of school buildings, to ensure the health, welfare, and safety of students, staff, and visitors, and to protect school facilities.

While riding on buses or vans, students are under the jurisdiction of the school administration. For purposes of monitoring and student safety, school transportation vehicles may be equipped with video and audio recording systems. All students may be subject to video and audio surveillance for this purpose while riding a school bus or van.

Physical Restraint Information

The Wachusett Regional School District complies with the requirements of Massachusetts statutes and regulations governing the use and reporting of physical restraint in schools. M.G.L. c. 71, § 37G; 603 CMR 46.00. Physical restraint is defined as direct physical contact that prevents or significantly restricts a student's freedom of movement. Physical restraint does not include: brief physical contact to promote student safety, providing physical guidance or prompting when teaching a skill, redirecting attention, providing comfort, or a physical escort.

Physical restraint is considered an emergency procedure of last resort and may be used only when: (a) the student's behavior poses a threat of assault, or imminent, serious, physical harm to self and/or others; and (b) less intrusive interventions are ineffective or deemed to be inappropriate under the circumstances. Physical restraint in a public education program shall be limited to the use of such reasonable force as is necessary to protect a student or another member of the school community from assault or imminent, serious, physical harm. Physical restraint is prohibited in the following circumstances: (a) as a means of punishment; or (b) as a response to property destruction, disruption of school order, a student's refusal to comply with a school rule or staff directive, or verbal threats that do not constitute a threat of imminent, serious, physical harm.

In the event that a physical restraint is administered, the parents/guardians will be notified orally within twenty-four (24) hours of the restraint and shall be provided with a written Restraint Report within three (3) school days of the restraint. 603 CMR 46.06.

Disciplinary Due Process

STUDENT SUSPENSIONS AND/OR EXPULSIONS:

NOTICE OF SUSPENSION HEARING:

Except in the case of an emergency removal or disciplinary offense defined under M.G.L. c. 71, §§37H or 37H1/2 or an in-school suspension as defined by 603 CMR 53.02(6), the school shall provide the student and parent/guardian with written and oral notice of the proposed out-of-school suspension, an opportunity to be heard at hearing, and the opportunity to participate at the hearing.

The Notice shall set forth in plain language:

- A. the disciplinary offense;
- B. the basis for the charge;
- C. the potential consequences, including the potential length of the student's suspension;
- D. the opportunity for the student to have a hearing with the principal or principal's designee concerning the proposed suspension, including the opportunity to dispute the charges and to present the student's explanation of the alleged incident, and for the parent/guardian to attend the hearing;
- E. the date, time, and location of the hearing;
- F. the right of the student and student's parent/guardian to interpreter services at the hearing if needed to participate;

The principal, or principal's designee, shall make reasonable efforts to notify the parent/guardian orally of the opportunity to attend the hearing. In order to conduct a hearing without the parent/guardian present, the principal, or principal's designee, must be able to document reasonable efforts to include the parent/guardian. Reasonable effort is presumed if the principal or principal's designee sent written notice and documented at least two (2) attempts to contact the parent/guardian in the manner specified by the parent/guardian for emergency situations.

All written communications regarding notice of proposed suspension shall be either by hand delivery or delivered by first-class mail, certified mail, or email to the address provided by the parent/guardian for school communications (or other method agreed to by the principal/principal's designee and parent/guardian) in English, and in the primary language in the home if other than English, or other means of communication where appropriate.

SHORT-TERM SUSPENSIONS: HEARING AND DETERMINATION

A short-term suspension is the removal of the student from the school premises and regular classroom activities for ten (10) consecutive school days or less. Out-of-school short-term suspensions which do not cumulatively over the course of the school year exceed ten (10) school days of suspension shall be conducted in accordance with this section.

Principal's Hearing. The purpose of the hearing with the principal or the principal's designee for such purposes, is to hear and consider information regarding the alleged incident for which the student may be suspended, provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, determine if the student has committed the disciplinary offense, the basis for the charge, and any other pertinent information. The student shall have an opportunity to present information, including mitigating facts. A parent/guardian present at the hearing shall have the opportunity to discuss the student's conduct and offer information, including mitigating circumstances. Under applicable regulations, students do not have a right to be represented by an attorney at a short-term suspension hearing.

Based on the available information, including mitigating circumstances, the principal or principal's designee will make a determination whether the student committed the disciplinary offense, and if so, the consequence. The principal or principal's designee will provide notification in writing of his/her determination and provide reasons for the determination. If the student is suspended, the principal/principal's designee

shall inform the parent/guardian of the type and duration of the suspension, and shall provide an opportunity for the student to make up assignments and other school work as needed to make academic progress during the period of removal. If the student is in grades pre-k through 3, the principal/principal's designee shall send his/her determination to the superintendent and explain the reasons prior to imposing an out-of-school suspension, before the short-term suspension takes effect. All written communications regarding the hearing and principal determination shall be either hand delivery or delivered by first-class mail, certified mail, or email to the address provided by the parent/guardian for school communications (or other method agreed to by the principal and parent/guardian) in English, and in the primary language in the home if other than English, or other means of communication where appropriate.

Students do not have the right to appeal a short-term suspension imposed in accordance with M.G.L. c. 71, § 37H3/4 and 603 CMR 53.00.

LONG-TERM SUSPENSIONS: HEARING AND DETERMINATION

A long-term suspension is the removal of a student from the school premises and regular classroom activities for more than ten (10) consecutive school days, or for more than ten (10) school days cumulatively for multiple disciplinary offenses in any school year. The purpose of the hearing with the principal or principal's designee is to hear and consider information regarding the alleged incident for which the student may be suspended, to provide the student an opportunity to dispute the charges and explain the circumstances surrounding the alleged incident, to determine if the student has committed the disciplinary offense, the basis for the charge, and any other pertinent information. The student shall have an opportunity to present information, including mitigating facts, that the principal or principal's designee will consider in determining whether alternatives to suspension such as loss of privileges, detention, an apology, a student contract, restitution, and/or probation are appropriate.

Additionally, the student shall have the following additional rights:

- i. In advance of the hearing, the opportunity to review the student's record and the documents upon which the principal or principal's designee may rely in making a determination to suspend the student or not;
- ii. the right to be represented by counsel or a lay person of the student's choice, at the student's and/or parent's/guardian's expense;
- iii. the right to produce witnesses on his or her behalf and to present the student's explanation of the alleged incident, but the student may not be compelled to do so; and the right to cross-examine witnesses presented by the school;
- iv. the right to request that the hearing be recorded by the principal or principal's designee. All participants shall be informed that the hearing is being recorded by audio. A copy of the audio recording will be provided to the student or parent/guardian upon request.

Based on the evidence submitted at the hearing the principal/principal's designee shall make a determination as to whether the student committed the disciplinary offense, and, if so, after considering mitigating circumstances and alternatives to suspension (the use of evidence-based strategies and programs, such as mediation, conflict resolution, restorative justice, and positive interventions and supports) what remedy or consequence will be imposed. If the principal/principal's designee decides to impose a long-term suspension, the written determination shall:

- i. Identify the disciplinary offense, the date on which the hearing took place, and the participants at the hearing;
- ii. Set out key facts and conclusions reached by the principal/principal's designee;
- iii. Identify the length and effective date of the suspension, as well as a date of return to school;
- iv. Include notice of the student's opportunity to receive a specific list of education services to make academic progress while suspended, and the contact information of a school member who can provide more detailed information.
- v. Inform the student of the right to appeal the principal's/designee's decision to impose a long-term suspension to the superintendent or his/her designee for said purpose within five (5) calendar days, which may be extended by parent/guardian request in writing an additional seven (7) calendar days.

The long-term suspension will remain in effect unless and until the superintendent/superintendent's designee decides to reverse the principal's/principal's designee's determination on appeal. If the student is in grades pre-k through grade 3, the principal/principal's designee shall send his/her determination to the superintendent and explain the reasons prior to imposing an out-of-school suspension, whether short-term or long-term, before the suspension takes effect. All written communications regarding the hearing and principal's/designee's determination shall be either hand delivery or delivered by first-class mail, certified mail, or email to the provided by the parent/guardian for school communications (or other method agreed to by the principal/principal's designee and parent/guardian) in English, and in the primary language in the home if other than English, or by other means of communication where appropriate.

APPEAL OF LONG-TERM SUSPENSION

A student who is placed on a long-term suspension shall have the right to appeal the principal's/ principal's designee's decision to the superintendent if properly and timely filed. A good faith effort shall be made to include the parent/guardian at the hearing. The appeal shall be held within three (3) school days of the appeal, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days, which the superintendent shall grant.

The student and parent/guardian shall have the same rights afforded at the long-term suspension principal hearing. Within five (5) calendar days of the hearing the superintendent or superintendent's designee shall issue his/her written decision which meets the criteria required of the principal's determination. If the superintendent or superintendent's designee determines the student committed the disciplinary offense, the superintendent/designee may impose the same or a lesser consequence than that of the principal. The decision of the superintendent/superintendent's designee on the student's appeal shall constitute the final decision of the school district with regard to the student's long-term suspension.

EMERGENCY REMOVAL

A student may be temporarily removed prior to notice and hearing when a student is charged with a disciplinary offense within the scope of M.G.L. c. 71, § 37H3/4 and the continued presence of the student poses a danger to persons or property, or materially and substantially disrupts the order of the school and, in the principal's/principal's designee's judgment, there is no alternative available to alleviate the danger or disruption. The temporary removal shall not exceed two (2) school days, following the day of the emergency removal. During the emergency removal the principal/designee shall make immediate and reasonable efforts to orally notify the student and student's parent/guardian of the emergency removal and the reason for the emergency removal. The principal/designee may not remove a student from school on an emergency basis for a disciplinary offense until adequate provisions have been made for the student's safety and transportation. The principal/designee shall also provide the due process requirements of written notice for suspensions and provide for a hearing which meets the due process requirements of 603 CMR 53.08 within the two (2) school day time period, unless an extension of time for the hearing is otherwise agreed to by the principal/principal's designee, student, and parent/guardian.

consecutively, in a school year. On the same day as the in-school suspension decision, the principal/principal's designee shall make reasonable efforts to notify the parent orally of the disciplinary offense, the reasons for concluding that the student committed the infraction, and the length of the in-school suspension. The principal/principal's designee shall also invite the parent to a meeting to discuss the student's academic performance and behavior, strategies for student engagement, and possible responses to the behavior. Such meeting shall be scheduled on the day of the suspension if possible, and if not, as soon thereafter as possible. If the principal/principal's designee is unable to reach the parent after making and documenting at least two (2) attempts to do so, such attempts shall constitute reasonable efforts for purposes of orally informing the parent of the in-school suspension.

The principal/principal's designee shall send written notice to the student and parent about the in-school suspension, including the reason and the length of the in-school suspension, and inviting the parent to a meeting with the principal/principal's designee for the purpose set forth above, if such meeting has not already occurred. The principal/principal's designee shall deliver such notice on the day of the in-school suspension by hand-delivery, certified mail, first-class mail, email to an address provided by the parent for school communications, or by other method of delivery agreed to by the principal/principal's designee and the parent.

Students and their parents will be notified of the alternative educational services available to through the school or school district and of the process for arranging such services at the time of suspension/expulsion. Education services shall be based on, and be provided in a manner consistent with, the academic standards and curriculum frameworks established for all students under M.G.L. c 69, §§ 1D and 1F.(4)

For data reporting purposes, the school shall track and report attendance, academic progress, and such other data as directed by the Department.

DISCIPLINE AND STUDENTS WITH DISABILITIES

All students are expected to meet the requirements for behavior as set forth in this handbook. In addition to those due process protections afforded to all students, the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973 and the regulations issued pursuant to said statutes require that additional provisions be made for:

Students who have been found eligible for special education services under the IDEA.

Students who the school district knows or has reason to know might be eligible for special education services. The school is deemed to have knowledge that a student is a student with a disability if before the behavior that precipitated the disciplinary action occurred: (1) the student's parent/guardian expressed concern in writing to supervisory or administrative personnel, or the student's teacher, that the student is in need of special education and related services; (2) the student's parent/guardian requested an evaluation of the child; or (3) the student's teacher, or other school personnel, expressed specific concerns directly to the director of special education or to other supervisory personnel about a pattern of behavior demonstrated by the student.

The school is not deemed to have knowledge of a disability if (1) the parent/guardian has not allowed an evaluation or has refused special education and related services, or (2) the child has been evaluated and determined not to be a child with a disability.

Students who have been found to have a disability that substantially limits a major life activity, as defined under §504 of the Rehabilitation Act of 1973.

These students are generally entitled to increased procedural protections prior to imposing discipline that will result in the student's removal for more than ten (10) consecutive school days or where there is a pattern of short term removals that exceed ten (10) school days in a given year.

If a request is made for an evaluation of a student's eligibility for special education services during the time period in which the student is subjected to disciplinary measures, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. If the student is subsequently found eligible, then he/she receives all procedural protections subsequent to the finding of eligibility.

The following additional requirements apply to the discipline of students with disabilities:

Students with disabilities may be excluded from their programs for ten (10) school days or less in the school year to the extent that such sanctions would be applied to all students. Before a student with a disability can be excluded from his/her program for more than ten (10) consecutive days in a given school year or subjected to a pattern of removal constituting a "disciplinary change of placement," building administrators, the parents/guardians, and relevant members of the student's IEP or 504 Team will meet to determine the relationship between the student's disability and behavior (Manifestation Determination).

If building administrators, the parents/guardians, and relevant members of the student's IEP or 504 Team determine that the student's conduct was not a manifestation of the student's disability, the school may discipline the student in accordance with the procedures and penalties applicable to all students but will

continue to provide a free appropriate public education to those students with IEPs. The student's IEP Team will identify the services necessary to be provided in addition to any services to which the student is entitled through the school's Education Services Plan so as to ensure the student's free appropriate public education during the period of exclusion, review any existing behavior intervention plan or, where appropriate, conduct a functional behavioral assessment of the student. Eligible Section 504 students shall be entitled to receive alternative education services in accordance with the school's Education Services Plan during any suspension or expulsion in excess of ten (10) consecutive days.

If building administrators, the parents/guardians, and relevant members of the student's IEP or 504 Team determine that the conduct giving rise to disciplinary action was a manifestation of the student's disability, the student will not be subjected to further removal or exclusion from the student's current education program for the incident of misconduct (except for conduct involving weapons, drugs, or resulting in serious bodily injury to others) until the IEP or 504 Team develops, and the parents/guardians consent to, a new placement, or unless the school obtains an order from a court or from the Bureau of Special Education Appeals (BSEA) or a court authorizing a change in the student's placement. The student's Team shall also review, and modify as appropriate, any existing behavior intervention plan or arrange for a functional behavioral assessment.

If a student with a disability possesses or uses illegal drugs, sells or solicits a controlled substance, possesses a dangerous weapon on school grounds or at a school function, or causes serious bodily injury to another on school grounds or at a school function, the school may place the student in an interim alternative educational setting (IAES) for up to forty-five (45) school days regardless of whether the conduct was a manifestation of the student's disability. A court or BSEA Hearing Officer may also order the placement of a student who presents a substantial likelihood of injury to self or others in an appropriate interim setting for up to forty-five (45) school days.

Selected Massachusetts Laws - Student Conduct

The expelled student shall have ten days from the date of the expulsion in which to notify the superintendent of his appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be limited solely to a factual determination of whether the student has violated any provisions of this section.

(E) Any school district that suspends or expels a student under this section shall continue to provide educational services to the student during the period of suspension or expulsion, under section 21 of chapter 76. School Committee Policies

POLICY 1000 NON-DISCRIMINATION AND HARASSMENT

The Wachusett Regional School District does not tolerate discrimination or harassment of students, parents, employees, or the general public on the basis of race, color, national origin, sex, sexual orientation, gender identity, pregnancy or pregnancy status, disability, homelessness, religion, age, or immigration status. Consistent with the requirements of the McKinney-Vento Act, the District also does not discriminate against students on the basis of homelessness.

The Superintendent shall designate at least one administrator to serve as the compliance officer for the District's non-discrimination policies in education-related activities, including but not limited to responding to inquiries related to Title VI of the Civil Rights Act of 1964; Title VII of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1972; Section 504 of the Rehabilitation Act of 1973; the Americans with Disabilities Act; the Age Act; M.G.L. c. 76, § 5; M.G.L. c. 151B and 151C; and 603 C.M.R. § 26.00. Inquiries about the application of Title IX to the District may be referred to the District's Title IX Coordinator, to the Assistant Secretary of the U.S. Department of Education, or both.

The Wachusett Regional School District's policy of nondiscrimination will extend to students, staff, the general public, and individuals with whom it does business; no person shall be excluded from or discriminated against in employment, admission to a public school of the District or in obtaining the advantages, privileges, and courses of study of such public school on account of race, color, sex, gender identity, religion, national origin, sexual orientation, pregnancy or pregnancy status, age, homelessness, disability or immigration status.

In addition to designating at least one administrator to handle inquiries regarding the District's non-discrimination policies, the Superintendent shall adopt and publish one or more grievance procedures for addressing reports of discrimination, harassment and retaliation under the protected classes identified in this policy. If an individual is interested in filing a complaint that they have been discriminated against because of their race, color, sex, gender identity, pregnancy or pregnancy status, religion, national origin, sexual orientation, homelessness, disability, or immigration status, their complaint should be filed in accordance with the District's grievance procedures for discrimination, harassment, and retaliation.

The student and personnel handbooks and grievance procedures shall identify the name, office address and telephone number for the compliance officer(s) for the above-referenced statutes. This policy and related grievance procedures shall be posted on the District's website.

POLICY 1020 NON-DISCRIMINATION ON THE BASIS OF DISABILITY

The Wachusett Regional School District believes that individuals with disabilities are integral members of the school community.

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act of 1973 requires that no qualified individual with a disability shall be excluded from participation in, or be denied the benefits of the services, programs, employment opportunities, and activities of the school district or be subject to discrimination in District programs. Similarly, no school district shall exclude or otherwise deny services, programs, or activities to an individual because of the known disability of a person with whom the individual is known to have a relationship or association. The Wachusett Regional School District complies with the ADA and Section 504 of the Rehabilitation Act.

Definition: A "qualified individual with a disability" is an otherwise qualified individual, determined through an individualized process to have a physical or mental impairment that substantially limits one or more major life activities and who, with or without reasonable modification to rules, policies, or practices, the

removal of architectural, communication, or transportation barriers, or the provision of auxiliary aids and services, meets the essential eligibility requirements for the receipt of services or the participation in programs or activities provided by the District.

Reasonable Modification: The District shall make reasonable modification in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability or, in case of eligible students, to ensure a free appropriate public education as defined under Section 504 of the Rehabilitation Act.

Communications: The District shall take the appropriate steps to ensure that communications with applicants, participants, students, and members of the public with disabilities are as effective as communications with non-disabled individuals. To this end, the District shall furnish appropriate auxiliary aids and services where necessary to afford an individual with a disability an equal opportunity to participate in, and enjoy benefits of, a service, program, or activity conducted by the District. In determining what type of auxiliary aid or service is necessary, the District shall give primary consideration to the requests of the individuals with disabilities. Any decision that, in compliance with its responsibility to provide effective communication for individuals with disabilities, would fundamentally alter the service, program, or activity or unduly burden the District shall be made by the District's appointed ADA Coordinator after considering all resources available for use in funding and operating the program, service, or activity. A written statement of the reasons for reaching that conclusion shall accompany the decision.

Auxiliary Aids and Services: "Auxiliary aids and services" includes, but are not limited to: (1) qualified interpreters, note-takers, transcription services, written materials, assisted listening systems, and other effective methods for making aurally delivered materials available to individuals with hearing impairments; (2) qualified readers, taped texts, audio recordings, Braille materials, large print materials, or other effective methods for making visually delivered materials available to individuals with visual impairments; (3) acquisition or modification of equipment or devices; and (4) other similar services and actions.

Limits of Required Modifications: The District is not required to take any action that it can demonstrate would result in a fundamental alteration in the nature of a service, program, or activity or in undue financial and administrative burdens.

Notice: The District shall make available to applicants, participants, students, beneficiaries, and other interested persons information regarding the provisions the ADA and Section 504 of the Rehabilitation Act and the applicability of those statutes to the services, programs, or activities of the District. The information shall be made available in such a manner as the School Committee and Superintendent find necessary to apprise such persons of the protections against discrimination assured them by the ADA and/or Section 504.

Compliance Coordinator: The District shall designate at least one employee to coordinate its efforts to comply with and carry out its responsibilities under the ADA and Section 504 of the Rehabilitation Act, including any investigation of any complaint communicated to it alleging its noncompliance or alleging any actions that would be prohibited under the ADA and/or Section 504. The District shall make publicly available the name, office address, and telephone number of the employee(s) so designated and shall adopt and publish procedures for the prompt and equitable resolution of complaints alleging any action that would be prohibited under the ADA and/or Section 504.

POLICY 1523 DISTRIBUTION OF SCHOOL COMMITTEE PUBLICATIONS

The Wachusett Regional School District shall, in accordance with the Massachusetts General Laws and Department of Education regulations, provide all publications as approved by the School Committee and required by the State Department of Education.

The School Committee Policy Book shall be made available for review to any person, upon request to the Superintendent's Office. Copies of said publications shall be placed in each of the five (5) Town Libraries and all school libraries. A nominal fee, not to exceed the cost of production, shall be charged to any person requesting a copy of one of the publications.

This policy shall be included in all Student Handbooks.

This policy shall be referenced in each school's student handbook. In addition, school councils shall annually review the needs of gifted and talented students.

POLICY 3625 TEACHING ABOUT ALCOHOL, TOBACCO, AND DRUGS

In accordance with state and federal law, the District shall provide age-appropriate, developmentally appropriate, evidence-based alcohol, tobacco, and drug prevention education programs in grades K-12.

The alcohol, tobacco, and drug prevention program shall address the legal, social, and health consequences of alcohol, tobacco, and drug use, with emphasis on nonuse by school-age children. The program also shall include information about effective techniques and skill development for delaying and abstaining from using, as well as skills for addressing peer pressure to use alcohol, tobacco, or drugs.

Prevention requires education, and healthy decision-making. The objectives of this program are:

- To prevent, delay, and/or reduce alcohol, tobacco, and drug use among children and youth.
- To increase students' understanding of the legal, social, emotional, and health consequences of alcohol, tobacco, and drug use.
- To teach students self-management skills, social skills, negotiation skills, and refusal skills that will help them to make healthy decisions and avoid alcohol, tobacco, and drug use.

The curriculum, instructional materials, and outcomes used in this program shall be recommended by the Superintendent and approved by the Wachusett Regional School District Committee.

This policy shall be posted on the District's website and notice shall be provided to all students and parents/guardians in accordance with state law. Additionally, the District shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.

POLICY 6400 BEHAVIOR AND DISCIPLINE

The Wachusett Regional School District shall help students learn behavior patterns which will enable them to be responsible, contributing members of society. Students will be expected to conduct themselves in keeping with their level of maturity and act with due regard for their fellow students and supervisory authority. Students shall have a right to reasonable treatment from the school and its employees and, in turn, the school and its employees shall have a right to expect reasonable behavior from students.

The principal will be responsible for administering behavior and discipline procedures at the school in accordance with District policy and school procedures. In order to assure that all students and staff are made aware of their specific rights and responsibilities, a student handbook shall be developed by each school, which defines the rights and responsibilities of students and others whose actions affect student behavior. References to all School Committee policies relating to student discipline will be included in the student handbook.

Corrective actions for misbehaviors outlined in the handbook shall be commensurate with the severity of the misbehavior. Consideration shall be given to the following:

1. age of the student;
2. mitigating circumstances;
3. previous behavior of the student; and
4. attitude of the student.

Each building principal shall be responsible for providing orientation to the handbook to all enrolled students and all staff members at the start of the school year. The provisions of the student handbook shall be applied to students in a standardized, nondiscriminatory and non-arbitrary manner.

Liability for Damages. The Wachusett Regional School District shall seek compensation for District property willfully damaged by a minor or student age 18 years or older. Civil action may be brought against the minor or his/her parents, or the individual if 18 years of age or older. All incidents shall be investigated, liabilities fixed, and all costs assessed in a nondiscriminatory and non-arbitrary manner. Schools shall be monitored to ensure that findings of liability are in accordance with District procedures in affording due process guarantees.

Corporal Punishment. Corporal punishment is prohibited. Staff shall develop alternative techniques for managing student discipline in accordance with District policy.

Searches. Wachusett Regional School District authorities may exercise their rights to conduct an inspection of student lockers and/or desks. A student shall not misuse lockers and desks assigned by school authorities. Lockers and desks remain, at all times, the property of the District.

A warrant-less search (non-emergency) of a student's school locker or articles carried upon the student's

person, may be conducted if there is a reasonable suspicion that the search is necessary to protect the health and/or safety of students and staff, or to detect a violation of school rules. Such a search may be conducted if school authorities suspect that a student possesses such items as, but not limited to, weapons, dangerous instruments, stolen goods, narcotics, hallucinogenics, amphetamines, barbiturates, marijuana, unregistered drugs, controlled substances, alcoholic beverages, or evidence of cheating or other academic misconduct.

Student Suspensions. The Wachusett Regional School District shall ensure that each pupil has an atmosphere and an environment which is conducive to teaching and learning. To that end, schools shall maintain programs which maximize opportunities for learning and minimize disruptions to the educational process. The District's first concern shall be to help maintain pupils in school so that their learning process is not interrupted.

Students who create discipline problems which cannot be resolved through less severe means shall be suspended. As a last resort, the District shall, at the discretion of the school principal, and following the required due process, deny a pupil the right to attend school for a period not to exceed ten (10) days. The principal's decision is final.

Students will have the right and the responsibility to complete all assignments and make up all tests missed during the suspension. It will be the student's responsibility to confer with teachers and to complete make-up work within a reasonable time but in no instance exceeding three weeks after the suspension expires.

Expulsion. Expulsion shall be considered an action of last resort when the behavior of the student warrants such action at the discretion of the school principal. The expulsion shall be governed by Massachusetts General Laws Ch. 71, sections 37h and 37h1/2, and Ch. 76 section 17

POLICY 6431.1 TOBACCO PRODUCTS ON SCHOOL PREMISES PROHIBITED

The tool shall be administered by trained staff on an annual basis at grades 7 and 10.
- Parents/guardians shall be notified of the screening prior to the opening of school each year. Parents/guardians shall have the right to opt out of the screening by written notice prior to or during the screening.
- All statements made by a student during a screening are confidential and shall not be disclosed except in the event of immediate medical emergency or in accordance with law. De-identified results shall be reported to the Department of Public Health within 90 days of the completion of the screening process.

This policy shall be posted on the District's website and notice shall be provided to all students and parents/guardians of this policy in accordance with state law. Additionally, the District shall file a copy of this policy with DESE in accordance with law in a manner requested by DESE.

POLICY 6515 STUDENT PUBLICATIONS

Return to academics will be consistent with the protocol.

District administration, athletic staff, and nursing staff will review the protocol annually to ensure that it is current and reflects best practice. The School Committee will review and revise this policy as needed, but at least bi-annually.

POLICY 6621 TRANSPORTATION SAFETY AND SECURITY PROCEDURES

The Wachusett Regional School District and its staff share with students and parents the responsibility for student safety during transportation to and from school. The authority for enforcing District requirements of student conduct on buses will rest with the principal.

The WRSD Leadership is committed to implementing the district's Bullying Prevention and Intervention Plan and in conjunction with community efforts, to promote and ensure a safe and positive teaching and learning environment.

District leaders, community leaders, teachers, parents, guardians, and student leaders, have a primary role in teaching students to regard one another in a respectful, civil, and dignified manner to create an environment that improves and sustains the emotional and behavioral health of all students. These stakeholders will promote understanding and respect for diversity and differences in all venues through modeling respectful behavior and promoting and sustaining a commitment to programs that are focused on supporting social-emotional development at all grade levels.

The WRSD will provide age-appropriate anti-bullying educational experiences for all students in the district. As a school district, WRSD will enhance student achievement by creating and maintaining an educational environment where all students feel safe. In the unlikely event that a student feels uncomfortable, the school culture will strongly support student communication of their concerns to teachers, staff, administrators, parents or guardians.

A. Public Involvement in Developing the Plan

As required by M.G.L. c. 71, § 37O, the Wachusett Regional School District Bullying Prevention and Intervention Plan was developed in consultation with school staff, professional support personnel, administrators, community representatives, local law enforcement agencies, parents and guardians.

Prior to the presentation of this plan to the School Committee, a final draft of the plan will be made available on the WRSD website for Public Comment. The plan will be reviewed biennially (every 2 years).

B. Implementation

Consistent with applicable laws and regulations, all Principals will be implementing, with the support of the Superintendent and/or the School Committee, the following documents/ action plans:

- Receive and investigate reports of Bullying
- Plan intervention support strategies that meet the needs of the targets, aggressors, retaliators, and bystanders involved in the reported incidents
- Choose and implement a Bullying Prevention Curricula that each school will use
- Review, and where necessary, update District student and staff handbooks, and code of conduct
- Lead parent, guardian and family engagement efforts by providing appropriate informational materials for this group
- Collect, analyze, and report on building and district-wide data on past bullying incidents to understand trends and patterns, define the present problem, and create a baseline from which to measure improved outcomes
- Create a Records Retention Plan for incidents

C. Planning & Oversight

The Wachusett Bullying Prevention and Intervention Plan has been developed in collaboration with key stakeholders, including school and district administrators, school-based mental health staff, parents, school committee members, and local law enforcement. The principal or designee is

responsible for the implementation and oversight of the plan, except when a reported bullying incident involves the principal or assistant principals as the alleged aggressor. In such cases, the Superintendent or designee shall be responsible for investigating the report and other related steps, including addressing the safety of the alleged target. If the Superintendent is the alleged aggressor, the School Committee or designee shall be responsible for investigating the report and other steps necessary to implement the plan, including addressing the safety of the alleged target.

II: TRAINING AND PROFESSIONAL DEVELOPMENT

Under M.G.L. c. 71, § 37O the Wachusett Regional School District must provide ongoing professional development for all staff, including but not limited to, educators, administrators, counselors, school nurses, cafeteria workers, custodians, bus drivers, athletic coaches, advisors to extracurricular activities, and paraprofessionals as well as providing opportunities for parent, guardians, and community members to participate in this anti-bullying/ cyber-bullying initiative.

All stakeholders in the Wachusett Regional School District must be made aware of the state anti-bullying law and how it changes the definitions, reporting, investigation, and punishment of bullying incidents. Our School Committee, administrators, and faculty will be responsible for disseminating this information and for projecting how these changes will reflect on cultural changes in our schools as the implementation of M.G.L. c. 71, § 37O moves forward.

A. Annual staff training on the Bullying Prevention and Intervention Plan

School-based annual training for all school staff by the building Principal or designee will include:

- Staff responsibilities under the law
- An overview of the steps that the Principal or his/her designee will follow upon receipt of a report of bullying, cyberbullying or retaliation
- Modeling bystander expectations and reporting procedures.
- An overview of the bullying prevention curricula to be offered at all grade levels at each school in the district. Staff members hired after the start of the school year will be required to participate in this school-based training during the school year in which they are hired unless they can demonstrate participation in an acceptable and comparable program within the last two years.

B. Ongoing professional development.

The goal of professional development is to establish a common understanding of the tools available for staff to create a school climate that promotes safety, civil communication, and respect for differences. Professional development will build upon the skills of staff members to prevent, identify, and respond to bullying incidents. As required by M.G.L. c. 71, § 37O, the content of school-wide and district-wide professional development, will be informed by research and will include information on:

- Effective and developmentally or age-appropriate strategies to prevent bullying;
- Developmentally or age-appropriate strategies for immediate, effective interventions to stop bullying incidents;
- Information regarding the power differential that can take place between and among an aggressor, target, and witnesses to bullying;
- Current research findings on bullying, including information about specific categories of students who have been shown to be particularly at risk for bullying in the school environment;
- Current information on the nature of cyberbullying

Professional development will also continue to address ways to prevent and respond to bullying or retaliation for students with disabilities that must be considered when developing students' Individualized Education Programs (IEPs) and 504 Plans.

Additional areas identified by the Wachusett Regional School District for professional development may include:

- Emphasizing the importance of establishing and maintaining supportive student-teacher/staff relationships in school
- Emphasizing the importance of repairing harm (repairing relationships) in alignment with the Restorative Practices approach
- Teaching empathy, perspective-taking, and respect for the diversity and differences that exist among people
- Focusing on building students' social-emotional learning competencies and skills
- Incorporating trauma-sensitive teaching strategies
- Strategies for promoting prosocial bystander actions

C. Written notice to staff

The school district will provide all staff with an annual written notice of The Bullying Prevention and Intervention Plan. Sections related to staff responsibilities will be included in the District Employee Handbook.

III: ACCESS TO RESOURCES AND SERVICES

A key aspect of promoting a positive school climate is ensuring that the underlying social and emotional needs of targets, aggressors, families, and others are addressed.

Below is a summary of strategies aimed to provide supports and services necessary to meet these needs. In order to enhance the district's capacity to prevent, intervene early, and respond effectively to bullying, cyberbullying and retaliation, these services will be available to reflect an understanding of the dynamics of bullying and to provide approaches to address the needs of targets and aggressors.

The Superintendent or their designee will regularly update and provide to all schools a list of mental health resources available in the community as well as community programs/partnerships that support student well-being. School administrators, staff, and parents will collaborate in determining appropriate referral services.

A. Identifying resources.

WRSD will annually review its capacity to provide counseling and other services for targets, aggressors, and their families. This will include a review of current staffing and programs that foster positive school culture, as well as identifying any gaps in services and resources that need to be addressed. Principals will assess the needs of their individual schools in order to analyze existing resources.

B. Counseling and other services

The District will work collaboratively with school mental health staff and outside agencies to maintain a list of providers that will support schools in developing safety plans for students who have been targets of bullying or retaliation, providing social skills programs to prevent bullying, and offering education and/or intervention services for students exhibiting bullying behaviors. Schools may consider current tools including, but not limited to: behavioral intervention plans, restorative practices, social skills groups, and other related resources and approaches. The district will reference the American School Counseling Association for guidance on these matters.

C. Students with disabilities

As required by M.G.L. c. 71B, § 3, as amended by Chapter 92 of the Acts of 2010, when the IEP Team determines the student has a disability that affects social skills development or that he/she may be vulnerable to bullying or harassment because of his/her disability, the Team will consider what should be included in the IEP to develop the student's skills and proficiencies to identify and mitigate bullying, harassment, or teasing.

D. Referral to outside services

The school district will use a referral procedure for referring students and families to outside services. Referrals must comply with relevant laws and local policies.

E. Student Surveys and Data Collection

At least once every four years, the Wachusett Regional School District will administer a Department of Elementary and Secondary Education student survey to assess school climate and the prevalence, nature, and severity of bullying in our schools.

Additionally, the district will annually report bullying incident data to the Department of Elementary and Secondary Education.

Data from these surveys will be compiled and shared annually with district and school administration as well as School Committee in order to promote continual improvement.

IV: ACADEMIC AND NON-ACADEMIC ACTIVITIES

Wachusett Regional School District seeks to create a safe, respectful and caring school and classroom environment for all students regardless of their race, color, national origin, creed, religion, gender identity, sex, sexual orientation, age, physical appearance, socioeconomic status, family situation or disability. WRSD will lay the foundation for a positive school climate in pre-school and will continue to teach, nurture, and positively reinforce prosocial behavior throughout students' academic experiences.

- Each grade level will be provided developmentally-appropriate and evidence-based curriculum and instruction to teach pro-social skills that support academic success. Engaging Schools identifies these skill sets as follows: ([see Appendix C: Learning & Life Competencies](#))
 1. ***Self-Awareness:*** *The ability to accurately assess my feelings, behavior, interests, values, and strengths through my experiences, and name and describe the benefits of skills, behaviors, and mindsets that help me to be a good student.*
 2. ***Self-Management:*** *The ability to express emotions skillfully, manage my emotions by using strategies, sustain focus and pay attention, and accept help, feedback, correction, or consequences with good will.*
 3. ***Social Efficacy:*** *The ability to listen respectfully, make an effort to understand the emotions, words, and actions of others, and help and support others.*
 4. ***Academic Efficacy:*** *The ability to invest in quality work, organize to learn and study, and set goals and self-assess.*
- The entire school community (e.g. students, teachers, parents, bus drivers, lunchroom staff, janitorial staff, etc.) will work collaboratively to promote a caring and supportive school environment among all of its staff and students.

A. Non-Academic Bullying Prevention Efforts:

- The administration will review student behavioral expectations during assemblies during the first few weeks of school.
- The definition of bullying, cyberbullying, and retaliation and the protocol for handling incidents of bullying will be emphasized.
- Staff presence will be increased in areas where bullying is most likely to occur, such as bus arrival and departure locations, hallways, lunchrooms, recess, and near restrooms.
- A variety of evidence-based prevention programs to promote diversity awareness and respect for self and others will be explored and offered. District schools currently use the following programs: Second Step, Responsive Classroom, MARC (Massachusetts Aggression Reduction Center), and PBIS (Positive Behavioral Interventions and Supports) ([See Appendix B for full descriptions of these programs](#))
- Schools will create opportunities for students to engage in a variety of activities that are meaningful to them and that help them to feel positively connected to the school and/or the local community.
- Schools will promote a culture of kindness and community where students are empowered to speak out against bullying.

B. Academic Bullying Prevention Efforts:

- When possible, Learning and Life Competencies for School Success, including related target behaviors, will be incorporated into classroom activities and instruction, as well as other aspects of the school day ([See Appendix C](#))

V. POLICIES AND PROCEDURES FOR REPORTING AND RESPONDING TO BULLYING AND RETALIATION

WRSD will investigate all bullying, cyberbullying and retaliation incidents in a fair, timely, and thorough manner while being mindful of personal privacy rights and the stigma that a student may experience from being labeled in some way or another. Verified incidents of bullying, in all of its forms will be dealt with appropriately. Dispositions will begin with education and, when deemed necessary, will move to progressively sterner measures.

All disciplinary actions will balance the need for safety and accountability with the need to teach appropriate behavior and/or lagging social-emotional skills ([see Learning & Life Competencies in Appendix C](#)).

A. Reporting Bullying or Retaliation:

Reports of bullying or retaliation may be made by staff, students, parents or guardians, or others, and may be oral or written. Oral reports made by or to a staff member will be recorded in writing.

A school or district staff member is required to report immediately to the principal or designee or to the superintendent or designee when the principal or assistant principal is the alleged aggressor or to the School Committee or designee when the superintendent is the alleged aggressor, any instance of bullying or retaliation the staff member becomes aware of or witnesses.

Reports made by students, parents or guardians, or other individuals who are not school or district staff members, may be made anonymously. No disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report.

When reporting in writing, administrators, teachers, students, parents/guardians, school bus drivers, cafeteria workers, playground monitors, and any and all other staff and community members can access the “**Bullying, Cyber-bullying, Retaliation Incident Referral Form**” ([see Appendix A](#)) in the Main Office of the school, guidance/school psychologist’s office, the nurse’s office, and on the Wachusett Regional School District website.

1. Reporting by Staff:

A staff member will promptly report to the principal or designee any instances of bullying or retaliation witnessed by the staff member or that is reported to the staff member by a student, parent, or other individual and then follow up with an **Incident Referral Form**. The requirement to notify the Principal shall not, however, limit the authority of the staff member to respond to behavioral or disciplinary incidents consistent with school or district policies and procedures for behavior management and discipline. ([See Appendix A for reporting form](#))

2. Reporting by Students, Parents or Guardians, and Others:

The Wachusett Regional School District believes that it is the responsibility of students, parents, guardians, and others who witness or become aware of an instance of bullying or retaliation involving a student to report it to the Principal or designee.

Any individual who wishes to file such a complaint may request, and shall be provided with, assistance from a school staff member to complete a written report. Students will be provided practical, safe, private and age-appropriate ways to report and discuss an incident of bullying with a staff

member, or with the principal. Reports may be made anonymously, but no disciplinary action will be taken against an alleged aggressor solely on the basis of an anonymous report.

The filing of a false or fabricated complaint of bullying, cyberbullying, or retaliation is strictly prohibited and shall result in disciplinary action [\(See Appendix A for reporting forms\)](#).

B. Responding to Report of Bullying, Cyberbullying or Retaliation- Allegations of Bullying

1. Safety

Before fully investigating the allegations of bullying or retaliation, the principal or designee will take steps to assess the need to restore a sense of safety to the alleged target and/or to protect the alleged target from possible further incidents. Responses to promote safety may include, but not be limited to, creating a personal safety plan; pre-determining seating arrangements for the target and/or the aggressor in the classroom, at lunch, or on the bus; identifying a staff member who will act as a “safe person” for the target; and altering the aggressor’s schedule and access to the target. The principal or designee will take additional steps to promote safety during the course of and after the investigation, as necessary.

The principal or designee will implement appropriate strategies for protecting from bullying or retaliation a student who has reported bullying or retaliation, a student who has witnessed bullying or retaliation, a student who provides information during an investigation, or a student who has reliable information about a reported act of bullying or retaliation.

2. Obligations to Notify Others

a. Notice to Parents or Guardians

Once an assessment of bullying, cyberbullying or retaliation has been made and been deemed valid, the Principal or his/her designee will immediately inform the parent(s) or guardian(s) of the target and the aggressor of the investigation determination and any actions taken to prevent further incidents. Notice will be consistent with state regulations at 603 CMR 49.00.

While prior notice of an investigation shall not be required, there may be incidents where parents are notified prior to the Investigation.

In providing notice of investigation findings, the Principal shall maintain the privacy of any child/individual who is not the child of the parents/guardians to whom the notice is provided. The Principal shall not report specific information to the target’s parents/guardians about the disciplinary action taken against an aggressor unless it involves a directive for there to be no communication between the aggressor(s) and victim(s), or another directive that the target must be aware of in order to report violations.

The Principal shall also notify the parents about the Department of Elementary and Secondary Education’s Problem Resolution System and the process for accessing that system, regardless of the outcome of the investigation.

b. Notice to Another School or District

If the reported incident involves students from more than one school district, charter school, non-public school, approved private special education day or residential school, or collaborative school, the principal or designee first informed of the incident will promptly notify by telephone the principal or designee of the other school(s) of the incident so that each school may take appropriate action. All

communications will be in accordance with state and federal privacy laws and regulations, and 603 CMR 49.00.

c. Notice to Law Enforcement

At any point after receiving a report of bullying or retaliation, including after an investigation, if the principal or designee has a reasonable basis to believe that criminal charges may be pursued against the aggressor, the principal will notify the local law enforcement agency. Notice will be consistent with the requirements of 603 CMR 49.00 and locally established agreements with the local law enforcement agency. Also, if an incident occurs on school grounds and involves a former student under the age of 21 who is no longer enrolled in school, the principal or designee shall contact the local law enforcement agency if they have a reasonable basis to believe that criminal charges may be pursued against the student aggressor.

In making this determination, the principal will, consistent with the Plan and with applicable school or district policies and procedures, consult with the school resource officer, if any, and other individuals the principal or designee deems appropriate.

3. Investigation

The principal or designee will investigate promptly all reports of bullying, cyberbullying, or retaliation and, in doing so, will consider all available information known, including the nature of the allegation(s), student developmental factors, and the ages of the students involved.

During the investigation, the principal or designee will, among other things, interview students, staff, witnesses, and others as necessary. The principal or designee (or whoever is conducting the investigation) will remind the alleged student aggressor, target, and witnesses of the importance of the investigation, their obligation to be truthful and that retaliation against someone who reports bullying or provides information during a bullying investigation is strictly prohibited and will result in disciplinary action.

Interviews may be conducted by the principal or designee, other staff members as determined by the principal or designee, and in consultation with the school counselor, as appropriate. To the extent practicable, and given his/her obligation to investigate and address the matter, the principal or designee will maintain confidentiality during the investigative process. The principal or designee will maintain a written record of the investigation.

Procedures for investigating reports of bullying and retaliation will be consistent with school or district policies and procedures for investigations. If necessary, the principal or designee will consult with legal counsel about the investigation.

4. Determinations

The principal or designee will make a determination based upon all of the facts and circumstances. If, after investigation, bullying, cyberbullying, or retaliation is substantiated, the principal or designee will take steps reasonably calculated to prevent recurrence and to ensure that the target is not restricted in participating in school or in benefiting from school activities. The principal or designee will:

- 1) determine what remedial action is required, if any, and
- 2) determine what responsive actions and/or disciplinary action is necessary.

Depending upon the circumstances, the principal or designee may choose to consult with the students' teacher(s) and/or school counselor, and the target's or student aggressor's parents or guardians, to identify any underlying social or emotional issue(s) that may have contributed to the bullying behavior and to assess the level of need for additional social skills development.

The principal or designee will promptly notify the parents or guardians of the target and the aggressor about the results of the investigation and if bullying or retaliation is found, what action is being taken to prevent further acts of bullying or retaliation. All notice to parents must comply with applicable state and federal privacy laws and regulations. Because of the legal requirements regarding the confidentiality of student records, the principal or designee cannot report specific information to the target's parent or guardian about the disciplinary action taken unless it involves a "stay away" order or other directives that the target must be aware of in order to report violations.

The principal or designee shall inform the parent or guardian of the target about the Department of Elementary and Secondary Education's problem resolution system and the process for accessing that system, regardless of the outcome of the bullying determination.

5. Responses to Bullying / Consequences from Findings

Bullying behavior can take many forms and can vary dramatically in its level of seriousness and what impact it has on the target and other students. Accordingly, there is no one prescribed response to verified acts of bullying. While conduct that rises to the level of "bullying," as defined in this Bullying Prevention and Intervention Plan, will generally warrant disciplinary action against the aggressor, whether and to what extent disciplinary actions are imposed (e.g., detention, suspension, etc.) is a matter for the professional discretion of the Building Principal or his/her designee.

District administrators will integrate a range of responses that balance the need for accountability with the need to teach compensatory social-emotional skills and target behaviors. The needs and safety of the target will also be considered as part of restoring resolution to the bullying matter. Verified acts of bullying shall result in intervention by the building Principal or his/her designee and will address the acts of the aggressor and the needs of the target, and assure the sanction against bullying behavior is enforced with the goal that the bullying behavior will cease and desist.

Consequences should be considered with the following factors in mind:

- A. Nature, severity, and chronicity of the behavioral impact on the target
- B. Degree of physical, psychological, social harm on the target
- C. Student's age, development, and degree of maturity
- D. Surrounding circumstances and context in which the incident(s) occurred
- E. Prior disciplinary history and persistent patterns of behavior
- F. Relationship between and among the parties involved
- G. Context in which the alleged incident(s) occurred
- H. The need to balance accountability with the teaching of appropriate behavior and social-emotional skills.

The appropriate range of consequences, subject to due process where appropriate, may include but are not limited to:

- A. Verbal explanation and/or reprimand focusing on the nature of the harm caused
- B. Temporary removal from the classroom
- C. Loss of privileges (including before and after school activities)
- D. Detention
- E. In-school suspension
- F. Out-of-school suspension
- G. Reassignment of seats in lunch, bus, class, etc.
- H. Reassignment of classes
- I. Referral to an outside agency

J. Report to law enforcement

In addition, instructional activities designed to develop the skills and proficiencies necessary to avoid engaging in further bullying and/or retaliatory behaviors will be given, which may include, but are not limited to:

- A. Reparation to the target in alignment with the Restorative Practices philosophy and model
- B. Completion of a related curricular based assignment(s)
- C. Meeting with Civil Rights Coordinator
- D. Completion of community service designed to increase the aggressor's skills in empathizing with others
- E. Therapeutic support, including counseling or referral, for both aggressor(s) and target(s)

***** All completed Bullying Reports will be forwarded to Central Office for record-keeping and review. *****

The programs will be offered in collaboration with the PTO, PTA, School Councils, Special Education Parent Advisory Council, and other similar organizations.

B. Notification Requirements:

Each year the school or district will inform parents or guardians of enrolled students about the anti-bullying curricula that are being used. This notice will include information about the dynamics of bullying, including cyberbullying and online safety. The school or district will send parents written notice each year about the student-related sections of the Plan and the school's or district's Internet safety policy. All notices and information made available to parents or guardians will be in hard copy and electronic formats and will be available in the language(s) most prevalent among parents or guardians. The school or district will post the Plan and related information on its website.

VII: PROHIBITION AGAINST BULLYING AND RETALIATION

All students will be afforded the same protection under this Bullying Prevention and Intervention Plan, regardless of their status under the law.[L1] We recognize that certain students may be more vulnerable to become targets of bullying, harassment, or teasing based on actual or perceived characteristics, including race, color, religion, ancestry, national origin, sex, socioeconomic status, homelessness, academic status, gender identity or expression, physical appearance, pregnant or parenting status, sexual orientation, mental, physical, developmental or sensory disability or by association with a person who has or is perceived to have one or more of these characteristics.

Acts of bullying, which include cyberbullying, are prohibited:

- A. on school grounds, on property immediately adjacent to school grounds, at a school-sponsored or school-related activity, at a function or program whether on or off school grounds, at a school bus stop, on a school bus or other vehicle owned, leased or used by a school district or bullying school, or through the use of technology or an electronic device owned, leased or used by the school district or a school; and at a location, activity, function or program that is not school-related or through
- B. the use of technology or an electronic device that is not owned, leased or used by the school district or school, if the bullying creates a hostile environment at school for the victim, infringes on the rights of the victim at school or materially and substantially disrupts the education process or the orderly operation of a school. As stated in M.G.L. c.71 Sec.37O nothing contained herein shall require schools to staff any non-school related activities, functions, or programs.

Retaliation against a person who reports bullying, provides information during an investigation of bullying, witnesses bullying or has reliable information about bullying is also prohibited.

As stated in M.G.L. c. 71, § 37O, nothing in this Plan requires the district or school to staff any non-school related activities, functions, or programs.

VIII: PROBLEM RESOLUTION

Under Chapter 86 of the Acts of 2014 amended Section 37O of chapter 71 of the General Laws, any parent wishing to file a claim/concern or seek assistance outside of the district may do so with the Department of Elementary and Secondary Education Program Resolution System (PRS). APPENDIX B: Research-Based Curricula

Second Step: (K - 8)

Second Step is a universal intervention designed for use with all students in a school. Second Step teaches students how to effectively manage their emotions and demonstrate self-control. Research indicates that children who learn and use these skills do better in school academically. Direct observation of student behavior in various settings (i.e., classroom cafeteria, and playground) during different stages of the intervention (i.e., baseline, two weeks after completion, and 6 months after completion) revealed decreases in physical aggression and increases in neutral and pro-social behavior.

PBIS:

Positive behavior support is an application of a behaviorally-based systems approach to enhance the capacity of schools, families, and communities to design effective environments that improve the link between research-validated practices and the environments in which teaching and learning occur. Attention is focused on creating and sustaining Tier 1 supports (universal), Tier 2 supports (targeted group), and Tier 3 supports (individual) systems of support that improve lifestyle results (personal, health, social, family, work, recreation) for all children and youth by making targeted behaviors less effective, efficient, and relevant, and desired behavior more functional.

APPENDIX C: Learning & Life Competencies

Positive **MINDSETS** that set the stage for developing Learning and Life Competencies

A **mindset** is a set of deeply held assumptions and beliefs that drive behavior and create powerful incentives to sustain prior habits, choices, and preferred ways of doing things. Mindsets set the stage for academic engagement and developing Learning and Life Competencies. Self-identification with the values of schooling and the roles of a learner will influence the attitudes and perceptions a student holds in relation to his/her learning and academic performance. When students feel that school and school work have value, when they feel a sense of belonging in the classroom, and they approach learning tasks with positive expectations, they have a capacity to sustain their effort over time and express their curiosity, enthusiasm, and personal interest in what they are learning. This boosts students' confidence about their day-to-day experiences and fires up hope in their future. The examples below provide a range of entry points for conversations with students.

EXAMPLES:

- School and school work have value for me.
- I belong to an academic community.
- I approach tasks with positive expectations and an open mind.
- I accept challenges, take academic risks, and push myself to excel.
- My ability and competence grow with my effort.
- I express curiosity, enthusiasm, or personal interest in what I am learning.
- I cultivate personal talents, values, and positive qualities of character.
- I have hope in a positive future I can make for myself.
