Please take time to verify payroll deductions.

Verification upon receipt of your first pay stub will eliminate potential problems later. If you have elected to enroll in health, dental, life, voluntary life, long-term disability or flexible spending please be sure the code and correct amount are listed. If the codes are not listed you are not contributing toward the plan. If there is an error, the District will deduct the amount retroactively. If deductions are not withheld from your check you are not enrolled and will not be covered in the event of a claim.

Retirement

All District employees must be enrolled in one of three retirement plans:

- (1) Massachusetts Teachers' Retirement System (MTRS),
- (2) Worcester Regional Retirement System (WRRS), or
- (3) OBRA

Massachusetts Teachers' Retirement codes are:

- TR2 (withheld from employees earning over \$30,000) at the rate of 2% on the amount over \$30,000, annualized each pay period.
- TR5 indicates a withholding rate of 5%; similarly, TR7, TR8, TR9 and T11 are withheld at the rate of 7%, 8%, 9%, and 11% respectively.

The percentages are based on the employee's enrollment date in the retirement system.

Worcester Regional Retirement codes are likewise:

- WC2, WC5, WC7, WC8 and WC9 and are therefore withheld at rates of 2% over \$30,000, 5%, 7%, 8%, and 9% respectively.

Employees must have OBRA (Great-West Retirement) withheld if any of the following are true:

- The employee is employed for less than 1,040 hours in a calendar year.
- The employee is a substitute.
- The employee is a teacher employed .01-.49 FTE.

Tax Sheltered Annuities – 403(b)/457

Tax sheltered annuities, commonly referred to as TSAs, are listed as deductions. Employees should verify their TSA deduction information.

Employees may add a TSA deduction or make changes to a current TSA deduction at any time during the year with a signed *Salary Reduction Form*. This form is only available through Wachusett Regional School District. It is the employee's responsibility to track

calendar year deductions for your personal contribution limit as the payroll system documents this information on a fiscal year basis. Approved TSA providers are listed on the District's website, Employee Information page, 403(b) 457(b) info.

Amount Printed as Deposit for Direct Deposits Only

If you have Direct Deposit, the amount printed on your paycheck as "Deposit" represents the net direct deposit (DD NET), not the gross of all your direct deposits. If you have only one direct deposit bank account the amount of your check will be your net pay after deductions. However, if you have more than one direct deposit bank account the DD NET amount will represent the balance after deductions have been made to other direct deposit accounts.

Questions Pertaining to Your Paycheck

Questions regarding deduction codes, calculation of gross pay, or tax withholdings should be directed to the Payroll Office at extension 236 or 243.

Questions regarding accrual data should be directed to the Human Resources Office at extension 228.

Direct Deposit

You may have your direct deposit pay up to a total of five (5) bank accounts including your net account. Each and every paycheck will be direct deposited into all accounts authorized. You will still receive a pay stub. Amounts will be shown as deductions into those direct deposit accounts of your choice. There is only a one-pay transition period for bank account verification purposes. Once in place, pay through direct deposit is normally available in your account on the Friday morning of the payroll distribution week, including holiday weeks.

You will receive your pay stub electronically through your email. Electronic notifications are sent out the Wednesday prior to the Friday pay date. Please be reminded, even though you are notified on Wednesday, your pay is not effective until the Friday pay date as indicated on your pay stub. The pay stub is an attachment in the email. Upon opening your pay stub attachment, you will be prompted for a PIN number. Your PIN number is the last four digits of your social security number.
