Grievance Procedure

A. Definition

Any claim or complaint by the Association or one or more members thereof that there has been a violation, misrepresentation, or misapplication of this Agreement relating to wages, hours, or other conditions of employment shall be a grievance, but matters covered by applicable law or by regulation of any agency having jurisdiction over the parties hereto shall not be deemed a grievance.

B. Purpose

1. The purpose of this procedure is to secure, at the lowest possible administrative level, equitable solutions to problems, which may from time to time arise under this Agreement affecting the working conditions of employees covered by this Agreement.
2. Both parties agree that these proceedings shall be kept as informal and confidential as may be appropriate at any level of the procedure.

C. Informal Procedure

1. Nothing herein contained shall be construed as limiting the right of any employee covered by this Agreement having a grievance to discuss that matter informally with any appropriate member of the administration, and to have the grievance adjusted on such a basis without bringing in the Association, provided the adjustment is not inconsistent with the terms of the Agreement.

2. A written copy of the adjustment shall be forwarded to the WREA president and the Superintendent from both parties within five (5) school days of the decision.
3. At the option of the employee covered by this Agreement, a representative of the Association will be given the opportunity to be present at the conclusion of the informal procedure and to state its views. It is understood that only by the procedure delineated in Section D below may a party proceed to Level Three arbitration.

D. Formal Procedure

Level One - Principal

1. An employee covered by this Agreement who has a grievance will first set forth their grievance in writing on the Grievance Report attached to this Agreement APPENDIX I, Grievance Report and submit it to the principal within twenty (20) school days from the date of the event or events giving rise to the grievance or within twenty (20) school days from the date the grievant was aware of, or reasonably should have been aware of, the event or events giving rise to the grievance, but not to exceed sixty (60) school days from the event or events giving rise to grievance. Said grievance shall include the provision(s) of the contract that the grievant(s) contend(s) was (were) violated or misapplied.

4. Following this meeting, the principal has five (5) school days to render a written decision.

Level Two - Superintendent

2. Such appeal shall be in writing, setting forth the details of the grievance, the applicable provisions of the Agreement, and the decision, if any, rendered at Level One.

4. Within ten (10) school days, the Superintendent shall render a decision in writing.

1. The School Committee may designate a subcommittee to hear grievances in accordance with the process set forth below. The subcommittee shall have the authority to settle all grievances with the Association that are heard at Level 3 of the grievance procedures in this agreement.
2. If the grievant is not satisfied with the disposition of the grievance at Level Two or if no written decision has been rendered within the time limits set forth in Level Two, the grievant must file an appeal within twenty (20) school days after the written decision was due at Level Two.
3. Such appeal shall be in writing, setting forth the details of the grievance, the applicable provisions of the Agreement, and the decision, if any rendered at Level Two.
4. Within ten (10) school days after the receipt by the School Committee or designee of the written grievance, the School Committee shall schedule a hearing with the Association and the grievant in executive session at the next regularly scheduled School Committee meeting.

Unless requested in writing to do otherwise by all employees named in such records, any documents, communications and records dealing with the processing of the grievance will be kept in the strictest confidence.

3. Every effort will be made by all parties in interest to schedule grievance and/or arbitration sessions in the participants' non working hours or after school. However, arbitration proceedings may be scheduled by the District or its agent during the school day.
 - a. Two (2) Association representatives will be released from assigned duties to attend arbitration hearings scheduled during the school day.
 - b. Employees will be released from assigned duties without loss of pay as necessary and as required by any party in interest, to permit participation in the proceedings as a witness.

- c. Such witness will be covered for the amount of time necessary to travel to and from the hearing and to testify at said hearing.
4. Any grievance that is Member(s) or Building specific shall be filed at Level One; all others may be initiated by the Association at Level Two. The Superintendent may remand any matter initially filed at Level Two to the Building Level for a period of ten (10) school days.
5. The District and the Association view the grievance and arbitration procedure, as a problem-solving procedure, which may be used with impunity.
6. If the grievant fails to present the grievance at each level in writing within the specified time, said grievance shall be considered to be waived.
7. By mutual agreement, the parties may agree to extend any of the time limits delineated in this Article.

ARTICLE 9

Reduction In Force (RIF)

It is recognized that it is within the sole discretion of the School Committee and the Superintendent to reduce the staff, if necessary, because of a decrease in enrollment, a decrease in revenues, or for any other reason sufficient under the General Laws of this Commonwealth. Any implementation of reduction in force not in accordance with these procedures may be subject to grievance, arbitration, or bargaining at the election of the Association. The reduction shall be accomplished as follows:

- A. In the event it becomes necessary for the Administration to reduce the number of employees in the bargaining unit because of financial limitations, decrease in pupil enrollment, changes in curriculum, or reorganization the procedures set forth in the Article will govern the layoff and recall of employees who are affected by such reduction.
- B. Teachers with fewer than three (3) years of experience are not covered by the reduction in force language. Notification of non-renewal shall take place not later than June 15 of the year prior to the start of the school year in which the reduction will take place.

- C. No teacher with professional status shall be laid off if there is a non-professional status teacher whose position such teacher with professional status is qualified to fill. Qualified shall mean certified by the Department of Elementary and Secondary Education.
- D. For the purposes of complying with MGL c. 71, s. 42 as amended by St. 2012, c. 131, s.3 and as these new statutory amendments are effective September 1, 2016, if layoffs are determined to be necessary by the Superintendent, they shall be conducted in the following manner:

Teachers with Non-Professional Teacher Status and those with fewer than three (3) years of experience in the district shall be non-renewed before any teachers with Professional Teacher Status.

Prior to implementing a layoff or Reduction in Force, the Superintendent shall:

- Meet and discuss its intentions with the Association.
- Meet with the affected employee(s) and a union representative chosen by the employee to discuss how the decision was made.

Layoffs shall be conducted within targeted disciplines based on the teacher's job performance and the best interest of the students. A targeted discipline for the purpose of this section is the area of certification in which members are teaching and for which a layoff is contemplated. A teacher's job performance and the best interest of the students shall be defined as the teacher's past summative overall evaluation ratings as compared to other teachers' past summative overall evaluation ratings in the discipline targeted to be reduced. Summative ratings of Proficient and Exemplary are considered equal and valued the highest. As such, teachers with such ratings shall be more qualified than teachers with a summative rating of "Needs Improvement," who, in turn, shall be considered more qualified than the teachers with a summative rating of "Unsatisfactory." If two or more teachers are considered equally qualified, the least senior teacher(s) shall be displaced based on seniority.

The number of summative evaluations compared will include all those evaluations written for teachers during the time equal to the most recently hired professional status teacher in the targeted discipline, but not to exceed six (6) years and excluding the most recent summative evaluation that is to be determined for the year of the reduction. If there is a tie using the above criteria, the tie shall be broken by seniority, with the least senior teacher in the discipline targeted laid off first.

A teacher with Professional Teacher Status, with a proficient or exemplary summative rating, reached for layoff in a specific discipline may bump the least senior teacher in another discipline for which the senior teacher is qualified using the criteria established above.

The parties agree that should MGL c. 71, s. 42 as amended by St. 2012, c. 131, s.3 be repealed or otherwise changed, the language in this section will be negotiated between parties.

E. Notification

The Superintendent shall provide written notice to the Association and notification by certified mail at the address of record to the employee(s) to be affected by reduction in force, providing reasons therefore, as soon as reasonably possible prior to the start of a school year. It is the sole responsibility of the employee to keep the District informed of any changes in their address of record.

F. Recall

1. Any reduced employee laid off pursuant to this article shall have the rights to any position for which the employee is licensed for a period equal to the number of years of service to the District but not more than two years commencing from date of notification. Such recalled employee shall be placed on the salary schedule at no lower level than the employee would have attained in the year following lay off and with continued seniority. Further, the recalled employee shall be granted any benefits the employee had accrued up to the point of their termination.
2. A laid-off teacher who attains a new licensure may bump the least senior teacher within that area of licensure at the beginning of the school year. The laid-off teacher shall provide the District the license or demonstrate to the District the ability to obtain a license at least sixty (60) calendar days prior to the opening of school. This two year window may be extended by the Superintendent. due to extenuating circumstances related to the licensure process.
3. Reduced employees with professional status shall be recalled in their inverse order of reduction to positions within their area(s) of licensure.

4. The Superintendent shall notify, by certified mail to their last address of record, a reduced employee to be recalled. If a reduced employee fails to notify the Superintendent within fifteen (15) days from the date of mailing of said notice, the employee shall forfeit all such recall rights. It is the sole responsibility of the reduced employee to keep the District informed of any change in their address of record and licensure status.

G. Attrition

To the extent possible and practical, and subject to teacher certification laws, regulations, and qualifications, normal attrition will be used to accomplish any reduction in force.

H. Curriculum

Nothing in this Article shall limit the District's right to eliminate courses, consolidate classes, revise curriculum, or reorganize the school system. The Superintendent will make every effort to provide alternative opportunities for displaced employees wherever possible in accordance with this Article. The exceptions to the District's right are detailed in ARTICLE 13 D and ARTICLE 14 paragraph B.

I. Introduction of Change

1. Technology shall be used as a tool to enhance the learning and teaching process of students and shall not be used for the purpose of Reduction in Force. Members are responsible to upgrade their skills in the uses of technology.
2. The District and Association agree to work collaboratively and cooperatively to improve the skills of teachers.
3. Members will not be reduced in force as a result of sub-contracting services.

ARTICLE 10

Vacancies, Promotions and Transfers

- A. Whenever any vacancy in a bargaining unit position occurs, the vacancy will be publicized by being posted on the District's website or the employee self-service portal established by the District.

B. During July and August, the District shall notify the President of the Association of any such vacancy and provide a public information recording listing all vacancies in the District as described above, which will be updated biweekly.

1. Position(s) will be posted internally for a minimum of seven (7) calendar days before being filled.
2. The qualifications for a position and its duties shall be included in the posting.
3. The District will interview at least three (3) qualified applicants from within the bargaining unit. If there are fewer than three (3) qualified applicants from within the bargaining unit, all qualified members will be interviewed.
4. If the principal, in their sole discretion, does not select any of the candidates from within the bargaining unit, the position may be filled by a candidate who is not a member.

C. For members, at the end of the first or second year of the transfer position, either the member or the principal, in their respective discretion, may require a transfer back to the previous year's position, provided that the position (or comparable position) is available.

D. The provisions cited in this Article dealing with the principal's exercise of discretion shall not be subject to the grievance and arbitration procedures outlined in this Agreement.

E. For newly employed members, initial salary step placement shall be at the District's discretion. Academic credentials shall determine lane placement.

F. The District shall make every effort to fill permanent vacancies in a timely manner with permanent replacements who are members of the bargaining unit. For the purposes of this section, a six-month period is considered a reasonable period while a two-year period is considered to be an unreasonable period.

ARTICLE 11
Involuntary Transfers

- A. Involuntary transfer will occur only when necessitated by unusual situations or during reduction in force situations.
 - 1. An unusual situation is defined as any situation where involuntary transfer would be in the best interest of the member and the District as determined by the Superintendent.
 - 2. Reduction in force situations would include any situation where an involuntary transfer would be necessitated by programmatic changes implemented by the District.
- B. When involuntary transfers are necessary, a meeting may take place, at the affected member's request, with the member(s) involved, the Superintendent and the Association president at which time the member(s) will be notified of the reason for the transfer.

2. These days shall not be scheduled during the traditional recesses in the school year calendar.

G. In the event that the District requires the services of a “Related Service Provider,” which shall be defined to only include Occupational Therapists, Speech-Language Pathologists, or Physical Therapists, beyond the school-year, the Superintendent shall request volunteers from Related Service Providers currently employed within the District. In the event that a currently-employed Related Service Provider accepts the work beyond the school year, the member shall be compensated at their regular per diem hourly rate or sixty dollars per hour (\$60.00), whichever is greater. Such services from Related Service Providers may not be required.

H. Other working conditions pertaining to summer recess shall remain intact.

ARTICLE 13

- b. If a school site is unable to schedule one forty-five (45) minute period per workday the members of that site will have a total of four hundred seventy (470) minutes of duty-free preparation time per ten (10) consecutive workdays. The majority of this time will consist of periods of not less than forty-five (45) minutes and the remainder of this time will consist of periods of not less than thirty (30) minutes per workday. The preparation period is exclusive of a duty-free lunch period. The applicability of this sub-paragraph 1(b) shall conclude for full-day PreK-8 members no later than the last day of the 2024-2025 school year.

- c. Effective at the start of the 2025-2026 school year, preparation periods may only be postponed or shortened due to unforeseen emergencies. These periods are to be used for induction, orientation and guidance activities, with the following clarifications:
 - These periods are intended to be discrete from the traditional teaching duties assigned to members; members will not be required to prepare and/or plan lessons prior to the activity period.
 - Members will not be required to assess students' activity period performance.
 - Members recognize the importance of supervising students and implementing student activities during these activity periods.
- c. Members will not be required to supervise students in the cafeteria, cafeteria areas, or late bus areas nor will they be assigned to duties within the lavatories.

Beyond those eight (8) preparation period meetings, teachers may be required to participate in further meetings during their regularly scheduled class time, in which case their class will be covered by the district. Up to four (4) additional meetings can take place before or after the workday, so long as those meetings do not take up more than one hour of the teacher's time for each meeting, and so long as those meetings are held contiguous with the work day.

8. It is agreed that should activities associated with a professional development day run beyond the WREA members' scheduled day, that such time would be deducted from the meeting time that members are responsible for under this article.
9. The parties recognize that either a Parents' Night, an Open House, or a Curriculum Night is a professional obligation and an effective means to facilitate communication between the schools and parents. Annually, one of these nights shall be scheduled by the principal after seeking input from staff on the best agreeable date. The District agrees that it will work with members of the bargaining unit who are unable to attend a scheduled Parents' Night or Open House, due to scheduling conflicts or other reasonable reason(s), to ensure that said staff member is able to effectively communicate with parents about student progress and performance. The WREA agrees that the member shall submit an appropriate method to the building principal indicating how the member will effectively communicate with parents if said individual was unable to attend the regularly scheduled Parents' Night or Open House. An example of an appropriate method would include notification to interested parents of alternate means of effective communication. This sub-paragraph 9(a) shall conclude for members on the last day of the 2023-2024 school year and will be replaced by sub-paragraph 9 (b) below.

Effective at the start of the 2024-2025 school year, the following language shall take effect: The parties recognize that one Parents' Night and one Open House/Curriculum Night are professional obligations and an effective means to facilitate communication between the schools and parents. Such obligations are to be equitable across all schools. These obligations shall be scheduled by the principal after seeking input from the staff on the best agreeable date. The District agrees that it will work with members who are unable to attend such obligations, due to scheduling conflicts or other reasonable reasons, to ensure that said member is able to communicate effectively with parents about student progress and performance. To compensate for this additional obligation outside of normal working hours, the District guarantees a district-wide half-day, with

no professional obligations in the afternoon, for all members on the Friday in the week in which the Parents' Night is scheduled.

10. Members recognize the importance of joining with their colleagues and administration to: develop curricula and assessments, analyze student work and create interventions for exceptional students. In recognition of this importance, teachers will show evidence of collaboration on a routine basis. Such work may be completed during the school day, or after school, as appropriate, exclusive of scheduled meeting time.
11. Itinerant service providers shall not be assigned duties.

Working Conditions

A. General Conditions

Although the principal responsibility of teachers is to teach, guidance counselors to counsel, and all other recognized groups to function within their area of licensure or expertise, all members contribute individually and collectively to the successful operation of school buildings, the school District, and the education of the students therein.

1. In assigning students to classes, the administration shall make every effort to work with staff to determine appropriate class sizes relative to educational, safety, and financial considerations.
2. The School Committee shall modify School Committee Policy 3510 to include a report by the Superintendent to be presented at the open session of the School Committee during the months of November and March of each school year. This report shall include a listing of classrooms that are in excess of the recommended policy and the staffing requirements that would be required to bring the classroom into compliance with the policy. School Committee Policy 3510 shall be modified and approved by the School Committee on or before September 1, 2018.
3. Members accept responsibility for effectively communicating with parents and students at times convenient to both parties. If a mutual time cannot be established, the principal shall set a time contiguous with the school day. Parental visitations shall be coordinated through the building principal

with consideration given to the preference of the teacher for the appropriate times.

4. The District will determine class assignments in which a member will teach within their licensure and in conformance with state law or regulation. Every effort will be made to assign staff members to teach in not more than two (2) areas of licensure.

If it is necessary, under extenuating circumstances, the District may assign a member to teach in more than two (2) areas of which the member is licensed. The WREA president will be notified by the building principal when the District assigns a teacher to more than two areas of licensure as soon as reasonable.

5. In all matters relating to teacher workload, teacher assignment, distribution and balance of class sizes, non-teaching duties, after school meetings, and similar matters, the administration will make every reasonable effort that fair, impartial, and equitable treatment and consideration is given to each such circumstance.

Each member providing special education services is encouraged to provide written input to his or her supervisor regarding the status of their caseload. In the event a member finds their caseload and/or workload to be unreasonable, the member may request to meet with administration and an Association representative to discuss the member's caseload. The meeting will take place within fifteen (15) school days of the request. No more than two (2) meetings per year need be granted. If a member is not satisfied with the outcome, the member may request to meet with the superintendent or designee.

6. Every effort will be made to inform members of their assignments by the close of the current school year for the next school year. All members employed by the district prior to the close of the previous school year will receive notification of step and lane placement, salary, longevity payments, full time and/or part-time status, location of employment, and position on the District's electronic platform no later than August 15.
7. The parties agree to work together to provide for the orderly and safe operation of school buildings. Teachers shall maintain visibility in corridors

and make regular visits to student lavatories to prevent infractions of school rules.

8. Members accept responsibility for classroom order and management. In the event that individual student behavior becomes disruptive to the education of others in the class, members shall receive administrative support.

B. Annual Flexible Work Time Assignments

Work time assignment is defined as the daily work start and end times in conformance with the workday included in this Agreement.

1. Nothing in this Agreement will prevent the District from implementing a flexible work schedule in any District school building in emergency situations.
2. Flexible scheduling will be used only when the District does not have sufficient facilities within a building to accommodate the educational program of the students and should be considered as an emergency temporary measure only.
3. The conversion to flexible work times shall not be for the direct purpose of eliminating existing program offerings. Nothing in this Article limits the rights of the parties as outlined in ARTICLE 9, Reduction in Force.
4. In schools where there are flexible work times, the principal/designee shall request input from members regarding their work time preferences on an annual basis prior to the commencement of the annual scheduling process. Every effort will be made to accommodate the member's preference.
5. The most senior member within licensure and area of concentration shall be given preference, whenever possible, in work time assignment on an annual basis within a school building.
6. Members employed as of June 20, 1997, shall work a contiguous workday.

C. Additional Teaching Assignment

If a teaching assignment is scheduled and the District desires to fill this position with an existing staff member within the building who holds a full time work load and said individual wishes to accept such teaching assignment, the member shall be paid 1/900 of the member's annual salary for each teaching period worked.

1. Preference will be given to the senior staff member within licensure, area of teaching, and teaching experience.
2. This provision does not pertain to emergency substitute assignments included in ARTICLE 15, Emergency Class Coverage.
3. Members who accept such a teaching assignment as a long-term replacement instructor shall be paid a stipend commensurate with their current salary and contractual teaching obligations.

ARTICLE 15

Emergency Class Coverage

- A. The parties agree that, when the administration is unable to secure a substitute teacher, any member shall accept assignment in the substitute position during their unassigned period(s), if in the judgment of the administration, the best interests of the pupils will be served by making such assignment.
- B. Such assignments shall be made on a rotating basis by free period. Where possible, teachers will be assigned their discipline.
- C. Any member who substitutes more than ten (10) periods a year will be paid 1/900 of their base pay for each period beyond ten (10), except when the member substitutes for a teacher who is absent for the whole day for whom a substitute has not been procured, in which case the member will be paid 1/900 of their base pay for each period the member substitutes. WREA members must input all absences, and request a substitute, into ReadySub, or the successor platform, unless otherwise directed in writing by the building administration. Members substituting for fellow members who do not request a substitute in ReadySub, or its successor, will fall under this provision and the substituted class will count towards one of the ten (10) periods per year.

ARTICLE 16
Staff Development Planning

- A. The Professional Development Committee will be comprised of three (3) members of the WREA, appointed by the President, and up to three (3) members designated by the Superintendent of Schools. The committee will meet monthly to review the current professional development activities within the district, review participant feedback and to make recommendations. Additionally, the committee shall be given the opportunity to review and provide feedback on the annual program of professional development opportunities for the following school year and will categorize the PDPs for each district-sponsored professional development activity offered. It is understood by both parties that this program will be included in the Superintendent's Report to the School Committee.

- B. This time shall be planned so as to provide eligibility for credit necessary to maintain professional status. Individual groups of teachers may submit proposals to the Principal, for Superintendent and Principal approval, for staff development programs for these days.

- C. Members may submit proposals for the first professional development day to their building administrator and/or Superintendent prior to June 30th of the preceding school year and prior to December 31st for the second professional development day of that respective school year.

- D. Recognizing the importance of professional development in maintaining a highly qualified teaching staff, the District will set aside a sum of money each fiscal year equal to two (2) times the Masters, Step 1 salary for that year. These funds will be for the specific use by the members of the WREA to help defray the costs associated with professional development.
 - 1. These costs may include, but are not limited to, conference expenses, school visits, course fees, travel directly associated with professional development, workshop fees, and class coverage for WREA members attending professional development.

 - 2. WREA members who wish to avail themselves of professional development opportunities as outlined in this article may apply to the District in writing for payment up to, but not exceeding, the costs associated with such professional development, pending

administrative approval. The District reserves the right to retroactively increase funding if all professional development monies have not been requested by June 1 of the school year.

3. Any monies that have not been spent during the current school year will be forfeited.
4. When possible, WREA requests for administrative approval and payment under this article must be made, in writing at least ten (10) school days prior to the opportunity and also must contain an explanation of the educational value of the request.
5. Upon completion of professional development as outlined in this article, members may be requested to share this experience in writing and/or in person with other members of the District staff.

ARTICLE 17

Complaints and Discipline

- A. Any complaints (except charges of criminal conduct or administrative complaints of a nonacademic nature) regarding a member made by any parent, student or other person, and impelling some official cognizance by the Superintendent, shall be promptly called to the attention of the employee in order that the employee may rectify the situation or answer such complaints.
- B. The member will be first notified of the charges to be proffered against them and will be entitled to have representation of their own choice present during the discipline session.
- C. Members will be treated in a professional manner.

ARTICLE 18

Teacher Evaluation System

The teacher evaluation system is hereby incorporated into this agreement by reference. A subcommittee representing both parties will review and update the evaluation tool annually to reflect the DESE requirements and needs of the District. Only substantive changes need to be ratified by the parties.

ARTICLE 19

Provisions for Leave

Under extraordinary circumstances not covered below, a member may apply to the District for special leave consideration.

A. Sick Leave

1. A member with non-professional status shall earn sick leave at the rate of one and two tenths (1.2) days per month of employment; such annual accrual shall be capped at twelve (12) days per year and a member may carry over a maximum of one hundred eighty (180) days each school year.
2. Any member with professional status shall earn sick leave at the rate of one and one half (1.5) days per month of employment; such annual accrual shall be capped at fifteen (15) days per year and a member may carry over a maximum of one hundred eighty (180) days each school year.
3. All members shall be credited with their annual sick leave accrual as of the first day of work of each work year.
4. If the member terminates service prior to the conclusion of the work year in which such sick leave was credited, the member shall reimburse the District for any sick leave used in excess of the monthly allowance.
5. A member absent due to sickness or injury, shall notify their supervisor as early as possible before the starting time of the school day on each day of absence.
6. The District may require a medical examination of any member claiming leave under this Article in its discretion. Such examination is to be at the expense of the District by a physician selected by it.
7. In the case of absence due to an industrial accident, the District agrees to allow the member to make up the difference between regular take home pay and the amount received from workers' compensation. The amount of such difference shall be charged against the employee's accrued sick leave. If no sick leave is available, the employee may not recover any difference in pay.

8. For illness of the member of the employee's immediate family, which necessitates the employee's absence from school, up to ten (10) days per year may be charged to the employee's personal sick leave.

B. Personal Leave

1. All members shall be entitled to three (3) personal days per year, for the purpose of conducting personal business that must be conducted during regular work hours, two (2) days of which can be used consecutively for reasons such as weddings and graduations that require travel. Personal days require the prior approval of the Building Principal and are at full pay. The District reserves its right to make requests regarding the use of personal time by Association members when adherence to the definition of personal time is in question. Any day denied by the Principal may be reviewed by the Superintendent.
2. In cases of emergency, the notice requirement for prior approval may be waived by the Principal. The District shall reply to said requests promptly.
3. Members' unused personal days shall be converted to unused sick days and be added to the members' total sick day accrual at the end of the school year. Members may carry over one (1) unused personal day per year with a cap of four (4) personal days allowed.
4. The following list of reasons for personal days is considered examples acceptable by the District but is not considered exhaustive or exclusive of other reasons not listed: family medical appointment, legal matters, graduations, funerals, personal real estate transactions, and estate or inheritance transactions.

C. Bereavement Leave

1. In the event of the death of a member of an employee's immediate family, the employee will be allowed to take up to five (5) bereavement days per event at full pay. Immediate family members may include, but not limited to, spouse, domestic partner, parent, child, sibling, grandparent, grandchild, person living in the same household, or someone who has acted in loco parentis. All step- and in-laws are included in the previous sentence.

2. Members will be granted one (1) day at full pay per event on the death of an aunt, uncle, niece, or nephew, or cousin who lives at an address other than that of the employee.
3. In cases where there is a need to travel out of the area for funeral services, the employee may appeal for additional bereavement day(s).

D. Adoption Leave

1. Adoption Leave: In the case of an adoption, the member will be allowed up to twelve (12) weeks leave. Accumulated sick and personal leave may be applied during the leave period.

E. Parental Leave and Child Rearing Leave

A member who has completed three (3) or more months (90 calendar days) of continuous and unbroken service within the system shall be eligible for parental leave, as described in the sections below of this article, if the member provides to the Superintendent or their designee written notice at least two (2) weeks in advance of the expected departure date and of the intention to return to employment in the system.

1. Parental Leave. Pursuant to the MGL, c. 149, s. 105d, each employee shall be entitled to up to eight (8) weeks of parental leave without pay for the purpose of giving birth or for the placement of a child under the age of 18, or 23 if the child is mentally or physically disabled, for adoption with the employee who is adopting or intending to adopt a child. If there are two (2) employees employed by the District, they will only be entitled to eight (8) weeks of parental leave in the aggregate for the birth or adoption of the same child.
 - a. Accumulated sick and personal leave may be applied during Parental Leave.
 - b. In cases of miscarriage or stillbirth, the employee may return earlier than originally intended by notifying the Superintendent or their designee. In such a case, the member may choose to apply bereavement days in place of parental leave.
2. Child Rearing Leave. At the end of the maternity leave (or with the arrival of an adopted child), child rearing leave may be granted at the discretion

of the Superintendent, after the written request of the employee for a period of up to the remainder of the school year. A member may apply for additional unpaid leaves of absence, subject to the Unpaid Leave provision detailed below.

3. Return From Leave. The member is entitled to return to a similar position with at least the same salary level and benefits coverage for which the member was eligible under the contract in force on the date that the member's leave commenced (subject to exceptions defined in MGL, c. 149, s. 105d).
 - a. During extended child rearing leave, the member shall not accrue time toward professional status, sick leave, seniority or other advantage or right of employment normally incidental to the employee's position, provided, however, that upon return to work such employee shall be granted all leave, seniority and length of service credit which the employee had at the start of the extended child rearing leave.
 - b. In cases where the member has completed half of the school year in which leave commences, the member will be eligible for customary salary progression upon return.
 - c. In cases where the member has been granted a child rearing leave for the remainder of the school year, said teacher must notify the District of their intention to return to their position in the following school year by February 1 of the school year in which the leave is taken.
4. Family and Medical Leave. Up to twelve (12) weeks of leave may be granted to eligible members for family and medical leave purposes in accordance with the Federal Family and Medical Leave Act of 1993. FMLA leave time will run concurrent with any other leave to which the employee is entitled. WREA members shall be able to use any and all sick time during an eligible leave without risk of separation of service from WRSD. Members are encouraged to contact the WREA and/or the WRSD for clarification when contractual Provisions for Leave are combined with Family Medical Leave benefits.

F. Military Leave

An employee in the Armed Forces Reserve or the National Guard, who shall be required to and does attend annual active duty for training, shall be paid the difference between compensation regarding official government records, and their regular compensation; provided that such military leave does not exceed seventeen (17) days in any twelve (12) month period, and shall not include payment to members of the Armed Forces Reserve or National Guard who may be mobilized during an emergency.

G. Court/Jury Duty

Members will be granted one (1) day at full pay per call to jury duty. In accordance with MGL, c. 234A, any employee required to serve jury duty shall be paid the difference, if any, between their regular wages and the jury duty pay, over and above the amount the member receives for jury duty, exclusive of allowance for travel and meals.

H. Unpaid Leave

A member covered by this Agreement may, upon application to the District, be granted authorized absence without pay.

1. Leave of absence without pay of up to one (1) year may be granted to any recognized member, at the discretion of the District. When applying for such leave, the employee must include the reason for said request. A member may apply for additional unpaid leaves of absence.
2. If the stated purpose for the requested leave changes before or after its approval, the member must immediately notify the Superintendent and such member be subject to immediate recall.
3. Continued participation in the District's insurance coverage plans shall be allowed for all employees on approved leaves of absence, provided the member pays 100% of the premium.

I. General Provisions on Return from Leave

All salary and benefits to which a member was entitled at the time the leave of absence commenced including unused accumulated sick leave shall be restored upon return, and the member shall be assigned to a similar position to that held at the time said leave commenced. If the same position is not available, the employee will be assigned to the most nearly equivalent position.

J. Sabbatical Leave

1. The purpose of a sabbatical leave is to encourage, promote, and enhance the education of the member in order to better serve the District and the students therein. Sabbatical leaves may include graduate programs, travel programs, field experience, and research programs.
2. A member who has completed a minimum of six (6) years of continuous service to the District in a position covered by this Agreement is eligible for a sabbatical leave.
3. Individuals applying for a sabbatical leave shall notify the District by October 1 preceding the proposed sabbatical leave. A detailed plan of the sabbatical leave program will be submitted to the District by November 1 of the same year. The District shall render its decision no later than December 1 preceding the proposed sabbatical leave. Exceptions shall be made in this calendar under extenuating circumstances.
4. In accordance with state law, an individual granted sabbatical leave must return to the system for a period of time equal to twice the length of their leave. In default of completing such services, the member shall refund to the District an amount equal to the proportion of salary received while on leave as the amount of service not actually rendered as agreed bears on the whole amount of service agreed to be rendered. Exceptions could be made in cases of illness, death, or other extenuating circumstances to be considered by the District.
5. Provisions of professional teacher status, position classification, and placement on the salary schedule would continue on the same basis as if the member had not been granted the sabbatical leave.
6. Sabbatical leaves shall be for one (1) school year at two-thirds (2/3) base pay. A member shall be paid on this schedule unless other financial arrangements are agreed to by the District and the member.

K. Sick Bank Leave

9. Applications for benefits can be made by an active, contributing member of the Sick Bank. Applications must be in writing, and at least twenty (20) days prior to the point at which the employee's sick leave is exhausted. (For extenuating circumstances, the twenty (20) day waiting period can be waived.) The application must be accompanied by a doctor's letter certifying the need for extended leave and estimating the number of days needed for recovery.
10. The Sick Bank Leave Committee cannot act without a physician's statement.
11. The initial grant of sick leave by the Sick Bank Leave Committee cannot exceed twenty (20) days. Additional leave may be extended upon reconsideration of need by the Sick Bank Leave Committee.

respect to the administration of the sick leave bank and shall not be subject to grievance or arbitration.

L. Extended Illness Leave

1. Any member who has exhausted their accumulated sick leave and any allotted days from the sick bank may opt for extended illness leave. The member will be entitled to receive the difference between their regular salary and the substitute's compensation for an additional period (not to exceed ninety (90) days) equal to the number of sick days they had accumulated at the beginning of school year when the illness leave began.
2. A member who has opted not to join the sick bank may opt for extended leave when they exhaust their accumulated sick days.
3. The daily substitute rate will be determined by the Committee.
4. Days may only be granted for the applicant's extended disability resulting from serious illness and/or accident.
5. A physician's certificate will accompany all requests for extended illness leave.
6. Days beyond what the member was entitled to may be considered by the Superintendent on a case by case basis.
7. As with the sick bank, the total number of extended illness days a member qualified for (based on their accumulated sick leave at the beginning of the illness) will be carried over into the subsequent school year and may be used after the member uses their new allotment of sick days.
8. Members who are on Worker's Compensation are not eligible for this benefit.

Term:

The term of the job sharing shall be for one school year, and the partner teachers shall return to their respective assignments beginning with the school year following the school year during which the job was shared. C. Retirement After Twenty-one (21) Years Continuous Service

1. Any member having completed twenty-one (21) continuous years of service to the District or its predecessors shall be able to receive payment for ninety (90) of their accumulated sick leave days as of the date of retirement or death.
2. Members employed as of June 20, 1997 at Wachusett Regional High School shall receive payment for each day at the rate of \$60 per day plus the rate paid to all members.
3. All members shall receive payment for each day at the rate of \$45 per day.
4. Any member who is voluntarily or involuntarily transferred to the high school or fills a vacant position at the high school after June 20, 1997 will not be eligible for the benefit paid to high school members detailed above but will retain eligibility for the benefit paid to all members.
5. Members employed at the high school as of June 20, 1997 shall retain the benefit detailed above throughout their continuous service to the District as a member.
6. Members employed as of June 20, 1997 at Wachusett Regional High School shall remain eligible for the high school retirement benefit included in the collective bargaining agreement after having completed steps 11, 15, and 21 as they relate to years of teaching service. These same members shall be eligible for the additional district-wide benefit consistent with the service requirements contained in the collective bargaining agreement. For example, a member employed at Wachusett as of June 1, 1997 who taught twenty years in another school district, who is currently at step 22, and who retires in June 2000, shall be eligible for the payment of the \$5,400 benefit contained in the collective bargaining agreement, but shall not be eligible for payment of the additional \$45 per day up to \$4,050. Said teacher is only eligible for the \$5,400 because the member had not provided twenty one 21 years of continuous service to the Wachusett Regional School District.

D. Rutland Retirement Benefit

1. The District asserts that the intent of the Regional Agreement, paragraphs 18.1 and 18.2, was that the Town of Rutland would absorb the cost of any terminal benefit due the Town's former employees as of June 30, 1994 minus credit for any district-wide terminal benefit granted to all members of the Association through the collective bargaining process. The District believes that the Town retains an obligation to the affected employees.
2. The parties recognize that an action has been filed in the Worcester Superior Court, WSC Docket No. 97-1260B seeking a Declaratory Judgment on the applicability of the terminal benefit provision included in the former contract between the Rutland Teachers Association and the former Rutland School Committee and Paragraphs 18.1 and 18.2 of the Regional Agreement, adopted December 20, 1993, forming the Wachusett Regional School District.
3. The District agrees to abide by the disposition of the above referenced matter and pay its share of the above-mentioned terminal benefit as determined by the Court.
4. The parties agree that the provisions of the Rutland Contract noted above were extended by reference in the Bridge Agreement that expired on August 31, 1997. Any active member covered by the terminal provisions of the Rutland Contract as of August 31, 1994 shall also be covered on August 31, 1997. The benefits accrued as of August 31, 1997 shall be the maximum terminal benefit for any member so covered. If the District's share of terminal benefit accrued as of August 31, 1997 exceeds any similar benefit offered through the District upon retirement, the member shall be eligible for the greater of the two benefits, but not both. If the terminal benefit as of August 31, 1997 exceeds the benefit to which all members are entitled that are similarly situated, as of the date of retirement, the Rutland teacher shall be eligible for the greater of the two benefits, but not both. If the value of the terminal benefit due as of August 31, 1997, as communicated to those eligible by letter dated April 3, 1998 (as attached to this agreement), is diminished in value, i.e., through the use of sick time below the accrual as of August 31, 1997, the member may not reclaim such benefit and the new terminal benefit shall be determined at lowest level to which the sick time or other value factor falls. For example, if a member had 150 days accrued as of August 31, 1997 with a commensurate benefit value of \$20,632.50, or 150 days divided by 2 and multiplied by \$275.10, the daily base rate as of August 31, 1997, such accrual was reduced to 100 days through the use of said

days, the maximum terminal benefit would be adjusted to \$13,755.00, or 100 days divided by 2 and multiplied by \$275.10, the daily base rate as of August 31, 1997. If the terminal benefit of August 31, 1997 falls below the benefit to which the employee would be entitled under the Collectively Bargained Agreement between the Wachusett Regional Education Association, Inc. and the Wachusett Regional School District, dated September 1, 1997 the member shall be eligible for the terminal benefits contained therein and not both benefits. For example, if the terminal benefit as of August 31, 1997 is \$20,632.50 and the member of the bargaining unit, if not covered by the Rutland terminal benefit, was eligible for the District benefit of \$4,050, the member at the unit is entitled only to the \$20,632.50 and not both.

5. This agreement shall be non-precedent setting and neither admits nor recognizes any liability of the District in addition to that determined by the Court.

E. Reduction In Force Provision

Members reduced pursuant to the Reduction in Force provisions of this Agreement shall be paid the retirement benefit in full for which they meet the eligibility requirement upon termination of recall rights.

ARTICLE 27 Longevity and Salary

A. Salary Schedule

Members who were hired at the Start Lane (now Master's Lane) and do not acquire a Master's Degree by the time they have attained Step 5 shall remain at Step 5 on Master's Lane until such time as the Master's Degree is completed. The member will then move on the Master's Lane to the step commensurate with their years of service with the District.

1. At the beginning of the 2025-2026 school year, any member with a Master's Degree requiring fifty (50) or more credits will be placed in the M+15 column on the salary grid.
2. At the beginning of the 2025-2026 school year, any member with a Master's Degree requiring sixty (60) or more credits will be placed in the M+30 column.

B. Longevity

1. All members will receive longevity payments in the following manner:
 - Starting in Year 15, your annual longevity payment will be \$3200 in total.
 - Starting in Year 16, your annual longevity payment will be \$4050 in total (\$3200 from Year 15 with an additional \$850).
 - Starting in Year 22, your annual longevity payment will be \$4900 in total (\$4050 from the previous year, with an additional \$850).
 - Starting in Year 30, your annual longevity payment will be \$6150 in total (\$4900 from the previous years, with an additional \$1250).
2. If employed prior to June 20, 1997, years of service for longevity include service within the district and service in another district. If employed after June 20, 1997, years of service for longevity only include service within the district.
3. All unit members employed on or before June 30, 2018 will receive the Year 15 longevity payment of \$3200 beginning in the year following the completion of Step 14. All unit members employed on or after July 1, 2018 will receive the Year 15 longevity payment of \$3,200 beginning in the year following fourteen (14) years of service to the District.

C. The ABA classroom teacher will work a longer day and a longer school year.

1. The work year will be 209 days for PreK-8. Beginning in the 2025-2026 school year, the work year will be 210 days for PreK-8.
2. The work year will be 205 days for high school. Beginning in the 2025-2026 school year, the work year will be 206 days for high school.
3. The work day will be seven hours and thirty-five minutes.
4. The ABA classroom teacher will not work during regularly scheduled school vacations. The teacher will work during the extended year program with two (2) additional preparation days. The teacher will have at least two (2) full weeks of recess during the summer, one week before the start of the extended year and one after the conclusion of the extended year.
5. The ABA teacher will receive a differential of 26.7%.
6. All ABA teachers will receive a total of five (5) personal days.

D. Retirement Compensation

A one-time incentive payment of \$1,000 will be paid to members at the time of retirement if the member submits their intent to retire by November 1st and agrees to remain employed by the District until the end of the school year in which the member plans to retire.

1. An eligible member shall be defined as a person covered by this Agreement who has completed at least fifteen (15) years of service in the bargaining unit as of August 31st immediately following the completion of the school year which the member intends to be their last year of service in the Wachusett Regional School District.
2. In order to receive this amount, the member must complete the entire school year, not return for the next school year, and retire in accordance with the rules and regulations of the MTRS within a reasonable time period.
3. The lump sum amount of one thousand dollars (\$1,000), (less legally required tax withholding) shall be paid to the eligible member under this section. No individual shall be eligible, under any circumstances, to receive this payment more than once.

Procedure

1. An applicant shall declare their intention to participate in this plan by submitting their written intention to retire to the Office of the Superintendent of Schools by November 1st of the school year in which they intend to be their last year of service in the Wachusett Regional Schools.
2. The letter of intent to retire is irrevocable after February 1 unless there are extenuating circumstances. In such cases, the Superintendent of Schools shall have the discretion to waive this restriction. The Superintendent may also waive this restriction if in the Superintendent's sole determination, it would be in the best interest of the District.
3. The retirement incentive shall be paid by the last payroll of the school year, which is the applicant's last year of service in the Wachusett Regional Schools. However, teachers who retire in accordance with this provision shall have the option of receiving the retirement incentive on the first payroll in January following their retirement.

E. Lane Changes/Course Approval

All salary schedule placement changes to a higher level of preparation shall be as of September and February of each year.

1. By January 1st of the school year prior to when a teacher anticipates making an academic achievement wage lane change, the member must provide the Superintendent with written notice of the anticipated change and indicate whether the lane change is anticipated to occur the following September 1st or the following February 1st -- the only two times during the school year when lane changes may occur.
2. Before the lane change may occur, the teacher shall submit an official transcript, or other official documents, as verification of course and degree completion by delivering them to the Superintendent as soon as reasonably possible. For lane changes occurring in September, the verification documents must be submitted by August 31st. For lane changes occurring in February, the verification documents must be submitted no later than January 31st.
3. Lane change verification documentation that is not timely received by one of the two above due dates (August 31st/January 31st) will result in the adjustment becoming effective on the next regularly occurring subsequent adjustment due date (September-February).
4. Requests for lane change advancement, which include courses that have been taken entirely electronically (i.e., via email and/or the Internet), will include documentation that such course(s) were approved by the superintendent or their designee. Failure to include such documentation may result in such course(s) being disallowed by the district. Members of the association will have the right to meet with the superintendent within ten (10) days of written notification that a course has been disallowed to appeal this decision. It is further agreed that the salary placement of new hires will adhere to this protocol. The parties agree that the superintendent maintains the right to make the final decision and this decision is not grievable.
5. In order to advance to a column beyond the Master's, all applicable credits must be earned after the completion of the Master's Degree.
6. A Certificate of Advanced Graduate Study (CAGS) will only be recognized if the program requires at least thirty (30) graduate credits. When a Master's Degree

requires forty-five (45) credits or beyond, a CAGS program of less than 30 credits may be approved by the Superintendent.
